

## ⚠ CAUTION

Be sure to attach the protective cover and fix with the screws.

If the protective cover is not attached, this unit will not turn on.

## ⚠ ATTENTION

Veillez à placer le cache de protection et à fixer avec les vis.

Si le couvercle de protection n'est pas installé, cet appareil ne s'allume pas.

## ⚠ ACHTUNG

Bringen Sie unbedingt die Schutzabdeckung an und befestigen Sie sie mit den Schrauben.

Wenn die Schutzabdeckung nicht angebracht ist, lässt sich das Gerät nicht einschalten.

## ⚠ LET OP

Zorg ervoor dat u de beschermkap bevestigt en vastmaakt met de schroeven.

Als de beschermkap niet is bevestigd, zal deze unit niet ingeschakeld worden.

## ⚠ ATTENZIONE

Assicurarsi di applicare il coperchio di protezione e di fissarlo con le viti.

Se il coperchio di protezione non è applicato, questa unità non si accenderà.

## ⚠ PRECAUCIÓN

Asegúrese de colocar la cubierta protectora y fijarla con los tornillos.

Si la cubierta protectora no está colocada, esta unidad no se encenderá.

## ⚠ ATENÇÃO

Certifique-se de que monta a tampa de proteção e a fixa com os parafusos.

Se a tampa de proteção não estiver colocada, esta unidade não se liga.

## ⚠ ОСТОРОЖНО!

Обязательно установите защитную крышку и закрепите ее винтами.

Если защитная крышка не установлена, устройство не включится.

## ⚠ UWAGA

Pamiętaj, aby założyć pokrywę ochronną i zamocować ją śrubami.

Bez założenia pokrywy ochronnej włączenie tego urządzenia będzie niemożliwe.

## ⚠ POZOR

Nezapomeňte nasadit ochranný kryt a přišroubovat jej.

Pokud ochranný kryt nenasadíte a nepřipevníte, jednotka se nezapne.

## ⚠ VIGYÁZAT

Mindenkorábban helyezze fel a védőburkolatot, és rögzítse a csavarokkal.

Ha a védőburkolatot nem helyezte fel, a készülék nem kapcsol be.

## ⚠ UPOZORNENIE

Nezabudnite pripojiť ochranný kryt a upevniť ho pomocou skrutiek.

Ak sa ochranný kryt nepripojí, táto jednotka sa nezapne.

# DNR1007XR

## GPS NAVIGATION SYSTEM **INSTRUCTION MANUAL**

JVCKENWOOD Corporation

- Updated information (the latest Instruction Manual, system updates, new functions, etc.) is available from  
<<https://www.kenwood.com/cs/ce/>>.
- The Instruction manual is subject to change for modification of specifications and so forth. Be sure to download the latest edition of the Instruction manual for reference.  
<<https://manual.kenwood.com/edition/im403/>>

**Take the time to read through this instruction manual.**

**Familiarity with installation and operation procedures will help you obtain the best performance from your new GPS Navigation System.**

**For your records**

Record the serial number, found on the top of the unit, in the spaces designated on the warranty card, and in the space provided below. Refer to the model and serial numbers whenever you call upon your KENWOOD dealer for information or service on the product.

Model DNR1007XR Serial number \_\_\_\_\_

***US Residence Only***

# Before Use

## Precautions

### ⚠️ WARNINGS

#### ■ To prevent injury or fire, take the following precautions:

- To prevent a short circuit, never put or leave any metallic objects (such as coins or metallic tools) inside the unit.
- Do not watch or fix your eyes on the unit's display when you are driving for any extended period.
- If you experience problems during installation, consult your KENWOOD dealer.

#### ■ Precautions on using this unit

- When you purchase optional accessories, check with your KENWOOD dealer to make sure that they work with your model and in your area.
- You can select a language to display menus, audio file tags, etc. See **System Setup (P.72)**.
- The Radio Broadcast Data System feature won't work in areas where the service is not supported by any broadcasting station.

#### ■ Protecting the monitor

- To protect the monitor from damage, do not operate the monitor using a ball point pen or similar tool with a sharp tip.

#### ■ Cleaning the unit

- If the faceplate of this unit is stained, wipe it with a dry soft cloth such as a silicon cloth. If the faceplate is stained badly, wipe it with a cloth moistened with neutral cleaner, then wipe it again with a clean soft dry cloth.

#### NOTE

- Applying spray cleaner directly to the unit may damage its mechanical parts. Wiping the faceplate with a hard cloth or using a volatile liquid such as thinner or alcohol may scratch the surface or erase the screened print.

#### ■ Acquiring GPS signal

The first time you turn on this unit, you must wait while the system acquires satellite signals for the first time. This process could take up to several minutes. Make sure your vehicle is outdoors in an open area away from tall buildings and trees for fastest acquisition.

After the system acquires satellites for the first time, it will acquire satellites quickly each time thereafter.

#### ■ About GLONASS

This unit uses Global Navigation Satellite System (GLONASS) in addition to GPS.

Combining GPS and GLONASS can refine positioning accuracy than using GPS only.

#### ■ Caution for Smartphone Users

Simultaneously running multiple applications on your smartphone while screen sharing places heavy demand on the microprocessor of the phone, potentially affecting communication and performance.

For best results while pairing with your KENWOOD receiver, please be sure to close any unused applications.

## Safety Precautions and Important Information

Read this information carefully before starting to operate the KENWOOD Car Navigation System and follow the instructions in this manual. Neither KENWOOD nor Garmin shall be liable for problems or accidents resulting from failure to observe the instructions in this manual.

### ⚠ WARNING

**Failure to avoid the following potentially hazardous situations could result in an accident or collision resulting in death or serious injury.**

When navigating, carefully compare information displayed on the navigation system to all available navigation sources, including information from street signs, visual sightings, and maps. For safety, always resolve any discrepancies or questions before continuing navigation.

Always operate the vehicle in a safe manner.

Do not become distracted by the navigation system while driving, and always be fully aware of all driving conditions. Minimize the amount of time spent viewing the screen of the navigation system while driving, and use voice prompts when possible.

Do not enter destinations, change settings, or access any functions requiring prolonged use of the navigation system controls while driving. Stop your vehicle in a safe and legal manner before attempting such operations.

Keep the system volume at a low enough level to be able to hear outside noises while driving. If you can no longer hear outside noises, you may be unable to react adequately to the traffic situation. This may cause accidents.

The navigation system will not display the correct current position of the vehicle the first time it is used after purchase, or if the vehicle battery is disconnected. GPS satellite signals will soon be received, however, and the correct position will be displayed.

Be careful of the ambient temperature. Using the navigation system at extreme temperatures can lead to malfunction or damage. Also note that the unit can be damaged by strong vibration, by metal objects, or by water getting inside the unit.

### ⚠ CAUTION

Failure to avoid the following potentially hazardous situations may result in injury or property damage.

The navigation system is designed to provide you with route suggestions. It does not reflect road closures or road conditions, weather conditions, or other factors that may affect safety or timing while driving.

Use the navigation system only as a navigational aid. Do not attempt to use the navigation system for any purpose requiring precise measurement of direction, distance, location, or topography.

The Global Positioning System (GPS) is operated by the United States government, which is solely responsible for its accuracy and maintenance. The government system is subject to changes that could affect the accuracy and performance of all GPS equipment, including the navigation system. Although the navigation system is a precision navigation device, any navigation device can be misused or misinterpreted and, therefore, become unsafe.

## ■ IMPORTANT INFORMATION

### **Vehicle Battery Preservation**

This navigation system can be used when the ignition key is turned to ON or ACC. To preserve the battery, however, it should be used with the engine running whenever possible. Using the navigation system for a long time with the engine switched off can cause the battery to run down.

### **Map Data Information**

One of the goals of Garmin is to provide customers with the most complete and accurate cartography that is available to us at a reasonable cost. We use a combination of governmental and private data sources, which we identify in product literature and copyright messages displayed to the consumer. Virtually all data sources contain some inaccurate or incomplete data. In some countries, complete and accurate map information is either not available or is prohibitively expensive.

## How to read this manual

- The screens and panels shown in this manual are examples used to provide a clear explanation of operations.  
For this reason, they may be different from the actual screens or panels, or some display patterns may be different from the actual ones.
- **Display language:** English is used for the purpose of explanation. You can select a display language from the **SETUP** menu. See **System Setup (P.72)**.

# Basic Operations

## Functions of the Buttons on the Front Panel

Number	Name	Motion
1	Remote Sensor	<ul style="list-style-type: none"> <li>• Receives the remote control signal.</li> </ul>
2	HOME/⌚	<ul style="list-style-type: none"> <li>• Displays the HOME screen (P.11).</li> <li>• Pressing for 1 second turns the power off.</li> <li>• When the power is off, turns the power on.</li> </ul>
3	NAV/CAMERA	<ul style="list-style-type: none"> <li>• Displays the navigation screen.</li> <li>• While a navigation application is active on the device being used as the Apple CarPlay or Android Auto source, displays the Apple CarPlay or Android Auto source screen.</li> <li>• Pressing and holding switches view camera display on/off. The camera whose view is displayed first changes according to the Camera Assignment Settings (P.64) and the shift lever position in the shift gate. The camera whose view was displayed last is kept and the same camera view will be displayed the next time. If its assignment setting is changed, the rear camera view is displayed.</li> </ul>
4	MENU/ATT	<ul style="list-style-type: none"> <li>• Displays the popup menu screen.</li> <li>• Pressing for 1 second switches attenuation of the volume on/off.</li> </ul>
5	Volume knob	<ul style="list-style-type: none"> <li>• Adjusts the volume. (P.10)</li> </ul>
6	≡	<ul style="list-style-type: none"> <li>• Displays the APP (Apple CarPlay/Android Auto/Wireless Mirroring) screen.</li> <li>• While the APP screen is displayed, switches to the control screen of current source.</li> </ul>
7	VOICE	<ul style="list-style-type: none"> <li>• Switches the voice recognition function on/off. See (P.24, 26, 59).</li> <li>• When neither Apple CarPlay, Android Auto, nor a Bluetooth Hands-Free phone is connected, pressing and holding displays Bluetooth pairing waiting dialog. (P.52)</li> </ul>

Number	Name	Motion
<b>8</b>	SD card slot	<ul style="list-style-type: none"><li>• A slot to insert an SD card.</li><li>• You can play audio/visual files in the card. <sup>*1</sup></li><li>• An SD card slot for upgrading the map. For how to upgrade the map, refer to the instruction manual of the navigation system. <sup>*2</sup></li><li>• *1 If the map update file remains in the SD card, you cannot play audio/visual files.</li><li>• *2 The system of the unit is rebooted after inserting/removing the MAP SD.</li></ul>

## Turning on the Unit

### 1 Press the **HOME/⌚** button.

► The unit is turned on.

### ● To turn off the unit:

### 1 Press the **HOME/⌚** button for 1 second.

#### NOTE

- If it is your first time to turn the unit on after installation, it will be necessary to perform Initial SETUP (**P.9**).

## Initial Settings

### Initial SETUP

Perform this setup when you use this unit first time.

#### 1 Set each item as follows.

#### ■ Locale

Select the country for the navigation system. The language, the distance unit, and the gasoline unit are set.

- ① Touch **Locale**.
- ② Select the desired country.

#### ■ Language

Select the language used for the control screen and setting items. Default is "American English(en)".

- ① Touch **Language**.
- ② Touch **Language Select**.
- ③ Select the desired language.
- ④ Touch .

For details, see **System Setup (P.72)**.

#### ■ Display & Button

Set the button illumination color.

- ① Touch **Display & Button**.
- ② Touch **Button Illumination Color**.
- ③ Select the desired color.
- ④ Touch .

For details, see **Display & Button Setup (P.70)**.

#### ■ Camera

Set the parameters for the camera.

- ① Touch **Camera**.
- ② Set each item and touch .

For details, see **Camera Setup (P.63)**.

#### ■ OEM SETUP

This function requires a commercial adaptor. Consult your KENWOOD dealer for details.

#### ■ DEMO

Set the demonstration mode. Default is "ON".

#### 2 Touch **Finish**.

#### NOTE

- These settings can be made from the SETUP menu. See **Setup (P.68)**.

### Calendar/clock settings

#### 1 Press the **HOME/⌚** button.

#### 2 Touch .

#### 3 Touch **SETUP**.

► SETUP Menu screen appears.

#### 4 Touch **System**.

► System setting menu appears.

#### 5 Set each item as follows.

Scroll the page to show hidden items.

#### ■ Time Format

Select the time display format.

**12-Hour** (Default)/**24-Hour**

#### ■ Clock

**NAV-SYNC** (Default): Synchronizes the clock time with navigation GPS data.

**Manual**: Set the clock manually.

## Basic Operations

### ■ Time Zone

If you have selected **Manual** for Clock, select the time zone.

### ■ Clock Adjust

If you select **Manual** for Clock, adjust the date and time manually. (P.10)

#### NOTE

- Please set the date and time. If they are not set, some functions may not work.

## Adjust the date and time manually

**1** Touch **Clock** in the System setting menu.

**2** Select **Manual**.

**3** Touch **Time Zone** in the System setting menu.

**4** Select the time zone.

**5** Touch **Clock Adjust** in the System setting menu.

**6** Adjust the date, then adjust the time.

**7** Touch **Set**.

## Adjusting the volume

You can adjust the volume (0 to 40).

Turn the knob clockwise to increase, and counter-clockwise to decrease.

## Touch screen operations

To perform operations on the screen, you need to touch, touch and hold, flick or swipe to select an item, display a setting menu screen or change pages.

### ● Touch

Touch the screen gently to select an item on the screen.

### ● Touch and hold

Touch the screen and keep your finger in place until the display changes or a message is displayed.

### ● Flick

Slide your finger quickly to the left or right on the screen to change the page. You can scroll a list screen by flicking up/down on the screen.

### ● Swipe

Slide your finger up or down on the screen to scroll the screen.

## HOME screen descriptions

Most functions can be performed from the HOME screen.

- 1** • Widget (P.20)
- 2** • Displays the source selection screen. (P.12)
- 3** • Displays the SETUP Menu screen. (P.68)
- 4** • Short-cut playback source icons (P.13)

### NOTE

- The speed limit feature is for information only and does not replace your responsibility to abide by all posted speed limit signs and to use safe driving judgment at all times.
- Garmin and JVCKENWOOD Corporation will not be responsible for any traffic fines or citations you receive for failing to follow all applicable traffic laws and signs.

## Display the HOME screen

- 1** Press the HOME/⊖ button.

► HOME screen appears.

## Popup menu

- 1** Press the MENU / ATT button.  
► Popup menu appears.

- 2** Touch to display the popup menu.

The contents of the menu are as follows.

	• Displays the Screen Adjustment screen. (P.68)
	• Turns the display off. (P.12)
	• Displays the view camera screen. (P.63)
	• Displays the SETUP Menu screen. (P.68)
	• Displays the Audio screen. (P.74)
	• Displays the control screen of current source. Icon feature differs depending on the source. This icon is for USB source.
	• Close the popup menu.
<b>1</b>	• Short-cut source icons: The source changes to the one you have set with a short-cut. For the short-cut setting, refer to <b>Customize Short-cut source icons (P.13)</b> .
	• Displays the Device List screen. (P.52)

### Turn off the screen

#### 1 Select Display OFF on the popup menu.

#### NOTE

- Touch the display to turn on the screen.
- To display the clock while the screen is off, it is necessary to set "OSD Clock" to "ON". (P.70)

### Source selection screen description

You can display icons of all playback sources and options on the source selection screen.

<b>1</b>	• Changes playback sources. For playback sources, see <b>Select the playback source (P.12)</b> .
<b>2</b>	• Changes pages. (Touch <b>◀ / ▶</b> ) You can also change pages by flicking left or right on the screen.
<b>3</b>	• Returns to the previous screen.
<b>4</b>	• Displays the SETUP Menu screen. (P.68)

### Select the playback source

#### 1 Press the **HOME** / **⌚** button.

▶ HOME screen appears.

#### 2 Touch **GridLayout**.

From the screen, you can select the following sources and functions.

	• Displays the navigation screen. (P.15)
	• Switches to the Apple CarPlay screen from the connected iPhone. (P.22)
	• Switches to the Android Auto screen from the connected Android smartphone. (P.24)
	• Displays the Hands-Free screen. (P.57) When neither Apple CarPlay, Android Auto, nor a Bluetooth Hands-Free phone is connected, displays Bluetooth pairing waiting dialog.*1 (P.52)
	• Switches to the Wireless Mirroring screen from the connected Android smartphone. (P.22)
	• Switches to the HD Radio broadcast. (P.34)
	• Switches to the SiriusXM® satellite radio broadcast. (P.39)
	• Plays a Bluetooth audio player. (P.55)
	• Plays an iPod/iPhone. (P.31)
	• Plays files on a USB device. (P.27)
	• Plays files on an SD card. (P.27)
	• Plays a device connected to the HDMI input terminal. (P.67)
	• Switches to an external component connected to the AV Audio input and the Video input terminal.*2 *3 (P.66)
	• Puts the unit in standby. (P.13)

• For sources and information displayed when an iDatalink is connected, see **OEM Features Operation (P.67)**.

- \*1 When connecting as Apple CarPlay or Android Auto, it works as a phone provided in Apple CarPlay or Android Auto. If Apple CarPlay or Android Auto are connected during talking by the Bluetooth device or iDatalink phone, the current call will be continued.
- \*2 You can use the **AV-IN** source when a cable from a visual source except a camera is connected to the Video input terminal, and a cable is connected to the AV Audio input terminal. (P.98)
- \*3 Set "VIDEO IN" to "None" in Camera Assignment Settings. (P.64)

## Put the unit in standby

- 1 Press the **HOME/⌚** button.

► HOME screen appears.

- 2 Touch .

- 3 Touch **STANDBY**.

## Customize Short-cut source icons

You can arrange the positions of the source icons as you like.

The 4 items placed in bottom line will appear on the bottom bar in various screens, as the short-cut playback source icons.

- 1 Press the **HOME/⌚** button.

► HOME screen appears.

- 2 Touch .

- 3 Touch and hold the icon which you want to move in the customizing mode.

- 4 Drag the icon to the desired position.

Changes the page

### Source control screen descriptions

There are some functions which can be performed from most screens.

1 Displays the source selection screen. (P.12)

2 Displays the SETUP Menu screen. (P.68)

#### 3 Short-cut source icons

The source changes to the one you have set with a short-cut. For the short-cut setting, refer to **Customize Short-cut source icons (P.13)**.

#### 4 Function panel \*

Touch the right side of the screen to display the function panel. Touch again to close the panel.

Connected Bluetooth device information.

#### 5 Indicator items

Displays the current source condition and so on.

- **ATT**: The attenuator is active.
- **DUAL**: The dual zone function is active.
- **MUTE**: The mute function is active.
- **LOUD**: The loudness control function is active.

#### 6 Content list \*

Displays the track/file/station/channel list.

#### 7 Operation keys

You can operate the current source with these operation keys. The available functions are different depending on the source type.

\* For right hand drive vehicles, the left and right drawers are swapped. For how to set up the driving position, see **User Interface Setup (P.71)**.

### List screen

There are some common function keys in the list screens of most sources. See (P.29, 33, 56).

#### Display the list screen

##### For USB/SD/iPod:

- 1 Touch Q, or the item listed on the information area in the source control screen.

► The list screen appears.

##### For Bluetooth audio:

- 1 Touch Q.

► The list screen appears.

You can use following operation keys from this screen.

1 Displays the list type selection window.

2 Displays a music/movie file list.

**3**  Play etc.

Keys with various functions are displayed here.

-  Play: Plays all tracks in the folder containing the current track.
-  A-Z: Jumps to the letter you entered (alphabetical search).
-  Top : Moves to the upper hierarchy level.

**4**  Text scroll

Scrolls the displayed text.

**5**  /  /  /  Page scroll

You can change pages to display more items by touching  / .

-  / : Displays the top or bottom page.

**6**  Return

Returns to the previous screen.

**NOTE**

- Depending on the current source or mode, some function key may not appear.

## Navigation Operation

For details on the navigation function, please refer to the Navigation Instruction Manual.

### Display the navigation screen

**1** Press the NAV / CAMERA button.

► The navigation screen appears.

**2** Touch .

► Main Menu screen appears.

## How to Use the Navigation System

**1** Operate the desired function from the Main Menu screen.

**1** GNSS signal status.

**2** Finds a destination.

**3** Views the map.

**4** Uses the Apps such as ecoRoute™ and Help.

**5** Adjusts the settings.

**NOTE**

- You can get additional information about using the navigation system from Help. To display Help, touch **Apps** and then touch **Help**.

**NOTE**

- For more information about your navigation system, download the latest version of the Owner's Manual from <https://manual.kenwood.com/edition/im403/>

**2** Enter your destination and start the guidance.

Finding points of interest

- ① Touch **Where To?**.
- ② Select a category and a subcategory.
- ③ Select a destination.
- ④ Touch **Go!**.

### NOTE

- To enter letters contained in the name, touch the Search bar and enter the letters.

## 3 Follow your route to the destination.

### NOTE

- The speed limit icon feature is for information only and does not replace the driver's responsibility to abide by all posted speed limit signs and to use safe driving judgment at all times. Garmin and JVCKENWOOD Corporation will not be responsible for any traffic fines or citations that you may receive for failing to follow all applicable traffic laws and signs.

Your route is marked with a magenta line. As you travel, your navigation system guides you to your destination with voice prompts, arrows on the map, and directions at the top of the map. If you depart from the original route, your navigation system recalculates the route.

1	Views the Next Turn page or the junction view page, when available.
2	Views the Turn List page.
3	Views the Where Am I? page.
4	Stops the current route.
5	Displays traffic information on the route.
6	Returns to the Main menu.
7	Data field. Touch to display a different data field.
8	Vehicle speed. Touch to display a trip information.
9	Displays more options.

### NOTE

- Touch and drag the map to view a different area of the map.
- A speed limit icon could appear as you travel on major roadways.

### ● Adding a stop

- ① While navigating a route, touch and then touch **Where To?**.
- ② Search for the extra stop.
- ③ Touch **Go!**.
- ④ Touch **Add to Active Route** to add this stop before your final destination.

### ● Taking a detour

- ① While navigating a route, touch .
- ② Touch .

### ■ Manually avoiding traffic on your route

- ① From the map, touch .
- ② Touch **Traffic On Route**.
- ③ If necessary, touch the arrows to view other traffic delays on your route.
- ④ Touch > **Avoid**.

### ■ Viewing the traffic map

The traffic map shows color-coded traffic flow and delays on nearby.

- ① From the map, touch .
- ② Touch **Traffic Conditions**.

### ■ About traffic

- Traffic service is not available in some areas or countries.
- Garmin and JVCKENWOOD Corporation are not responsible for the accuracy or timeliness of the traffic information.
- You can receive INRIX traffic information and weather forecast by connecting your iPhone or Android smartphone in which the "KENWOOD Traffic Powered By INRIX" application is installed.  
For details, see "KENWOOD Traffic Powered By INRIX" application.

## ■ Updating maps

You can purchase updated map data from Garmin.

- ① Go to <https://kenwood.garmin.com/kenwood/site>
- ② From the Map Updates section, select Update
- ③ Follow the on-screen instructions.

### NOTE

- After you update map data for the first time, you can use an SD card and the Garmin Express™ application to perform future map updates.

## Bottom bar on the navigation screen descriptions

There are some functions which can be performed from the navigation screen.

1	• Displays the source selection screen. (P.12)
2	• Displays the SETUP Menu screen. (P.68)
3	• Displays the control screen of current source.
4	• Displays the telephone function screen. When neither Apple CarPlay, Android Auto, nor a Bluetooth Hands-Free phone is connected, displays Bluetooth pairing waiting dialog. (P.52)

## Navigation Setup

**1** Touch  on the navigation screen.

**2** Touch **SETUP**.

► SETUP Menu screen appears.

**3** Touch **Navigation**.

► Navigation setting menu appears.

**4** Set each item as follows.

### ■ NAV Mute (2-way speaker system only)

Mutes the volume of rear speakers during voice guidance of the navigation system. Default is "ON".

### ■ NAV Interrupt Speaker

Selects speakers used for voice guidance of the navigation system.

- **Front L**: Uses the front left side speaker for voice guidance.
- **Front R**: Uses the front right side speaker for voice guidance.
- **Front All** (Default): Uses both front speakers for voice guidance.

### ■ NAV Voice Volume

Adjusts the volume for voice guidance of the navigation system. Default is "24".

## KENWOOD Traffic Powered By INRIX

You can receive INRIX traffic information and weather forecast by connecting your iPhone or Android smartphone in which the "KENWOOD Traffic Powered By INRIX" application is installed to this unit.

### Preparation

- Install the latest version of the KENWOOD Traffic Powered By INRIX application on your iPhone or Android smartphone.
  - iPhone: Search for "KENWOOD Traffic Powered By INRIX" in the Apple App Store to find and install the most current version.
  - Android smartphone: Search for "KENWOOD Traffic Powered By INRIX" in Google play to find and install the most current version.
- For details, see "KENWOOD Traffic Powered By INRIX" application.

### 3 Touch .

► Main Menu screen appears.

Touch **Apps** on the Main Menu screen and then an icon of your desired content.

For details, see Navigation system manual.

### 1 Connect the device.

- To connect a device via Bluetooth, register it as the Bluetooth device and do the App (SPP) profile setting of the connection beforehand. See **Register the Bluetooth device (P.52)** and **Switch the connected device (P.53)**.
- Connect an iPhone using KCA-iP103 via the USB terminal. **(P.100)**

### NOTE

- When an Apple CarPlay is connected, you can receive INRIX traffic information and weather forecast.

### 2 Press the **NAV / CAMERA** button.

► The navigation screen appears.

## Alert Message

This function is to receive alert messages. First, you need to turn on the "Emergency Alerts" on the HD Radio source control screen. (P.35)

### When an Alert Message comes

- 1** • The alert message is erased. Same alert message cannot be displayed for next 10 minutes.
- 2** • The alert message is erased. Same alert message cannot be displayed for next 12 hours.
- 3** • Touch to tune to that channel of HD Radio source.

## Display of the received Alert Message

You can read the received alert message afterward.

- 1** Touch  on the right side of the HD Radio source control screen.

Touch **Alert Message Log**.

- 2** Select the desired Alert Message from the list.

► The Alert Message appears.

- 3** Touch **Close**.

# Widget

## Widget

- 1 Press the **HOME/⌚** button.
- 2 You can change the widget or customize the widget area.

### 1 Full screen widget panel

You can change the full screen panel widget by flicking left or right on the widget panel. The widget is switched in the following sequence: Garmin Map, Album Art, Visualizer, Photo Frame.

### 2 Flexible source widget panel

- Displays the current source information and operation keys.
- While playing an audio source, you can switch the widget panel size between 2-line and 4-line by touching the right top corner of the widget panel.
- (SD/USB/HDMI/AV-IN/Wireless Mirroring source only): Displays the source control screen.
- (HDMI/AV-IN/Wireless Mirroring source only): Switches the widget panel orientation between horizontal and vertical.

### 3 Drive widget panel

You can change the drive panel widget by touching the right top corner of the widget panel. (P.20)

#### Photo Frame Widget

You can display a slideshow of the image files stored in your iPhone or Android smartphone.

#### Preparation

- See **Importing Image Files** (P.21).

## Drive Widget Panel

You can change the widget.

- 1 Press the **HOME/⌚** button.
- 2 Touch the right top corner of the drive widget panel.

► The drive widget list appears.

### 3 Touch the desired widget.

You can select from the following widgets.

- Clock Widget
- Weather Widget <sup>\*1</sup>
- Compass Widget <sup>\*2</sup>
- EQ Setting Widget
- Camera Widget
- Climate/TPMS/Radar Widget <sup>\*3</sup>
- ADAS Widget <sup>\*3</sup>

<sup>\*1</sup> You can receive INRIX weather forecast by connecting your iPhone or Android smartphone in which the "KENWOOD Traffic Powered By INRIX" application is installed.

<sup>\*2</sup> The Turn by Turn function is displayed during the guidance of the navigation system.

<sup>\*3</sup> Displayable widgets vary depending on the type of the connected iDatalink (commercially available) and the model of the vehicle.

#### ● To change the widget position

You can change the widget panel position to right or left. If the drive widget panel position is changed, the full screen widget panel position and flexible source widget panel position are also changed.

**1 Touch and hold the drive widget panel.**

- Widget customize mode is activated.

**2 Drag the drive widget to right or left.**

**Weather Widget**

You can display the weather forecast of the present location.

**Preparation**

- See **KENWOOD Traffic Powered By INRIX (P.18)**.

**Importing Image Files**

You can display image files stored in your iPhone or Android smartphone by connecting your iPhone or Android smartphone in which the "KENWOOD Portal APP" application is installed to this unit.

The image files are displayed on the photo frame widget. Also, you can set an image as the wallpaper.

See **Photo Frame Widget (P.20)** and **To register an original image (P.71)**.

**Preparation**

- Install the latest version of the "KENWOOD Portal APP" application on your iPhone or Android smartphone.
  - iPhone: Search for "KENWOOD Portal APP" in the Apple App Store to find and install the most current version.
  - Android smartphone: Search for "KENWOOD Portal APP" in Google play to find and install the most current version.
- For details, see "KENWOOD Portal APP" application.

**1 Connect the device.**

- To connect a device via Bluetooth, register it as the Bluetooth device and do the App (SPP) profile setting of the connection beforehand. See **Register the Bluetooth device (P.52)** and **Switch the connected device (P.53)**.
- Connect an iPhone using KCA-iP103 via the USB terminal. **(P.100)**

**2 Unlock your device.**

# APPS

## Wireless Mirroring Operation

You can display the same screen of the Android smartphone on the monitor of the unit using the Wireless Mirroring function of the Android smartphone.

### Preparation

- You can use the Wireless Mirroring function with Android smartphones compatible with this function.
- This function may be called Wireless Display, Screen Mirroring, AllShare Cast, etc., depending on the manufacturer.
- The settings on the Android smartphone differ depending on the device type. For details, refer to the instruction manual supplied with your Android smartphone.
- If your Android smartphone is locked, Mirroring screen may not appear.
- If the Android smartphone is not ready for UIBC, you cannot perform touch operation.

- 1 Press the **HOME/** button.
- 2 Touch .
- 3 Touch **Wireless Mirroring**. (P.12)
  - The App screen is displayed.
- 4 Operate your Android smartphone to activate the Wireless Mirroring function, then connect to this unit.
- 5 Select ("DNR1007XR") as the network to use.
  - When the connection is established, then the same screen displayed on the Android smartphone is displayed.

### NOTE

- Apps is discontinued when the power is turned ON/OFF or you leave the vehicle. To restart Apps, operate the Android smartphone.
- When the Apps source is displayed, you cannot register or reconnect a Bluetooth device. Switch the Apps source to another source, and then operate the Bluetooth device.

## Apple CarPlay Operation

Apple CarPlay is a smarter, safer way to use your iPhone in the car. Apple CarPlay takes the things you want to do with iPhone while driving and displays them on the screen of the product. You can get directions, make calls, send and receive messages, and listen to the music from iPhone while driving. You can also use Siri voice control to make it easier to operate iPhone.

For details about Apple CarPlay, visit <https://www.apple.com/ios/carplay/>.

### Compatible iPhone devices

You can use Apple CarPlay with the following iPhone models.

• iPhone XS Max	• iPhone 7 Plus
• iPhone XS	• iPhone 7
• iPhone XR	• iPhone SE
• iPhone X	• iPhone 6s Plus
• iPhone 8 Plus	• iPhone 6s
• iPhone 8	

## Connecting an iPhone

### Wired connection

- 1 Connect your iPhone using KCA-iP103 via the USB terminal. (P.100)
 

When an iPhone compatible with Apple CarPlay is connected to the USB terminal, the Bluetooth Hands-Free phone currently connected is disconnected. If another Bluetooth Hands-Free phone is being used, disconnection will occur after ending the call.
- 2 Unlock your iPhone.

## Wireless connection

You can select the iPhone registered in **Device List** and use it as the Apple CarPlay device. See **Register the Bluetooth device (P.52)**.

### NOTE

- Turn on the Bluetooth function and Wi-Fi function of an iPhone.
- If two or more iPhone have been registered, select the iPhone to be used as the **Apple CarPlay** source. (P.23)
- It is necessary to connect the GPS antenna in order to use a wireless Apple CarPlay.
- When the Wi-Fi connection becomes unavailable, the HOME screen is displayed.
- You cannot use Apple CarPlay if the function is turned off by operating the iPhone at functional setup.

## To switch the Current Screen to the Apple CarPlay Screen When Connecting Your iPhone

- Touch **Apple CarPlay** icon on the source selection screen. (P.12)
- Touch the following connection message if the message appears.

### NOTE

- The connection message appears when;
  - The iPhone you used previously is connected again.
  - The screen other than HOME and the source selection screen is displayed.
- The connection message is displayed for about 5 seconds.

## Select an Apple CarPlay device

If two or more iPhone compatible with Apple CarPlay have been registered, select the iPhone to be used as the Apple CarPlay source. See **Switch the connected device (P.53)**.

## Operation keys and available Apps on the home screen of Apple CarPlay

You can use the Apps of the connected iPhone.

The items displayed and the language used on the screen differ among the connected devices.

To enter the Apple CarPlay mode, touch **Apple CarPlay** icon on the source selection screen. (P.12)

- Displays the home screen of Apple CarPlay.
- Touch and hold to activate Siri.

## Application keys

Starts the application.

Exits the Apple CarPlay screen and displays the Home screen.

\* The icon design may change depending on the iOS version.

## To exit the Apple CarPlay screen

- 1 Press the **HOME** / button.

## ■ Use Siri

You can activate Siri.

### 1 Press the **VOICE** button.

### 2 Talk to Siri.

#### **To deactivate**

### 1 Press the **VOICE** button.

## ■ Switch to the Apple CarPlay screen while listening to another source

### 1 Press the **■■** button.

#### **NOTE**

- When listening to another source with the Apple CarPlay screen displayed, playing music in the Apple CarPlay mode will switch the current source to the Apple CarPlay source.

## Android Auto™ Operation

Android Auto enables you to use the functions of your Android smartphone convenient for driving. You can easily access route guidance, make calls, listen to music, and access convenient functions on the Android smartphone while driving.

For details about Android Auto, visit <https://www.android.com/auto/> and <https://support.google.com/androidauto>.

#### **Compatible Android smartphones**

You can use Android Auto with Android smartphones of Android version 5.0 or later. For Wi-Fi connection, Android 8.0 or later.

#### **NOTE**

- Android Auto may not be available on all devices and may not be available in all countries or regions.

#### **● About the placement of smartphone**

Install the smartphone connected as Android Auto device in the place where it can receive the GPS signals.

When using Google Assistant, install the smartphone in the place where the smartphone easily catch a voice by the microphone.

#### **NOTE**

- Do not put the smartphone in a spot exposed to direct sunlight or near an air blowing out port of an air conditioner. The placement of the smartphone in such places can lead to malfunction or damage of your smartphone.
- Do not leave the smartphone in the vehicle.

## ■ Connect Android smartphone

### Wired connection

#### 1 Connect an Android smartphone via the USB terminal. (P.100)

To use the Hands-Free function, connect the Android smartphone via Bluetooth. When an Android smartphone compatible with Android Auto is connected to the USB terminal, the device is connected via Bluetooth automatically, and the Bluetooth Hands-Free phone currently connected is disconnected.

#### 2 Unlock your Android smartphone.

#### 3 Press the **HOME**/**⊕** button.

#### 4 Touch .

#### 5 Touch **Android Auto**. (P.12)

### Wireless connection

You can select the Android smartphone registered in **Device List** and use it as the Android Auto device. See **Register the Bluetooth device (P.52)**.

#### 1 Press the **HOME**/**⊕** button.

#### 2 Touch .

#### 3 Touch **Android Auto**. (P.12)

#### NOTE

- Turn on the Bluetooth function and Wi-Fi function of Android smartphone.
- If two or more Android smartphones have been registered, select the Android smartphone to be used as the Android Auto source. (P.25)
- To change the password for wireless connection manually, refer to **Reset Android Auto Wireless Connection (P.69)**.
- When the Wi-Fi connection becomes unavailable, the HOME screen is displayed.

## ■ Select an Android smartphone

If two or more Android smartphones have been registered, select the Android smartphone to be used as the Android Auto source. See **Switch the connected device (P.53)**.

## ■ Operation keys and available Apps on the Android Auto screen

You can perform the operations of the Apps of the connected Android smartphone.

The items displayed on the screen differ among the connected Android smartphones.

To enter the Android Auto mode, touch the **Android Auto** icon on the source selection screen. (P.12)

#### 1 Navigation bar

Starts the application or displays information.

### To exit the Android Auto screen

#### 1 Press the **HOME**/**⊕** button.

## ■ Using voice control

1 Press the **VOICE** button.

2 Start speaking.

### NOTE

- When you press and hold the **VOICE** button while inputting voice, you can start over from the beginning.

### To cancel

1 Press the **VOICE** button.

## ■ Switch to the Android Auto screen while listening to another source

1 Press the **■■** button.

### NOTE

- When listening to another source with the Android Auto screen displayed, playing music in the Android Auto mode will switch the current source to the Android Auto source.

# USB/SD

## Connecting a USB device

1 Connect the USB device with the USB cable. (P.99)

2 Press the **HOME/** button.  
 3 Touch .  
 4 Touch **USB**. (P.12)

### Disconnect the USB device

1 Press the **HOME/** button.  
 2 Touch a source other than **USB**.  
 3 Detach the USB device.

### Usable USB device

You can use a mass-storage-class USB device with this unit.

The word "USB device" appearing in this manual indicates a flash memory device.

#### About the file system

The file system should be the one of the following.

- FAT16
- FAT32
- exFAT
- NTFS

#### NOTE

- Install the USB device in the place where it will not affect safe driving.
- You cannot connect a USB device via a USB hub and Multi Card Reader.
- Take backups of the audio files used with this unit. The files can be erased depending on the operating conditions of the USB device.  
We shall have no compensation for any damage arising from any erased data.

## Inserting the SD

1 Tilt the panel toward you manually.

2 Insert the SD card into the slot until it clicks.

3 Close the panel.  
 4 Press the **HOME/** button.  
 5 Touch .  
 6 Touch **SD**. (P.12)

### Remove the SD card

1 Press the **HOME/** button.  
 2 Touch a source other than **SD**.  
 3 Tilt the panel toward you manually.  
 4 Push the SD card until it clicks and then remove your finger from the card. The card pops up so that you can pull it out with your fingers.  
 5 Close the panel.

### Usable SD card

The unit is capable of playback of SD/SDHC/SDXC memory cards complying with the SD, SDHC or SDXC standard. A special adapter is required to use a miniSD card, miniSDHC card, microSD card, microSDHC, or microSDXC card. The MultiMedia Card (MMC) cannot be used.

## USB/SD Basic Operation

Most functions can be controlled from the source control screen and playback screen.

### NOTE

- Set the remote controller mode switch to AUD mode before starting operation, see **Switch the operation mode (P.86)**.

### Control screen

### Open the drawer

### 1 CODEC

When a high-resolution source is played, its format information is displayed.

### 2 Operation keys

- 1** : Searches track/file. For details on search operation, see **Search Operation (P.29)**.
- 2** : Searches the previous/next track/file. Touch and hold to fast forward or fast backward. (It will be cancelled automatically after about 50 seconds.)
- 3** : Plays or pauses.
- 4** : Displays the Graphic Equalizer screen. (P.76)

- 5** : Repeats the current track/folder. Each time you touch the key, repeat modes are switched in the following sequence: File repeat ( ), Folder repeat ( ), Repeat all ( ).

- 6** : Randomly plays all tracks in the current folder. Each time you touch the key, random modes are switched in the following sequence: Folder random ( ), Random off ( ).

### 3 Content list

- Touch the left side of the screen to display the Content list. Touch again to close the list.
- Displays the playing list. When you touch a track/file name on the list, playback will start.

### 4 Track information

Displays the information on the current file. Only a file name and a folder name are displayed if there is no tag information.

### 5 Play mode indicator/Playing time

- 7** : Current play mode indicator. Meanings of individual icons are as follows: ► (play), ►► (fast forward), ◀◀ (fast backward), II (pause).
- For confirmation of current playing position. You can drag the circle left or right to change the playing position.

### 6 Function panel

Touch the right side of the screen to display the function panel. Touch again to close the panel.

- 5** : Searches for the previous/next folder.

### 7 Artwork

The jacket of the currently playing file is displayed.

**Video screen****8 File search area (Video file only)**

Touch to search for the next/previous file.

**9 Key display area (Video file only)**

Touch to display the control screen.

**Search Operation**

You can search music or video files by the following operations.

**1** Touch .

**2** Touch .

**3** Select a list type.

**NOTE**

- For operations on the list screen, see **List screen (P.14)**.

**Category search**

You can search for a file by selecting a category.

**1** Touch **Category List**.

**2** Select whether you search audio files  or video files .

**3** Touch the desired category.

➤ The list corresponding to your selection appears.

**4** Touch to select the desired item in the list. Repeat this step until you find the desired file.

## ■ **Link search (Audio file only)**

You can search for a file of the same artist/album/genre as that in the current track.

- 1 Touch **Link Search**.
- 2 Touch the desired tag type. You can select from artists, albums and genres.

► The list corresponding to your selection appears.

- 3 Touch the desired item in the content list.

## ■ **Folder search**

You can search for a file according to hierarchy.

- 1 Touch **Folder List**.
- 2 Touch the desired folder.

When you touch a folder its contents are displayed.

- 3 Touch to select your desired item in the list. Repeat this step until you find the desired file.

# iPod/iPhone

## Preparation

### Connectable iPod/iPhone

The following models can be connected to this unit.

Made for

- iPhone XS Max
- iPhone 7 Plus
- iPhone XS
- iPhone 7
- iPhone XR
- iPhone SE
- iPhone X
- iPhone 6s Plus
- iPhone 8 Plus
- iPhone 6s
- iPhone 8
- iPod touch (6th generation)

#### NOTE

- Latest compatible list of iPod/iPhone. For details, see [www.kenwood.com/cs/ce/ipod](http://www.kenwood.com/cs/ce/ipod).
- By connecting your iPod/iPhone to this unit with the iPod connection cable KCA-iP103 (optional accessory), you can supply power to your iPod/iPhone as well as charge it while playing music. Note that the power of this unit must be held on.
- If you restart playback after connecting the iPod, the music that has been played by the iPod is played first.

**1** Connect the iPod/iPhone using the KCA-iP103. (P.100)

**2** Press the **HOME/⊖** button.

**3** Touch .

**4** Touch **iPod**. (P.12)

**● To disconnect the iPod/iPhone connected with the cable:**

**1** Detach the iPod/iPhone.

### Bluetooth connection

Pair the iPhone through Bluetooth.

#### Preparation

- To connect an iPhone via Bluetooth, register it as a Bluetooth device and do the profile setting for the connection beforehand. See **Register the Bluetooth device (P.52)** and **Switch the connected device (P.53)**.
- Connect an iPhone via Bluetooth while Apple CarPlay and an iPod/iPhone are not connected via USB.
- With an iPhone compatible with Apple CarPlay, turn off Apple CarPlay by operating the iPhone at functional setup before connecting iPhone. For details of the setup method, contact the manufacturer of the terminal.

**● Select the method of making connections for outputting sound from the iPod source**

**1** Press the **HOME/⊖** button.

**2** Touch .

**3** Touch **SETUP**.

► SETUP Menu screen appears.

**4** Touch **Connections & AV**.

► Connections & AV setting menu appears.

**5** Touch **iPod Bluetooth Connection**.

**Bluetooth** (Default): Output sound using a Bluetooth device.

**Bluetooth+HDMI**: Output sound using an HDMI device and perform music selection, etc. using a Bluetooth device.

## iPod/iPhone Basic Operation

### NOTE

- Set the remote controller mode switch to AUD mode before starting operation, see **Switch the operation mode (P.86)**.

### Control screen

### Open the drawer

### 1 Operation keys

- : Searches for a track/file. For details on search operation, see **Search Operation (P.33)**.
- : Searches for the previous/next track/file.  
Touch and hold to fast forward or fast backward. (It will be cancelled automatically after about 50 seconds.)
- : Plays or pauses.
- : Displays the Graphic Equalizer screen. **(P.76)**
- : Repeats the current track/album. Each time you touch the key, repeat modes are switched in the following sequence:  
Song repeat () , All songs repeat () , Repeat off ()
- : Randomly plays all tracks in the current album. Each time you touch the key, random modes are switched in the following sequence:  
Song random () , Random off ()

### 2 Content list

- Touch the left side of the screen to display the Content list. Touch again to close the list.
- Displays the playing list. When you touch a track/file name on the list, playback will start.

### NOTE

- The Content list is not displayed unless you select a file from the category list and play it. To use the category list, see **Search Operation (P.33)**.

### 3 Track information

- Displays the information on the current file.
- Touch to display the category list screen. See **Category search (P.33)**.

### 4 Play mode indicator/Playing time

- , , , etc.: Current play mode indicator  
Meanings of individual icons are as follows:  
 (play), (fast forward), (fast backward), (pause).
- For confirmation of current playing position. You can drag the circle left or right to change the playing position.

### 5 Artwork

The jacket of the currently being played file is displayed.

## Search Operation

You can search music files by the following operations.

- 1 Touch .
- 2 Touch .

- 3 Select a list type.

### NOTE

- For operations on the list screen, see **List screen (P.14)**.

### Link search

You can search for a file of the same artist/album/genre/composer as that in the current track.

- 1 Touch **Link Search**.
- 2 Touch the desired tag type. You can select from artists, albums, genres and composers.

► The list corresponding to your selection appears.

- 3 Touch the desired item in the content list.

## Category search

You can search for a file by selecting a category.

- 1 Touch **Category List**.
- 2 Touch the desired category.

► The list corresponding to your selection appears.

- 3 Touch to select the desired item in the list. Repeat this step until you find the desired file.

# HD Radio™ Tuner

## HD Radio Tuner Basic Operation

Most functions can be controlled from the source control screen.

To listen to the HD Radio source, touch **HD Radio** icon on the source selection screen. (P.12)

### NOTE

- Set the remote control mode switch to AUD mode before starting operation, see **Switch the operation mode (P.86)**.
- HD Radio broadcasting is for North American sales area only.

### Control screen

### Open the drawer

### 1 Operation keys

- ◀ ▶ : Tunes in a station. The method of switching frequencies can be changed (see **4 Seek mode**).
- CH▼ CH▲** : Selects a channel.
- Q** : Display the Channel List screen. See **Channel search (P.37)**.
- ≡** : Display a list of registered bookmarks. See **Bookmark list (P.38)**.
- EQ** : Displays the Graphic Equalizer screen. (P.76)

### 2 Preset list

- Touching **Q** allows you to change the display size.
- Recalls the memorized station or channel.
- When touched for 2 seconds, stores the currently being received station or channel in the memory.

### 3 Band keys

Switches bands (between FM and AM).

### 4 Seek mode

Touch to switch seek mode in the following sequence: **AUTO1, AUTO2, MANUAL**.

- AUTO1** : Tunes in a station with good reception automatically.
- AUTO2** : Tunes in the memorized stations one after another.
- MANUAL** : Switches to the next frequency manually.

### 5 Function panel

Touch the right side of the screen to display the function panel. Touch again to close the panel.

- 10key Direct** : Display the direct station/channel search screen. For details, see **Direct search (P.37)**.
- AME** : Presets stations automatically. For details, see **Auto memory (P.36)**.
- RCV** : Change the HD Radio reception mode. For details, see **Receive Mode (P.36)**.
- PTY** (FM only) : Searches for a program by program type. For details, see **Search by program type (P.37)**.
- Bookmark** : Stores the information about the song being received. See **Bookmark (P.38)**.

- **Emergency Alerts** : Turn on or off the alert message. See **Alert Message (P.19)**.
- **Alert Message Log** : Displays the alert message received. See **Alert Message (P.19)**.

## 6 Picture

- The picture data or station Logo data is displayed if available from current content.

## 7 Information display

- Displays the information on the current station: Frequency and Channel
- Touching  allows you to switch between Content A, Content B and Content C.
- Content A: Station name, Song Title, Artist Name
- Content B: Station Message, Radio Text
- Content C: PTY Genre, Album Name

## 8 Indicator Items

- **MC**: A multicast digital broadcast is being received.
- **EA**:
  - White: Emergency Alert is on.
  - No light: Emergency Alert is off.
  - Orange: Interrupting or in snooze/ignore state.
- **ST**: A stereo broadcast is being received.

## 9 Indicator display

While receiving an HD Radio station, it lights with orange when the audio is digital and lights with gray when it is analog. While receiving an analog station, it is off.

### HD2/HD3

- Adjacent to traditional main stations are HD2/HD3 Channels, providing new original programming on the FM dial

### Bookmark

- A music & product discovery feature that enables users to store information about content on the radio, and can deliver interactive information via QR codes

### Digital Sound

- Crystal clear, CD-like digital audio quality to consumers; eliminates background noise

### Program Info

- Provides song name, artist, station ID, and other relevant data to enrich the listening experience

### Artist Experience

- Visual images, such as album art of over-the-air broadcasts from HD Radio stations

### Emergency Alerts

- Delivers critical and life-saving messages to the public during emergency situations

## Receive Mode

You can set the radio broadcasts receive mode.

- 1 Touch  on the right side of the screen. Touch **RCV**.

- 2 Select a receive mode.

### Auto

Switch between digital and analog audio automatically.

### Digital

Select this to tune to digital audio only.

### Analog

Select this to tune to analog audio only.

## Memory Operation

### Auto memory

You can store stations with good reception in the memory automatically.

- 1 Touch desired band key.

- 2 Touch  on the right side of the screen. Touch **AME**.

- 3 Touch **Yes**.

► Auto memory starts.

### Manual memory

You can store the currently being received station or channel in the memory.

- 1 Select the station or channel you wish to store in the memory.
- 2 Touch **FM# (#:1-15)** or **AM# (#:1-5)** in which you want to store the station or channel for 2 seconds until a beep sounds.

## Selecting Operation

### Preset select

You can list and select memorized stations or channels.

- 1 Touch  on the left side of the screen. Select a station or channel from the list.

## ■ Direct search

You can tune in by entering the desired frequency or channel number.

- 1 Touch  on the right side of the screen.  
Touch **10key Direct**.

- 2 Select the search method.

- 3 Enter the frequency or channel number.

- 4 Touch **Enter**.

### NOTE

- To clear the number you entered, touch **BS**.

## ■ Channel search

You can specify the desired channel.

- 1 Touch .

- 2 Select the desired content from the list.

### NOTE

- Touch **Info Change** in the channel list. Select the sequence of the list (Song title, artist name, album name).

## ■ Search by program type (FM only)

You can tune in the station broadcasting the specified type of program when listening to FM.

- 1 Touch  on the right side of the screen.  
Touch **PTY**.

► TUNER PTY Mode screen appears.

- 2 Select a program type from the list.

- 3 Touch **Search**.

You can search for the station broadcasting the selected type of program.

## Bookmark

Stores tag information (title, artist, album, URL, and description) about the song you are listening to now.

Detailed information and QR codes can be displayed according to the stored tag information.

### Bookmark registration

- 1 Touch  on the right side of the screen.
- 2 Touch .

► Registers a bookmark.

#### NOTE

- Up to 100 bookmarks can be registered to this unit.

### Bookmark list

Displaying a list of registered bookmarks and detailed information and QR code of the song.

- 1 Touch .

- 2 Select the desired bookmark from the list.

► The bookmark information appears.

### Delete

Deletes the bookmarks being displayed. Touch **Delete** and then touch **YES** on the confirmation screen.

### Bookmark delete

Deleting a bookmark.

- 1 Touch **Delete**.

- 2 Select the bookmark to delete from the list.

#### All

Select all bookmarks.

#### All

Erases all check marks.

- 3 Touch **Delete**.

► Confirmation message appears.

- 4 Touch **Yes**.

► All the selected bookmark(s) is deleted.

# SiriusXM®

## SiriusXM® Basic Operation

Only SiriusXM® brings you more of what you love to listen to, all in one place. Get over 140 channels, including commercial-free music plus the best sports, news, talk, comedy and entertainment. Welcome to the world of satellite radio. A SiriusXM Vehicle Tuner and Subscription are required. For more information, visit [www.siriusxm.com](http://www.siriusxm.com).

To listen to the SiriusXM source, touch the **SiriusXM** icon on the source selection screen. (P.12)

### Activating subscription

- Check your Radio ID.  
The SiriusXM Satellite Radio ID is required for activation and can be found by tuning in Channel 0 as well as on the label found on the SiriusXM Connect tuner and its package.  
The Radio ID does not include the letters I, O, S or F.
- Activate the SiriusXM Connect Vehicle Tuner using either one of the two methods below:
  - For users in U.S.A.  
Online: Visit [www.siriusxm.com/activatenow](http://www.siriusxm.com/activatenow)  
Phone: Call SiriusXM Listener Care at 1-866-635-2349
  - For users in Canada:  
Online: Visit <https://www.siriusxm.ca/help/activation-help/>  
Phone: Call XM customer Care at 1-877-438-9677

### NOTE

- Set the remote control mode switch to AUD mode before starting operation, see **Switch the operation mode (P.86)**.
- To use SiriusXM® Satellite Radio, the optional accessory is necessary.

### Open the drawer

### 1 Operation keys

- Q** : Display the Category search screen. For details on search operation, see **Category/Channel search (P.42)**.

- CH▼ CH▲** : Selects a channel.
- [Graphic Equalizer icon]** : Displays the Graphic Equalizer screen. (P.76)

### 2 Preset list

- Touching **< / >** allows you to change the display size.
- Recalls the memorized channel.
- When touched for 2 seconds, stores the currently being received channel in the memory.

### 3 Information display

- Displays the information on the current channel: Channel Name
- **P#:** Preset number
- **#CH:** Channel number
- **Logo:** Channel logo

Touching  allows you to switch between Content A, Content B and Content C.

Content A: Artist Name, Song Title  
 Content B: Content Info, Category Name  
 Content C: Channel Description, Similar Channels

 : Touch for 2 seconds to register the artist of the current song as a Content Alert.  
 : Touch for 2 seconds to register the current song as a Content Alert.

For details, see **Content Alerts (P.44)**.

#### NOTE

- While getting contents, "Waiting" is showing on the display.

### 4 Function panel

Touch the right side of the screen to display the function panel. Touch again to close the panel.

- **Direct Channel:** Touch and enter the desired number. For details, see **Direct search (P.41)**.
- **SETUP:** Touch to display the SiriusXM SETUP screen. For details, see **SiriusXM SETUP (P.45)**.
- **Replay / Live:** Touch to turn on or off the replay mode. See **Replay (P.42)**.

#### • Traffic & Weather

##### For SXV300 \*

Traffic & Weather Now™ allows you to access the latest report whenever you want to hear it. Select your city from the set up menu (see **Select a City for Traffic & Weather (P.50)**) and touch **Traffic & Weather** to check the latest report. It will start from the beginning.

-  (White) : Played already.
-  (Green) : New information arrived.
-  (Purple) : Playing.
-  (Gray) : No information.

### For SXV200 or SXV100 \*

Turns the Traffic & Weather Jump function on or off.

-  (White) : Function on.
-  (Purple) : Playing.
-  (Gray) : Function off.

- **TuneScan** \*<sup>3</sup> : Allows you to hear a few seconds of songs from each of the SmartFavorite music channels on the current preset band. See **TuneScan™ (P.43)**.

- **TuneMix** \*<sup>4</sup> : When turned ON, shuffles the preset channels on P1-P6 to play a blend of songs from your favorite channels. See **TuneMix™ (P.43)**.

- **SportsFlash** \*<sup>4</sup> : Displays during SportsFlash™. Touch to cancel the SportsFlash™ function and return to the previous channel. See **SportsFlash™ (P.45)** and **SportsFlash™ setup (P.49)**.

\*<sup>1</sup> Compatible with SXV300 or later tuner models. It may take a few minutes after power on to get the first full report on your city. Traffic channels are not available in Canada.

\*<sup>2</sup> When SXV200 or SXV100 is connected with this unit.

\*<sup>3</sup> Compatible with SXV200 or later tuner models.

\*<sup>4</sup> Compatible with SXV300 or later tuner models.

### 5 Indicator display

Displays the "Mix" (TuneMix™), "Scan" (TuneScan™),  (Traffic&Weather), or  (SportsFlash™) indicator and the received signal strength of the SiriusXM tuner.

### 6 Seek mode

Touch to switch seek mode.

- **SEEK1** : Tunes in a station with good reception automatically.
- **SEEK2** : Tunes in the memorized stations one after another.

### 7 Band key

Switches among bands. (SXM1/SXM2/SXM3/SXM4)

### 8 Artwork

Displays the album artwork for most SiriusXM music channels

## Storing Channels in Preset Memory

You can store the current channel in memory.

- 1 Tune in the channel you wish to store in the memory.
- 2 Touch  on the left side of the screen.

- 3 Touch **SXM(1-4) P(1-6)** in which you want to store the channel for 2 seconds until a beep sounds.

## Preset select

You can list and select memorized channels.

**To select from the preset list**

- 1 Touch  on the left side of the screen. Select a channel from the list.

## Direct search

You can tune in a channel directly.

- 1 Touch  on the right side of the screen. Touch **Direct**.

- 2 Enter the channel number and touch **Enter**.

### NOTE

- To clear the number you entered, touch **BS**.

## Category/Channel search

You can specify the desired category and select a channel.

### 1 Touch Q.

### 2 Select a category.

► Channel list appears.

### 3 Select the desired content from the list.

#### NOTE

- All channels in the selected category appear.
- Touching **All-Channels** displays all channels.
- Touch **Info Change** in the channel list. Select a desired item: content info, channel name, artist name, song title, category name.
- Categories which have the prefix "Featured -" are Featured Favorites.
- Featured Favorites are groups of channels that are created by the SiriusXM Programming department allowing you to discover new channels. Featured Favorite channels are dynamic and can change often, allowing you to discover new channels.
  - You can set whether to be notified when the featured seasonal theme is updated. **(P.50)**

## Replay

You can replay the last 60 minutes of the program from the current channel.

### 1 Touch **Replay** on the function panel.

Press to skip to the previous/next track.  
Press and hold to rewind or fast forward. (It will be cancelled automatically after about 50 seconds.)

Plays or pauses.

#### ■ Replay time bar/Play mode indicator

Displays the recorded data capacity and playback position.

►, ►►, etc.: Current play mode indicator

Displays a list of recorded data on a program basis.

### 2 Touch **Q** to display an Instant Replay List screen.

#### ■ Instant Replay List

Touching this plays back the displayed program.

**LIVE:** Touch to return to the live music/ content.

#### ■ Info Change

Touch **Info Change**. Select a desired item: content info, channel name, artist name, song title, category name.

**To return to live music/content**

- 1 Touch  on the right side of the screen.
- 2 Touch **Live**.

**TuneMix™**

TuneMix™ plays a unique blend of songs from your Preset music channels of the current SiriusXM Preset Band, allowing you to build a custom channel from as few as two to as many as 6 music channels. You can even skip songs you don't want to hear.

- 1 Touch  on the right side of the screen.  
Touch **TuneMix** to set ON or OFF.

**NOTE**

- Compatible with SXV300 or later tuner models.

**SmartFavorites, TuneStart™**

Preset channels 1 through 6 of the current band are SmartFavorites channels. The SiriusXM Vehicle Tuner automatically buffers the broadcast audio content of the SmartFavorites channels in the background.

You can rewind and replay up to 30 minutes of any of the missed news, talk, sports or music content on SmartFavorites channels. (See **Replay (P.42)**.)

When tuning in a SmartFavorites channel, songs will be played from the beginning of each track (TuneStart™). You can enable/disable TuneStart. (See **TuneStart™ (P.50)**.)

**NOTE**

- Compatible with SXV200 or later tuner models.

**TuneScan™**

TuneScan™ is a feature that plays samples from the starts of multiple buffered songs from each of the SmartFavorites channels that predominantly play music selections. You have easy access to a large sampling of music content and can enjoy hearing a full song by stopping the scan on a song of interest.

- 1 Touch  on the right side of the screen.

- 2 Touch **TuneScan** to begin scanning your SmartFavorites channels.

You will hear a few seconds of the songs from each of the SmartFavorite channels.

- 3 While your favorite song is being played, touch **TuneScan** again to start listening to that song.

► Scan finishes and the song is played continuously.

**NOTE**

- To cancel TuneScan™, touch the right side of the screen. Touch **TuneScan**.
- Touch and hold **TuneScan** to cancel TuneScan, and the music/content which was present on the channel before starting TuneScan will be played.
- Compatible with SXV200 or later tuner models.

## Traffic & Weather Now™

Traffic & Weather Now™ allows you to access the latest report whenever you want to hear it. First select your city in the set up menu. See **Select a City for Traffic & Weather (P.50)**.

### 1 Touch on the right side of the screen.

### 2 Touch Traffic & Weather.

The report starts from the beginning. To stop and return to the previous channel, touch it again.

#### Indicator display

-  (White) : Played already.
-  (Green) : New information arrived.
-  (Purple) : Playing.
-  (Gray) : No information.

#### NOTE

- Compatible with SXV300 or later tuner models.

## Content Alerts

When a broadcast program related to the registered artist, song or team starts, an Alert Content List screen appears to allow you to switch the current channel to the relevant channel.

### 1 When the broadcast of the registered content starts, an Alert Content List screen appears.

### 2 Select a content from the list.

#### NOTE

- Touch **Type**. Select a desired item. Artist Alert, Song Alert, GameAlert™
- To learn how to register artists and songs for the Content Alert function, see **3 Information display in SiriusXM® Basic Operation (P.39)**.
- To learn how to set up the Content Alerts function and select Teams for alerts, see **Content Alerts setup (P.47)**.

## SportsFlash™

SportsFlash™ will notify you when a big play happens during a game with one of your favorite sports teams. Choose to tune in and hear the play unfold like it was live. Continue listening to the game or return to your previous channel.

- When a big play happens during one of the games, an Alert screen appears.

### Listen

Touch to tune in that channel and play back the big play.

### Ignore

Touch to cancel this specific SportsFlash alert. Touching **Ignore** will ignore this specific alert but will allow future alerts for this game.

### Cancel

Touch to cancel SportsFlash alert. No alerts for this game will be displayed afterward.

#### NOTE

- Compatible with SXV300 or later tuner models.
- To learn how to set up the SportsFlash alert function, see **SportsFlash™ setup (P.49)**.

## SiriusXM SETUP

- Touch  on the right side of the screen. Touch **SETUP**.

► SiriusXM SETUP screen appears. See the following sections for each setting.

- Set up the parental code (**P.46**)
- Set up the Parental Control (**P.46**)
- Set up the skip channel select (**P.47**)
- Set up the Content Alerts (**P.47**)
- Set up the teams for SportsFlash™ (**P.49**)
- Select the city for Traffic & Weather Jump or Traffic & Weather Now™ (**P.50**)
- Select the Featured Bands Update Messages (**P.50**)
- Set up the TuneStart™ (**P.50**)
- Reset to the default settings (**P.50**)

## ■ Parental code

You can set a SiriusXM parental code for Parental Control.

**1** Touch **Parental Code** on the SiriusXM SETUP screen.

► Parental Pass Check screen appears.

### NOTE

- The code number is set to "0000" as default.

**2** Enter the current code number and touch **Enter**.

► Parental Pass 1st screen appears.

**3** Enter the new code number and touch **Enter**.

► Parental Pass 2nd screen appears.

**4** Enter the same code number as that you entered in step 3 and touch **Enter**.

► The code number is confirmed and the SiriusXM parental code is now set.

## ■ Parental Control

Parental Control is a feature that provides the user with the ability to prevent unauthorized access to mature content and user selected channels.

**1** Touch **Parental Control** on the SiriusXM SETUP screen.

**2** Touch **User, Mature or OFF**.

### ■ User

Locks only the selected channels.

### ■ Mature

Locks channels classified as "mature" only.

### ■ OFF

Deactivates the parental mature and user locks.

**3** Enter the parental code you originally input in as stated in *Parental code (P.46)* and touch **Enter**.

### When selecting User

This allows you to limit access to any SiriusXM channel (Parental Lock Channel).

**1** Touch **Parental Lock Channel Selection** on the SiriusXM SETUP screen.

► Parental Pass Check screen appears.

### NOTE

- You need to set up a parental code beforehand as stated in *Parental code (P.46)*.

**2** Enter the parental code you originally input as stated in *Parental code (P.46)* and touch **Enter**.

► Parental Lock Category Select screen appears.

**3** Touch the desired category in the list.

► Displays all channels in the selected category.

**NOTE**

- Touch **All-Channels** to display all channels.
- To delete the parental lock channel setting, touch **Disable All** and then touch **YES** on the confirmation screen.

**4 Touch each channel on the list and set to ON or OFF.**

ON: Locks the channel.

OFF: Unlocks the channel.

**NOTE**

- Touch **Info Change**. Select a desired item: content info, channel name, artist name, song title, category name.

**■ Skip channel select**

You can set the undesired channels to skip.

**1 Touch Skip Channel Select.**

- Skip Category Select screen appears.

**2 Touch the desired category from the list.**

- Displays all channels in the selected category.

**3 Touch each channel in the list and set to ON or OFF.****NOTE**

- To delete the skip channel setting, touch **Disable All** and then touch **YES** on the confirmation screen.
- Touch **Info Change**. Select a desired item: content info, channel name, artist name, song title, category name.
- Direct Channel and Preset Memory functions allow you to select channels.

**■ Content Alerts setup****Activating content alert****1 Touch Content Alerts on the SiriusXM SETUP screen.**

- Content Alerts is turned on or off. Default is "ON".

**Selecting the content for Content Alerts****1 Touch Content Alerts Contents Set on the SiriusXM SETUP screen.****2 Select the content you want to set up.****NOTE**

- To cancel all alert contents, touch **Clear** and then touch **YES** on the confirmation screen.
- Select **OFF** for the content you want to deactivate the content alert for.

**3** Touch each content list item you want to check or uncheck.

**NOTE**

- You can select (☒) up to 60 artists or songs.

**● To delete the Artist and Song**

**1** Touch **Delete**.

**2** Touch the content(s) in the list you want to select.

Selects all contents.

Clears all check marks.

**3** Touch **Delete** and then touch **YES** on the confirmation screen.

**To select a Team**

Get alerted when your favorite sports team is playing on another SiriusXM channel with GameAlert™

**1** Touch **My Games**.

**2** Touch the desired league in the list.

**3** Touch the team(s) in the list you want to select.

**NOTE**

- You can select (☒) up to 30 teams.

## ■ SportsFlash™ setup

### Activating SportsFlash

**1** Touch **SportsFlash** on the SiriusXM SETUP screen.

► SportsFlash is turned on or off.  
Default is "ON".

### Selecting SportsFlash Beep

**1** Touch **SportsFlash Beep** on the SiriusXM SETUP screen.

► SportsFlash Beep is turned on or off.  
Default is "ON".

### Selecting the teams for SportsFlash

**1** Touch **SportsFlash Team Set** on the SiriusXM SETUP screen.

► Team Set screen appears.

**2** Touch **Edit**.

**3** Touch the desired league in the list.

**4** Touch each team(s) in the list you want to select.

**5** Touch **↶** twice.

#### ■ Edit

Sets and removes teams.

#### ■ Priority

Sets the priority of a team.

#### ■ Clear

Removes all teams that have been set.

Touch **Clear**. When the confirmation screen appears, touch **YES**.

#### NOTE

- SportsFlash™ is available on SXV300 or later tuner models.
- Up to 50 teams can be added.

### Set the SportsFlash™ Team Priority

**1** Touch **Priority**.

**2** Set the priority of a team.

Each time you touch a Team, the priority is set or reset.

### 3 Touch Done.

#### NOTE

- Priority can be set on up to 5 teams.
- When priority has already been set for 5 teams, it cannot be set for any other team. Delete an unnecessary team.

### ■ Select a City for Traffic & Weather

You can select a city for which you wish to receive SiriusXM Traffic & Weather broadcasts and hear them from the beginning.

1 Touch **Traffic & Weather City Select** on the SiriusXM SETUP screen.

2 Touch **◀** and **▶** to select a city.

3 Touch **Close**.

### ■ Selecting Featured Bands Update Messages

You can set whether to be notified when the featured seasonal theme is updated.

1 Touch **Featured Bands Update Messages** on the SiriusXM SETUP screen. Featured Bands Update Messages is turned on or off.

### ■ TuneStart™

1 Touch **Tune Start** on the SiriusXM SETUP screen.

The TuneStart is turned on or off. Default is "ON".

### ■ Reset

1 Touch **SiriusXM Reset** on the SiriusXM SETUP screen.

► Confirmation screen appears.

2 Touch **YES**.

► All SiriusXM settings are reset to defaults.

# Bluetooth Control

Using the Bluetooth function allows you to use various functions such as listening to the audio file and making/receiving a call.

## Information for using Bluetooth® devices

Bluetooth is a short-range wireless radio communication technology for mobile devices such as smartphones/cell-phones, portable PCs, and other devices.

Bluetooth devices can be connected without cables and communicate with each other.

### NOTE

- While driving, do not perform complicated operations such as dialing numbers, using the phonebook, etc. When you perform these operations, stop your car in a safe place.
- Some Bluetooth devices may not be connected to this unit depending on the Bluetooth version of the device.
- This unit may not work for some Bluetooth devices.
- Connecting conditions may vary depending on your environment.
- Some Bluetooth devices are disconnected when this unit is turned off.
- The Bluetooth devices cannot be used while using Apple CarPlay.
- The Bluetooth currently connected with other device is disconnected when an iPhone compatible with Apple CarPlay is connected.

## ■ About the smartphone/cell-phone and Bluetooth audio player

This unit conforms to the following Bluetooth specifications:

### Version

Bluetooth Ver. 5.0

### Profiles

**Smartphone/Cell-phone:**  
HFP (V1.7) (Hands Free Profile)  
SPP (Serial Port Profile)  
PBAP (Phonebook Access Profile)

### Audio player:

A2DP (Advanced Audio Distribution Profile)  
AVRCP (V1.6) (Audio/Video Remote Control Profile)

### Sound codec

LDAC, SBC, AAC

### NOTE

- The units supporting the Bluetooth function have been certified for conformity with the Bluetooth Standard according to the procedure prescribed by Bluetooth SIG.
- However, it may be impossible for such units to communicate with your smartphone/cell-phone depending on its type.

## Register the Bluetooth device

It is necessary to register the Bluetooth audio player or smartphone/cell-phone in this unit before using the Bluetooth function.

You can register up to 10 Bluetooth devices.

### NOTE

- Up to 10 Bluetooth devices can be registered. If an attempt is made to register the 11th Bluetooth device, the Bluetooth device connected on the earliest date will be deleted to register the 11th one.
- This unit is compatible with the Apple Easy Pairing function. When an iPod touch or iPhone connected via USB terminal previously is connected again, an authentication dialog appears. Performing operation for authentication on this unit, or iPod touch or iPhone registers the smartphone as a Bluetooth device.

**1** Press the **HOME/** button.

**2** Touch .

**3** Touch **SETUP**.

► **SETUP** Menu screen appears.

**4** Touch **Connections & AV**.

**5** Touch **Device List**.

**6** Select a device type.

### ■ Bluetooth

To connect as Bluetooth Hands-Free and Bluetooth audio source.

### ■ Apple CarPlay

To connect as Apple CarPlay source.

### ■ Android Auto

To connect as Android Auto source.

**7** Touch .

► Bluetooth pairing waiting dialog appears.

### NOTE

- If an Apple CarPlay device is currently connected, the Apple CarPlay device will be disconnected.
- When neither Apple CarPlay, Android Auto, nor a Bluetooth Hands-Free phone is connected, pressing and holding the **VOICE** button displays Bluetooth pairing waiting dialog.

**8** Search for the unit ("DNR1007XR") from your smartphone/cell-phone.

Complete steps 8 to 10 within 30 seconds.

**9** Operate your smartphone/cell-phone according to the displayed messages.

● Confirm the request both on the smartphone/cell-phone.

● Input the PIN Code in your smartphone/cell-phone.

PIN Code is set to "0000" as the default.

## 10 Touch Yes.

When data transmission and connection have completed, the Bluetooth connection icon appears on the screen.

### NOTE

- When registering the iPhone that is available for Apple CarPlay wirelessly, a confirmation message appears.
  - Yes**: Displays the Apple CarPlay screen for wireless connection.
  - No**: Apple CarPlay is not connected. When using Apple CarPlay, see **Select an Apple CarPlay device (P.23)**.

## Switch the connected device

If two or more Bluetooth devices have been registered, select the device to be used.

### 1 Touch Device List in the Connections & AV setting menu.

### 2 Select the device type.

#### ■ Bluetooth

To connect as Bluetooth Hands-Free and Bluetooth audio source.

#### ■ Apple CarPlay

To connect as Apple CarPlay source.

#### ■ Android Auto

To connect as Android Auto source.

### 3 Touch the name of the device you want to connect.

### NOTE

- If the icon is lighted, it means that the unit will use that device.
- If you touch the device name with the icon on the list of Apple CarPlay devices, it will be disconnected.
- You can quickly display the Device List screen by touching in the popup menu. (P.11)

### To switch the connected device to a Bluetooth device

#### 1 Touch Bluetooth on the Device List screen.

► Bluetooth device list appears.

#### 2 Touch the name of the Bluetooth device you want to connect.

#### 3 Set each profile as follows.

#### ■ TEL (HFP) 1, TEL (HFP) 2

Select when the device is connected with the unit as Hands-Free phone 1 or 2.

#### ■ Audio (A2DP)/App (SPP)

Select to use as an audio player or to interwork with an application installed in a smartphone.

#### 4 Touch Close .

### To delete the registered device

You can delete the device that is registered as Bluetooth source or Apple CarPlay source.

When you delete a Bluetooth device which supports Android Auto, the device is also deleted from the Android Auto device list.

#### 1 Touch on the Device List screen.

## Bluetooth Control

### 2 Touch the device name to check.

#### ■ All

Selects all Bluetooth devices.

#### ■ All

Clears all check marks.

#### NOTE

- You cannot select a device currently connected.
- When you select Android Auto tab,  is not displayed.

### 3 Touch Delete.

► Confirmation message appears.

### 4 Touch Yes.

► All the selected device(s) is deleted.

## Bluetooth Setup

#### NOTE

- The Bluetooth Setup is disabled while using Apple CarPlay.

### 1 Press the HOME/ button.

### 2 Touch .

### 3 Touch SETUP.

► SETUP Menu screen appears.

### 4 Touch Connections & AV.

► Connections & AV setting menu appears.

### 5 Touch Bluetooth and set to ON.

See the following section for each setting.

- Change the PIN Code (P.54)
- Change the device name (P.54)
- Change the settings for Hands-Free function, see **Hands-Free Setup (P.62)**.

#### NOTE

- For the other setting items on this screen, see **Connections & AV Setup (P.62)**.

### ■ Change the device name

#### 1 Touch Device Name in the Connections & AV setting menu.

► Change Device Name screen appears.

#### 2 Touch and hold .

#### 3 Input the device name.

#### 4 Touch Enter.

### ■ Change the PIN Code

#### 1 Touch PIN Code in the Connections & AV setting menu.

► Change PIN Code screen appears.

#### 2 Touch and hold .

#### 3 Input the PIN Code.

#### 4 Touch SET.

## Playing the Bluetooth Audio Device

Most function can be controlled from the source control screen.

To select Bluetooth source, touch **Bluetooth** icon on the source selection screen. (P.12)

### NOTE

- The Bluetooth audio source is disabled while using Apple CarPlay.
- The Bluetooth audio source is disabled when the device set as Audio(A2DP)/App(SPP) is using Android Auto.

## Bluetooth basic operation

### 1 Operation keys \*

- Q: Searches for a file. See **File search** (P.56).
- ◀◀ ▶▶: Searches for the previous/next content.  
Touch and hold to fast forward or fast backward. (It will be cancelled automatically after about 50 seconds.)
- ▶: Plays.
- II: Pauses.
- EQ: Displays the Graphic Equalizer screen. (P.76)
- repeat: Repeats the current track/folder. Each time you touch the key, repeat modes are switched in the following sequence:  
File repeat (repeat), Folder repeat (repeat), All songs repeat (repeat), Repeat off (repeat)
- shuffle: Randomly plays all tracks in the current folder. Each time you touch the key, random modes are switched in the following sequence:  
Folder random (shuffle), All random (shuffle), Random off (shuffle)

### 2 Information display \*

- Displays the name of track information.
- Connected device name.

### 3 Play mode indicator/Playing time

▶, II: Current play mode indicator

Meanings of individual icons are as follows:

- ▶ (play), ▶▶ (fast forward), ◀◀ (fast backward),
- II (pause), ■ (stop).

### 4 CODEC

When an LDAC-compatible device is connected, "LDAC" is displayed.

### 5 \*

Displays the Connections & AV setting menu. (P.54)

### 6 KENWOOD Music Mix

Bluetooth audio devices can be switched easily to play music. See **KENWOOD Music Mix** (P.56).

\* These items appear only when the audio player which supports AVRCP profile is connected.

### NOTE

- The operation keys, indications and information displayed on the screen differ depending on the connected device.
- If the operation keys do not appear, operate from the player.
- Depending on your smartphone/cell-phone or audio player, sound may be heard and controlled but text information may not appear.
- If the volume is too low, raise it on your smartphone/cell-phone or audio player.
- It is recommended that you change the playback quality from "priority on sound quality" to "priority on stable connection" in the settings of your LDAC-compatible device so that the intermittent sound problem is less likely to occur.

## KENWOOD Music Mix

Up to 5 Bluetooth audio device can be connected and switched easily to play music.

### 1 Touch .

► A list of registered devices is displayed.

### 2 Touch of device name you want to connect.

- Touching  displays the Device List screen. (P.53)
- Touching  on the left of the connected device ( ) disconnects this device.

-  : Device used normally.
-  : Device used for KENWOOD Music Mix

### 3 Touch (White/dark blue background) on the left of the name of the device to be played.

The background changes from dark to light blue and starts playback.

-  (Gray) : Not connected.
-  (White/dark blue background) : Connected.
-  (White/light blue background) : During playback.

### 4 Touch .

## NOTE

- If a connected Bluetooth audio device is operated to play music, connections are switched.
- When a Bluetooth source is switched to another one, its settings are deleted and the connection is restored to the connection before source switching.
- You cannot select an Android smartphone connected as an Android Auto device.

## File search

### 1 Touch .

### 2 Touch the desired file or folder.

When you touch a folder its contents are displayed.

### 3 Touch the desired item in the content list.

► Playback starts.

## NOTE

- For operations in the list screen, see **List screen (P.14)**.

## Using the Hands-Free Unit

You can use the telephone function by connecting the Bluetooth telephone to this unit.

### NOTE

- While Apple CarPlay or Android Auto is connected, the Bluetooth Hands-Free function and two Bluetooth devices connections cannot be used. Only the Apple CarPlay or Android Auto Hands-Free function can be used.

## Make a call

1 Press the **HOME/** button.

2 Touch .

3 Touch **TEL**.

► Hands-Free screen appears.

### NOTE

- If your smartphone/cell-phone supports PBAP, you can display the phonebook and call lists onto the touch panel screen when the smartphone/cell-phone is connected.
  - Phonebook: up to 1000 entries
  - Up to 50 entries including dialed calls, received calls, and missed calls

## 4 Select a dialing method.

-  Call using call records
-  Call using the phonebook
-  Call using the preset number
-  Call by entering a phone number

### ● Select the smartphone/cell-phone to use

When you connect two smartphones/cell-phones

1) Touch **Device name1 Device name2** to select the phone you want to use.

### ● Bluetooth Setup

1) Touch .

Connections & AV setting menu appears.  
**(P.54)**

### ● Voice Recognition

1) Touch .

### NOTE

- Status icons such as battery and antenna icons may differ from those displayed on the smartphone/cell-phone.
- Setting the smartphone/cell-phone in the private mode can disable the Hands-Free function.

## Bluetooth Control

### Call using call records

1 Touch .

2 Select the phone number from the list.

### Call using the phonebook

1 Touch .

2 Touch  A-Z.

3 Select the initial.

- Characters with no corresponding name will not appear.
- A first character with an accent character such as “ü” can be searched for with a non-accent character “u”. A character with an accent character in a sentence cannot be searched for.

4 Select the person you want to call from the list.

5 Select the phone number from the list.

#### NOTE

- You can sort the phone numbers in the list by last name or first name. For details, see **Hands-Free Setup (P.62)**.
- When Russian is selected in “Language Select” (P.72), you can switch between English keyboard and Russian keyboard.
- When Hebrew is selected in “Language Select” (P.72), you can switch between English keyboard and Hebrew keyboard.
- You can search with 3 initial letters on the English keyboard and 1 initial letter on the Russian / Hebrew keyboard.

### Call using the preset number

1 Touch .

2 Touch the name or phone number.

## Call by entering a phone number

1 Touch .

2 Enter a phone number with number keys.

3 Touch .

## Voice Recognition

You can access the voice recognition function of the smartphone/cell-phone connected to this unit. You can search the smartphone/cell-phone phonebook by voice. (The functionality depends on the smartphone/cell-phone.)

1 Press the **VOICE** button.

► Voice Recognition screen appears.

2 Start speaking.

### NOTE

- You can use the voice recognition function by touching  on the Hands-Free screen.
- You can use the voice recognition function for the connected smartphone/cell-phone if you selected **TEL (HFP) 1** or **TEL (HFP) 2** for HFP when registered.

## Receive a call

1 Touch  to answer a phone call or  to reject an incoming call.

### NOTE

- When shifting the gear to the reverse (R) position and monitoring the picture from the rear view camera, this screen does not appear even if a call comes in.
- The portrait registered in the phonebook is displayed while making / receiving calls and during a call.
- If you edit the phonebook on the connected device side after downloading the phonebook, the portrait may not be displayed depending on the edited content. It is recommended that you download the phonebook whenever you edit it.
- The image quality of a displayed portrait may depends on a connected device.

## To end call

1 While talking, touch .

## Operations during a call

### ● Adjust the volume of your voice

- 1) Touch **Speech Quality**.
- 2) Touch **◀** or **▶** for **Microphone Level**.

### ● Adjust the receiver volume

Turn the volume knob clockwise to increase, and counter-clockwise to decrease.

### ● Mute your voice

Touch  to mute or not to mute your voice.

### ● Output the dial tone

Touch **DTMF** to display the tone input screen. You can send tones by touching desired keys on the screen.

### ● Switching between speaking voice output destinations

Touching  /  each time switches speaking voice output destinations between the smartphone/cell-phone and the speaker.

### ● Call-waiting

When you receive a new call while talking on the phone, you can answer the newly received call by touching . The current call is put on hold.

Each time you touch , the caller will change to the other one.

When you touch , the current call will end to be switched to the call waiting on hold.

### ● Switching between the Hands-Free screen and the navigation screen

Press the **NAV / CAMERA** button to switch between the Hands-Free screen and the navigation screen.

## ■ Phone number preset

You can register frequently used phone numbers in this unit.

1 Touch .

2 Touch **Edit**.

3 Select where to preset.

### ■ Delete all

To delete all preset numbers, touch **Delete all** and then touch **Yes** on the confirmation screen.

4 Select how to preset.

### ■ Add number from phonebook

Select the number to preset from the phonebook.

### ■ Add number direct

Enter the telephone number directly and touch **SET**.

### ■ Delete

To delete a preset number, touch **Delete** and then touch **OK** on the confirmation screen.

## ■ Phonebook transfer

You can transfer phonebook data from your Bluetooth smartphone using PBAP.

1 Touch .

2 Touch .

► Phonebook data transfer starts.

### NOTE

- If the Phonebook contains more than 1000 entries, only 1000 entries are transferred. The 1001st and later entries are not transferred.
- If no Phonebook has been downloaded, touching **Download Phonebook Now** will start downloading the Phonebook.
- The portrait registered in the phonebook is displayed while making / receiving calls and during a call. If you edit the phonebook on the connected device side after downloading the phonebook, the portrait may not be displayed depending on the edited content. It is recommended that you download the phonebook whenever you edit it.

## Phonebook deletion

1 Touch .

2 Touch the name to check.

### ■ All

Checks all boxes.

### ■ All

Clears all check marks.

3 Touch **Delete**.

► Confirmation message appears.

4 Touch **Yes**.

## Hands-Free Setup

You can make various settings for the Hands-Free function.

**1** Press the **HOME/□** button.

**2** Touch .

**3** Touch **SETUP**.

► SETUP Menu screen appears.

**4** Touch **Connections & AV**.

► Connections & AV setting menu appears.

**5** Touch **TEL SETUP**.

► TEL SETUP screen appears.

**6** Set each function as follows.

### ■ Bluetooth HF/Audio

Select the speakers to output the sound from the smartphone/cell-phone (such as phone call voice and ringing tone) and Bluetooth audio player.

**Front**: Outputs sound from the front speakers.

**All** (Default): Outputs sound from all speakers.

### ■ Auto Response \*

Set the automatic response time to pick-up an incoming call.

**OFF** (Default): Turns off the Automatic response function.

**1 / 5 / 10 / 15 / 20 / 25 / 30**: Sets the ringing time (second).

### ■ Auto Pairing

When set to "ON", the Apple Auto Pairing function is turned on to automatically register the iPod touch or iPhone connected to this unit.

**ON** (Default): Turns on the Apple Auto Pairing function.

**OFF**: Turns off the Apple Auto Pairing function.

### ■ Sort Order

Set how to sort the data in the smartphone/cell-phone phonebook.

**First** (Default): Sorts data by the first name.

**Last**: Sorts data by the last name.

\* Either the auto response time set on this unit or the time set on the smartphone/cell-phone, whichever is shorter takes effect.

**7** Touch **OK**.

# Other External Components

## View Camera

### NOTE

- To connect a camera, see **Connecting the camera (P.101)**.
- To use a rear view camera, a REVERSE lead connection is required. **(P.97)**
- If **Rear Camera Interruption** is active the camera screen is displayed when you shift the gear to the reverse (R) position.
- The camera whose view was displayed last is kept and the same camera view will be displayed the next time. If its assignment setting is changed, the rear camera view is displayed.
- Rear/front camera interruption screen is not kept as the camera screen which will be displayed the next time.

## Display the camera screen

### 1 Press the **MENU/ATT** button.

► Popup menu appears.

### 2 Touch **Camera**.

► View camera screen appears.

### 3 Adjust each item as follows.

### 1 Camera Switching Keys \*

Touch to switch the view camera. It is necessary to set "Camera Assignment Settings" beforehand except "Rear". See **To set up the camera assignment settings (P.64)**.

### 2 Camera off

Touch to exit the camera screen.

### 3 Switching the Guideline \*

Touching each time turns on or off the guideline.

### 4 Switching the Angle \*

Touching each time changes camera angles.

\*1 When two or more cameras of rear, front, dashboard, left, right, and 3rd are connected with this unit.

\*2 Only when the rear camera screen is displayed and CMOS-3xx series is connected with this unit as the rear camera.

## Camera Setup

### 1 Press the **HOME/◊** button.

### 2 Touch **SETUP**.

### 3 Touch **SETUP**.

► SETUP Menu screen appears.

### 4 Touch **Camera**.

► Camera setting menu appears.

### 5 Set each item as follows.

### ■ Camera Assignment Settings

Set up the camera assignment. See **To set up the camera assignment settings (P.64)**.

### ■ Rear Camera Interruption

**ON** (Default): Displays the picture from the rear view camera when you shift the gear to the reverse (R) position.

**OFF**: Select this when no camera is connected.

### ■ Rear Camera Message \*1

**Always display** (Default): Always displays the caution message on the rear camera interruption screen.

**Clear after 5 seconds**: Displays the caution message for about 5 seconds on the rear camera interruption screen.

### ■ Rear Camera Settings \*2

Adjusts the CMOS-3xx series with ID 1 ("Rear Camera") set. For details, see the instruction manual of your camera.

### ■ Parking Guidelines

You can display parking guidelines to enable easier parking when you shift the gear to the reverse (R) position.

Default is "ON".

### ■ Guidelines SETUP

If you select **ON** for **Parking Guidelines**, you can adjust the parking guidelines. See **To adjust the parking guidelines (P.65)**.

### ■ Front Camera Settings \*3

Adjusts the CMOS-3xx series with ID 2 ("Front Camera") set. For details, see the instruction manual of your camera.

### ■ Front Camera Interruption \*4

**10 sec / 15 sec** (Default)/ **20 sec**: The front camera screen is displayed when return the gear from the reverse (R) position.

**OFF**: Cancel.

\*1 To use the function, it is necessary to set **Rear Camera Interruption** to **ON**.

\*2 When CMOS-3xx series is connected with this unit.

\*3 To use the function, it is necessary to connect CMOS-3xx series and to set **Camera Assignment Settings** to **Front**. (P.64)

\*4 To use the function, it is necessary to set **Rear Camera Interruption** to **ON** and to set **Camera Assignment Settings** to **Front**. (P.64)

## ■ To set up the camera assignment settings

**1** Touch **Camera Assignment Settings** in the Camera setting menu. (P.63)

**2** Select the item to set up.

### ■ REAR VIEW CAMERA

Set the camera assignment from view camera connected to Rear view camera input terminal.

### ■ FRONT VIEW CAMERA / DASH CAM

Set the camera assignment from view camera connected to Front view camera/Dashboard camera input terminal.

### ■ 3rd VIEW CAMERA

Set the camera assignment from view camera connected to 3rd view camera input terminal.

### ■ VIDEO IN

Set the camera assignment from view camera connected to Video input terminal.

**3** Select the view camera to set up.

#### 1 Picture from view camera

Displays the picture from the view camera connected to the input terminal to be set. (P.101)

#### 2 Camera position

Assign each position to the view camera connected to the selected input terminal.

Front \*1/Left \*1/Right \*1/Dashboard Camera \*1/Rear \*2/ **None** \*1

#### 3 Picture quality settings

Switch the picture quality setting.

**Signal** \*3 : "HD"/"NTSC" (Default)/"PAL"

**Mirror** \*4 : "ON"/"OFF" (Default)

- \*1 Except the **REAR VIEW CAMERA** setting screen.
- \*2 The **REAR VIEW CAMERA** setting screen only.
- \*3 The **REAR VIEW CAMERA** and **FRONT VIEW CAMERA / DASH CAM** setting screens only.
- \*4 The **FRONT VIEW CAMERA / DASH CAM** and **3rd VIEW CAMERA** setting screens only.

#### 4 Touch **Enter**.

##### NOTE

- The screen shot above is for the **FRONT VIEW CAMERA / DASH CAM** setting screen. It may be different from the ones for **REAR VIEW CAMERA**, **3rd VIEW CAMERA** and **VIDEO IN**.
- The Dashboard Camera can be selected when it is connected. (P.101)

#### 4 Adjusting the position of the selected mark.

Make sure that lines **(A)** and **(B)** are horizontally parallel, and that lines **(C)** and **(D)** are of the same length.

##### NOTE

- Touch **Initialize** and then touch **Yes** to set all the marks to their initial default position.

## Use Dashboard Camera

A Dashboard Camera, DRV-N520 (optional accessory), connected to this unit lets you play video-recorded data and so on.

For details, see the instruction manual of the Dashboard Camera DRV-N520 (optional accessory).

##### NOTE

- To connect a dashboard camera, see **Connecting the camera (P.101)**.
- To use the dashboard camera function, it is necessary to set "Camera Assignment Settings" to "Dashboard Camera". (P.64)

#### ■ To adjust the parking guidelines

##### NOTE

- Install the rear view camera in the appropriate position according to the instruction manual supplied with the rear view camera.
- When adjusting the parking guidelines, make sure to apply the parking brake to prevent the car from moving.

#### 1 Touch **Parking Guidelines** in the Camera screen and set to **ON**. (P.63)

#### 2 Touch **Guidelines SETUP** on the Camera screen.

#### 3 Adjust the parking guidelines by selecting the mark.

## Display the dashboard camera screen

- 1 Press the **MENU / ATT** button.  
➤ Popup menu appears.

### 2 Touch Camera.

#### 1 Camera Switching Keys

Touch to switch the view camera. It is necessary to set "Camera Assignment Settings" beforehand except "Rear". See **To set up the camera assignment settings (P.64)**.

#### 2 Camera off

Touch to exit the camera screen.

#### 3 Key display

Touch to display the dashboard camera control keys.

## Added function

### Display the map while playing the recorded file

#### 1 Play the recorded file.

See the instruction manual of the Dashboard Camera.

#### 2 Touch .

### Return to the recorded file playback screen

#### 1 Touch .

## External audio/video players (AV-IN)

#### 1 Connect an external component to the AV Audio input and the Video input terminal. (P.98)

#### 2 Select AV-IN as the source. (P.12)

#### 3 Turn on the connected component and start playing the source.

### NOTE

- To select the AV-IN source, it is necessary to set "VIDEO IN" to "None" in **Camera Assignment Settings**. (P.64)

## HDMI source

### 1 Connect your smartphone to the HDMI input terminal. (P.98)

Use HDMI cable KCA-HD100 (optional accessory).

### 2 Select HDMI as the source. (P.12)

### 3 Start an application or playback on your smartphone.

## OEM Features Operation

This unit can display vehicle information when connected to the bus system of the vehicle using an iDatalink (commercially available).

### 1 Press the **HOME**/**髯** button.

➤ HOME screen appears.

### 2 Touch on the HOME screen.

### 3 Touch icon.

	• Displays the control screen of the Bluetooth Hands-Free function provided for the vehicle.
	• Displays information about the tire pressures of the vehicle. *
	• Displays the control screen of the satellite radio source provided for the vehicle.
	• Displays the control screen of the media player source provided for the vehicle.
	• Displays the control screen of the Bluetooth streaming source provided for the vehicle.
	• Displays information about the Radar Detector. *
	• Displays information about the instruments such as a speedometer.

	• Displays information about the air conditioner of the vehicle. *
	• Displays information about the Parking Distance Sensor of the vehicle.
	• Displays the control screen of the accessories in the vehicle.

\* These iDatalink features are displayed as the widget on the Home screen. (P.11) You can display the relevant screens by touching the widget.

### NOTE

- Displayable screens, key names, and screen names vary depending on the type of the connected iDatalink and the model of the vehicle. For more details, access the following URL: [www.idatalink.com/](http://www.idatalink.com/)

# Setup

1 Press the **HOME/⌚** button.

2 Touch **⚙**.

3 Touch **SETUP**.

See the following section for each setting.

- Set up connections and AV (P.68)
- Set up display and button (P.70)
- Set up the user interface (P.71)
- Set up camera (P.63)
- Set up systems (P.72)
- Set up navigation (P.17)

## Monitor Screen Setup

You can adjust the image quality of video, menu screen, etc.

1 Press the **MENU/ATT** button.

► Popup menu appears.

2 Touch **Screen Adjustment**.

► Screen Adjustment screen appears.

3 Adjust each setting as follows.

### ■ Backlight / Contrast / Black / Brightness / Color / Tint

Adjust each setting.

### ■ Aspect

Select a screen mode.

**Full**: Changes the aspect ratio of video and displays video fully on the screen.

**Normal**: Displays video at the ratio of 4:3.

### ■ Auto

USB device and SD card: Displays video fully (vertically or horizontally) with no ratio change.

### NOTE

- Settings to adjust vary depending on the current source.

## Connections & AV Setup

You can set connections and AV parameters.

1 Press the **HOME/⌚** button.

2 Touch **⚙**.

3 Touch **SETUP**.

► SETUP Menu screen appears.

4 Touch **Connections & AV**.

► Connections & AV setting menu appears.

5 Set each parameter as follows.

### ■ Bluetooth

Turns the Bluetooth function on or off.

### ■ Device List

Select the connected device to be used. (P.53)

## ■ Device Name

If you select **ON** for **Bluetooth**, you can change the Bluetooth device name.

See **Change the device name (P.54)**.

## ■ PIN Code

If you select **ON** for **Bluetooth**, you can change the PIN code.

See **Change the PIN Code (P.54)**.

## ■ Device address

Display the Bluetooth device address.

## ■ TEL SETUP

You can make various settings for the Hands-Free function.

See **Hands-Free Setup (P.62)**.

## ■ Wi-Fi SETUP

You can change the device name and display the device address, password. See **Change the device name (P.69)**.

## ■ Speech Quality Adjust

Adjust the speech quality.

**Microphone Level** : Adjust the level of microphone gain. Default is "0".

**Echo Cancel Level** : Adjust the level of echo cancellation. Default is "0".

**Noise Reduction Level** : Reduce the noise generated in the surrounding environment without changing the microphone volume. Use this function when the voice of caller is not clear. Default is "0".

## ■ iPod Bluetooth Connection

See **Select the method of making connections for outputting sound from the iPod source (P.31)**.

## ■ AV-OUT

You can select an AV source to be output from the AV OUTPUT port.

OFF, iPod, USB, SD, or AV-IN

- You cannot select AV-IN if the Video input terminal is used for camera.
- You cannot select iPod if it is connected via Bluetooth or Apple CarPlay is connected.
- If you select iPod as the main source, you cannot select USB or SD as the AV output source.
- If you select USB as the main source, you cannot select iPod or SD as the AV output source.

- If you select SD as the main source, you cannot select iPod or USB as the AV output source.

- If you select HDMI as the main source, files with sampling rates higher than 96 kHz in USB or SD selected as the AV output source are skipped.

- If you select Bluetooth audio, HD Radio, Wireless Mirroring, Apple CarPlay or Android Auto as the main source, you cannot select USB, SD or iPod as the AV output source.

## ■ Reset Android Auto Wireless Connection

You can change the password for wireless Android Auto.

The system of the unit is rebooted after selecting **YES**.

## ■ Change the device name

**1 Touch Device Name in the Connections & AV setting menu.**

or

**Touch Wi-Fi SETUP and then touch Device Name.**

► Change Device Name screen appears.

**2 Touch and hold .**

**3 Input the device name.**

**4 Touch Enter.**

## Display & Button Setup

- 1 Press the **HOME/** button.
- 2 Touch .
- 3 Touch **SETUP**.
  - SETUP Menu screen appears.
- 4 Touch **Display & Button**.
  - Display & Button setting menu appears.
- 5 Set each parameter as follows.

### ■ Dimmer

Select the dimmer mode.

**OFF**: Does not dim the display and buttons.

**ON**: Dims the display and buttons.

**SYNC** (Default): Turns the dimmer function on or off when the vehicle light control switch is turned on or off.

**NAV-SYNC**: Turns the dimmer function on or off according to the information (day/night) from the navigation.

### ■ OSD Clock

Select if you want to display the clock while the screen is off, or while watching video files (USB, SD), etc.

"ON" (Default)/"OFF"

### ■ Button Illumination Color

You can set the button illumination color. (P.70)

### ■ Wallpaper Customize

You can change the wallpaper image or color. (P.71)

### ■ Screen transition effect

Select whether to use the screen transition effect when the source control screen is switched to the Home screen.

"ON" (Default)/"OFF"

### ■ Customizing the button color

You can set the button illumination color.

- 1 Touch **Button Illumination Color** in the Display & Button setting menu.

- 2 Touch the desired color.

### ■ Variable

You can set the button color to continuously scan through the color spectrum.

### ■ User

You can set the color created with the RGB color mixer.

### ■ Car Color

This can be selected when the iDatalink (commercially available) is connected.

- 3 Touch .

### *To register an original color*

You can register your original color.

- 1 Touch **User** on the Button Illumination Color screen.

- 2 Use - and + to adjust each color value.

- 3 Touch .

### NOTE

- You can create a color based on a preset color. Touch the preset color instead of **User**, and adjust the color value.

## Change the wallpaper image or color

1 Touch **Wallpaper Customize** in the Display & Button setting menu.

2 Select an image.

\*<sup>1</sup>The album art currently being displayed is used as a wallpaper.

\*<sup>2</sup>Select a wallpaper color in advance.

\*<sup>3</sup>Select an original image in advance.

### To select wallpaper color

1 Touch **Wallpaper Color** on the Wallpaper Customize screen.

2 Select a wallpaper color.

#### User

You can set the color created with the RGB color mixer. For how to create an original color, see **To register an original color (P.70)**.

#### Car Color

This can be selected when the iDatalink (commercially available) is connected.

#### Button Illumination Sync \*1

The color you have selected at **Button Illumination Color** can be set. If you adjust the color value with the following RGB color mixer, the adjusted color will be applied to the wallpaper and the button illumination.

For how to set the button illumination color and create an original color, see **Customizing the button color (P.70)**.

"ON"/"OFF" (default)

\*1 When **Button Illumination Color** is "Variable", this option is fixed to OFF.

3 Touch .

### To register an original image

With "KENWOOD Portal APP" application installed on your iPhone or Android smartphone, you can upload image files to this unit and set an image as the wallpaper image. See **Importing Image Files (P.21)**.

## User Interface Setup

You can setup user interface parameters.

1 Press the **HOME/◊** button.

2 Touch .

3 Touch **SETUP**.

► **SETUP** Menu screen appears.

4 Touch **User Interface**.

► User Interface setting menu appears.

5 Set each parameter as follows.

#### Source Setup - Remote Control

Select the sources to be switched with the remote controller. For how to operate the remote controller, see **Basic Operation (P.87)**.

#### Beep

Turn the key touch tone on or off.

Default is "ON".

### ■ Parking Assist Display

When the iDatalink (commercially available) is connected, you can display information about obstacles around the car.

**ON**: Always displays information.

**Dyn.** (Default): Displays information when the sensor detects obstacles.

**OFF**: Cancels this function.

This can be set when the iDatalink (commercially available) is connected.

### ■ Parking Assist Position

Select where to display information about obstacles on the screen (left or right).

"Left"/"Right" (Default)

This can be set when the iDatalink (commercially available) is connected.

### ■ Driving Position

Select the driving position (left or right).

"Left" (Default)"/"Right"

## System Setup

You can setup system parameters.

- 1 Press the **HOME**/**髯** button.
- 2 Touch  **SETUP**.
- 3 Touch  **SETUP**.  
► SETUP Menu screen appears.
- 4 Touch  **System**.  
► System setting menu appears.
- 5 Set each parameter as follows.

### ■ DEMO

Select the demonstration mode. Default is "ON".

### ■ Software Information

Confirm the software version of this unit. (P.73)

### ■ Open Source Licenses

Display the open source licenses.

### ■ Initialize

Touch **Initialize** and then touch **Yes** to set all the settings to the initial default settings.

• Audio SETUP Memory is not initialized.

### ■ OEM SETUP

Confirm the information about or change the settings for using the iDatalink (commercially available).

### ■ Language Select Mode

Switch the mode to select a language.

**Easy** (Default): Selects a language easily.

**Advanced**: Allows you to select languages for respective items.\*

### ■ Language Select

Select a language.

### ■ Time Format

#### ■ Clock

#### ■ Time Zone

#### ■ Clock Adjust

You can set the date and time. See

**Calendar/clock settings (P.9)**.

\* If you select **Advanced** for **Language Select Mode**, the following screen appears.

### ■ GUI Language Select

Select the display language used for the control screen and so forth.

### ■ Navigation Language Select

Select the language used for navigation.

## ■ Software Information

You can confirm the software version of this unit.

**1** Touch **Software Information** in the System setting menu.

**2** Confirm the software version.

### NOTE

- For how to update the software, see the relevant update procedure manual which comes with the software.

# Controlling Audio

You can adjust various settings such as audio balance or subwoofer level.

1 Press the **HOME/⌚** button.

2 Touch .

3 Touch **Audio**.

See the following section for each setting.

- Set up Speaker / X'over (**P.75**)
- Controlling EQ / SW Level (**P.76**)
- Set Position / DTA (**P.77**)
- Controlling FAD / BAL / Zone (**P.79**)
- Set Volume Offset (**P.81**)
- Set Sound Effect (**P.81**)
- Use Audio Memory (**P.85**)

## NOTE

- When the iDatalink (commercially available) is connected, the best audio settings are set automatically.  
Each parameter as follows are set.
  - Speaker / X'over
  - EQ / SW Level
  - Position / DTA
  - FAD / BAL / Zone
  - Sound Effect
- To recall the settings automatically adjusted by the iDatalink connection when the settings are changed manually, touch **Audio SETUP Clear** in the Audio Memory setting menu. (**P.85**)

## 3-way speaker system setup

Select the appropriate crossover network mode for the speaker system used (2-way or 3-way speaker system).

### ⚠ CAUTION

- Connecting 3-way speakers with the 2-way mode selected can break the speakers.

1 Press the **HOME/⌚** button.

➤ HOME screen appears.

2 Touch .

➤ Source selection screen appears.

3 Touch **STANDBY**.

4 Press the  button ① followed by the **HOME/⌚** button ② for 1 second at the same time.

➤ Speaker system select screen appears.

5 Select the crossover network mode.

➤ A confirmation screen appears.

6 Touch **Yes**.

**NOTE**

- When the 3-way speaker system is selected, the following functions are disabled.
  - Front focus of Listening Position / DTA
  - Fader for Controlling General Audio
  - Zone Control
  - Selection of the speakers to output sound from the smartphone/cell-phone of Bluetooth HF/ Audio
  - Beep for User Interface Setup
- While talking on the paired phone or using the voice recognition function, the speaker system cannot be switched.
- When the dual zone is selected and audio source other than "OFF" is selected as Rear Source, the speaker system cannot be switched to the 3-way mode.

**Speaker / X'over setup**

**1** Press the **HOME/** button.

**2** Touch .

**3** Touch **Audio**.

► Audio screen appears.

**4** Touch **Speaker / X'over**.

**5** Select a car type.

You can select the car type and speaker network, etc.

When you select your car type, the Delay Time Alignment is activated automatically (for timing adjustment of sound output for each channel) to have the highest surround effects.

**6** Touch the speaker (①) you wish to adjust and set each parameter (②) as follows.

**Speaker**

You can select a speaker type and its size to get the best sound effects.

When the speaker type and size are selected, the speaker crossover network is set automatically.

**Location (Only for Front, Rear)**

Select the speaker position you have installed.

**Tweeter (Only for Front)**

You can set up the tweeter when you are selecting front speakers.

None, Small, Medium, Large

**HPF FREQ (Only for Front, Rear)**

High Pass Filter adjustment.

**LPF FREQ (Only for Subwoofer)**

Low Pass Filter adjustment.

**Slope**

Set a crossover slope.

**Gain**

Adjust the gain of the front speaker, rear speaker, or subwoofer.

**TW Gain (Only for Front)**

Adjust the tweeter level.

**Phase Inversion (Only for Subwoofer)**

Set the phase of subwoofer output.

Check **Phase Inversion** to shift the phase 180 degrees.

## When Speaker network is set to 3-way:

**Speaker**

You can select a speaker type and its size to get the best sound effects. If you have no speakers, select "None".

When the speaker type and size are selected, the speaker crossover network is set automatically.

**FREQ (High Pass)**

High Pass Filter adjustment. (Only for High Pass)

**FREQ (Low Pass)**

Low Pass Filter adjustment. (Only for Low Pass)

**HPF FREQ, LPF FREQ (Only for Band Pass)**

Band Pass Filter adjustment.

**Slope \*1\*2**

Set a crossover slope.

**Gain**

Set the gain of each speaker.

**Phase Inversion**

Set the phase of tweeter, mid range, and woofer output.

Check **Phase Inversion** to shift the phase 180 degrees.

\*1 Only when "LPF FREQ"/"HPF FREQ" (Band Pass) is set to a mode other than "Through".

\*2 Only when "FREQ" (Low Pass) is set to a mode other than "Through".

**NOTE**

- For how to switch to the 3-way speaker system, see **3-way speaker system setup (P.74)**.

**Equalizer Control**

You can adjust equalizer by selecting the optimized setting for each category.

**1 Press the **HOME**/**⊖** button.**

**2 Touch **SETUP**.**

**3 Touch **Audio**.**

► Audio screen appears.

**4 Touch **EQ / SW Level**.**

**5 Touch the screen and set the Graphic Equalizer as desired.**

**Gain level (area in dotted frame)**

Adjust the gain level by touching each frequency bar.

You can select a frequency bar and adjust its level by **▲**, **▼**.

**ALL SRC**

Apply the adjusted equalizer curve to all sources. Touch **ALL SRC** and then touch **OK** on the confirmation screen.

**Memory**

Saves the adjusted equalizer curve as "User1" to "User4". (P.77)

**Initialize**

Initialize (flatten) the current EQ curve.

**Bass EXT (Bass Extend Settings)**

When turned on, the frequencies lower than 62.5 Hz is set to the same gain level (62.5 Hz).

**SW Level**

Adjust the subwoofer volume. This setting is not available when Subwoofer is set to "None". See **Speaker / X'over setup (P.75)**.

**Pops / Easy / Top40 / Jazz / Powerful / Rock / Flat / Bass Boost / User1 / User2 / User3 / User4**

Recall the preset EQ curve.

## Save the EQ curve

- 1 Adjust the EQ curve.
- 2 Touch **Memory**.
- 3 Select where to save.

## Listening Position / DTA

Listening Position / DTA allows you to improve the sound field depending on the position of the seat you sit.

Listening Position / DTA allows you to set "Listening Position" and "Front Focus". You cannot set both at the same time.

- 1 Press the **HOME/⌚** button.

- 2 Touch **⚙**.

- 3 Touch **Audio**.

➤ Audio screen appears.

- 4 Touch **Position / DTA**.

- Set up Listening Position (**P.77**)
- Set up Front Focus (**P.78**)

## Listening Position

Adjust the sound delay time so that the sounds from different speakers arrive at the listener sitting on the selected seat at the same time.

- 1 Touch **Listening Position** on the Position / DTA screen.
- 2 Select a listening position from **Front R** (Right front), **Front L** (Left front), **Front All** (All front), and **All**.

### Position DTA control

You can fine-adjust your listening position.

- 1 Touch **Adjust**.
- 2 Touch **Delay**.
- 3 Touch **◀** or **▶** to adjust the delay time of the selected speaker.

- 4 Touch **Level**.

- 5 Touch **◀** or **▶** to adjust the sound level of the selected speaker.

#### NOTE

- To initialize the Delay and Level settings, touch **Initialize** and **YES** on the confirmation screen.

### Front Focus

You can focus the imaginary sound image on the front of the selected seat.

- 1 Touch **Front Focus** in the Position / DTA screen.

- 2 Select a front focus position.

For **Front All** and **All**, select Priority L or R depending on which side you want to put the imaginary sound image.

#### NOTE

- When the 3-way speaker system is selected, front focus feature is disabled.

### Front Focus fine adjustment

- 1 Touch **Adjust**.

- 2 Touch **Delay**.

- 3 Set each parameter as follows.

#### ■ Sound Image LR (Front)

Focus the sound image on the front of front seats.

#### ■ Sound Image LR (Rear)

Focus the sound image on the front of rear seats.

## ■ Size of the Virtual Sound Field

Adjust the size of sound image to meet your taste. If the sound image is shifted from the front, move it back by **Sound Image LR (Front)** or **Sound Image LR (Rear)**.

## ■ Subwoofer Delay

Adjust the delay time of subwoofer sound.

### 4 Touch Level.

### 5 Touch **◀** or **▶** to adjust the sound level of the selected speaker.

#### NOTE

- To initialize the Delay and Level settings, touch **Initialize** and **YES** on the confirmation screen.

## Fader / Balance / Zone Control

### 1 Press the **HOME**/**◊** button.

### 2 Touch **◊**.

### 3 Touch **Audio**.

➤ Audio screen appears.

### 4 Touch **FAD / BAL / Zone**.

- Fader / Balance Control (P.79)
- Set up Zone Control (P.80)

## ■ Fader / Balance Control

You can adjust the volume balance among the speakers.

### 1 Touch **◀**, **▶**, **▲**, and **▼** to adjust the volume balance.

**◀** and **▶** adjust the left and right volume balance.

**▲** and **▼** adjust the front and rear volume balance.

## ■ Center

Clear the adjustment.

#### NOTE

- When the 3-way speaker system is selected, "Fader" adjustment is disabled.

### Zone Control

You can select different sources for front and rear positions in the vehicle.

#### 1 Touch Dual Zone on the FAD / BAL / Zone screen.

#### ■ Source

You can switch the current source.

#### 2 Set each source as follows.

#### ■ Zone Select

Touch **Single Zone** to turn off the dual zone function.

#### ■ Front Source, Rear Source

Select an audio source for each.

Rear Source;

"AV-IN"/"iPod"/"SD"/"USB"/"OFF"

#### ■ Rear VOL.

Adjust the rear source volume.

### NOTE

- When the rear source is switched, the audio source that is output at the AV OUTPUT terminal is also switched to the same source.
- When the dual zone function is set to on, the following functions are not available.
  - Output from the subwoofer
  - Subwoofer Level/Bass Boost (**P.81**)
  - Equalizer Control/Sound Effect/Listening Position (**P.76, 81, 77**)
  - Speaker Setup (**P.75**)
  - Fader for Controlling General Audio
  - High-resolution Sound Source File Playback
- When the dual zone is selected and audio source other than "OFF" is selected as Rear Source, the speaker system cannot be switched.
- You cannot select AV-IN if the Video input terminal is used for camera.

#### Rear Source

- You cannot select iPod if it is connected via Bluetooth or Apple CarPlay is connected.
- If you select iPod as the Front Source, you cannot select USB or SD as the Rear Source.
- If you select USB as the Front Source, you cannot select iPod or SD as the Rear Source.
- If you select SD as the Front Source, you cannot select iPod or USB as the Rear Source.
- If you select HDMI as the Front Source, files with sampling rates higher than 96 kHz in USB or SD selected as the Rear Source are skipped.
- If you select Bluetooth audio, HD Radio, Wireless Mirroring, Apple CarPlay or Android Auto as the Front Source, you cannot select USB, SD or iPod as the Rear Source.

## Volume Offset

Finely adjust the volume of the current source to minimize the difference in volume between different sources.

1 Press the **HOME/** button.

2 Touch .

3 Touch **Audio**.

➤ Audio screen appears.

4 Touch **Volume Offset**.

5 Touch + or - to adjust the level.

### ■ Initialize

Returns to the initial settings.

Touch **Initialize** and then touch **YES** on the confirmation screen.

### NOTE

- If you have increased the volume first, then reduce the volume using "Volume Offset".
- Switching the current source to another source suddenly may output extremely loud sound.

## Sound Effect

You can set sound effects.

1 Press the **HOME/** button.

2 Touch .

3 Touch **Audio**.

➤ Audio screen appears.

4 Touch **Sound Effect**.

5 Set each parameter as follows.

### ■ Bass Boost

Set the amount of bass boost  
"OFF"/"1"/"2"/"3".

### ■ Loudness

Set the amount of boost of low and high tones.

"OFF", "Low", "High"

### ■ Drive Equalizer+

The sound quality is automatically optimized to meet the current car speed by GPS.  
"OFF", "ON"

### ■ Space Enhancer

Select the feeling of sound space enhancement.

"OFF"/"Small"/"Medium"/"Large".

This setting is not available for the HD Radio tuner source.

### ■ Supreme

Turn ON/OFF the Supreme function.

Technology to extrapolate and supplement with proprietary algorithm, the high-frequency range that is cut off when encoding.

### ■ Realizer

Virtually make the sound more realistic using the Digital Signal Processor (DSP) system.  
Select the level from "OFF"/"1"/"2"/"3".

### ■ Stage EQ

You can adjust the height of speakers virtually to suit your listening position.

"OFF"/"Low"/"Middle"/"High".

### ■ Parametric EQ

When set to "ON", you can use the parametric equalizer. For details, see **Parametric Equalizer (P.82)**.

## Parametric Equalizer

In addition to the conventional Graphic Equalizer, this unit has a parametric equalizer, which allows you more precise adjustments. By using each equalizer properly, you can calibrate the unit more thoroughly. Adjustment using this function requires expertise.

### When to Use Each Function

#### ● Parametric Equalizer

Use this to finely correct or improve the frequency characteristics of the acoustics of the car in order to establish a basis for adjustments.

Practiced ears or a measuring equipment may be required to apprehend the problems of the sound field inside the car.

#### ● Graphic Equalizer

Use this to actively create an attractive sound as conventionally.

Everybody can easily get the result through trial and error of intuitive operations.

Even more effective adjustments are possible when the basis is established by using the Parametric Equalizer.

## About the Parametric Equalizer

This system allows you to freely control the filter, frequency, Q factor (acuteness) and slope gain at 14 points consisting of 9 points common for front/rear/subwoofer, 2 points for front only, 2 points for rear only, and one point for subwoofer only.

#### NOTE

- Configure the Parametric Equalizer to establish the basis for adjustments before making adjustments using the Graphic Equalizer.
- The changes made using the Parametric Equalizer are not shown on the Graphic Equalizer screen.
- You can check the effects using the Parametric Equalizer ON/OFF key.

## About Adjustments

If there are unpleasant peaks, you can slide the peaking filter to the left or right and search the frequencies by ear. Studio engineers use this method to make adjustments quickly and efficiently.

However, in order to identify peaks and dips of a car audio system, you have to capture the pink noise outputted from the speaker using a microphone and analyze it using a real time analyzer (RTA). From the analysis result, identify the peaks and/or dips that need to be corrected and configure the filters to cancel them.

## About the Filters of Parametric Equalizer

Filters allow you to remove or extract specific sound through signal processing.

#### NOTE

- Cutoff frequency is the boundary between the passband and the stopband. The definition of cutoff frequency is a frequency for which the output is -3 dB of the nominal passband value.

## ● High-Pass Filter

Passes signals with frequencies higher than a certain frequency (fc: cutoff frequency) and attenuates signals with frequencies lower than the cutoff frequency. Use this to pass only high-frequency signals. Use this in the following cases for example:

- For extracting the frequency band for separate tweeters. By extracting the specific frequency band, level adjustment can be made to the frequency band individually.
- The sound may be muddy when you play back low frequency sound. This occurs when frequencies below the speaker capacity is inputted. To cancel this, use the high-pass filter to cut off the frequencies below the speaker capacity.

## ● High-Shelving Filter/Low-Shelving Filter

These filters reduce or increase signals above or below a certain frequency (fc: cutoff frequency), which create shelves in the frequency spectrum. A high-shelving filter reduces or increases the frequencies above the target frequency and a low-shelving filter reduces or increases the frequencies below the target frequency. The low shelf controls the lower frequencies and the high shelf controls the high frequencies. Use these in the following cases for example:

- When you want to change the volume of the tweeters, for example when they are close to your ears and are sounding too loud.
- When you want to change the subwoofer volume at hand.

## ● Peaking Filter

The frequencies in the vicinity of a certain frequency (f0: center frequency) are boosted or attenuated. Use this in the following cases for example:

- When you want to control a narrow range of frequencies to correct the frequency abnormality in the car.
- To diminish a chattering noise from the speaker by attenuating the frequency range of the noise.
- To adjust of the sound balance of the whole range between the low end and the high end.

## ● Low-Pass Filter

Passes signals with frequencies lower than a certain frequency (fc: cutoff frequency) and attenuates signals with frequencies higher than the cutoff frequency. Use this to pass only low-frequency signals. Use this in the following cases for example:

- For extracting the low frequencies band for a subwoofer.
- For extracting middle/low frequencies when you are using speakers with separate tweeters and you want to output the high frequencies to the tweeters and output the middle/low frequencies to the woofers.
- To cut the high frequencies when they are too loud.

## Adjust the Parametric Equalizer

### Preparation

- Correct the value in "Listening Position" and "Front Focus" before adjusting the parametric equalizer. See **Listening Position / DTA (P.77)**.

- Press the **HOME/** button.
- Touch **■**.
- Touch **Audio**.
- Touch **Sound Effect**.
- Set the Parametric EQ to **ON** and touch **Yes**.
- Touch **SETUP**.
  - Parametric EQ screen appears.
- While auditioning music, move the peaking filter to the left and right to search for unpleasant peaks and suppress them.
- Use pink noise and an analyzer to identify dips, as dips are difficult to find.
 

Correct steep (10 dB or greater) peaks and dips as these are generally regarded as obstructions to sound quality.
- Set each parameter as follows.

### 1 Speaker

Select the speaker.

#### When Speaker network is set to 2-way:

"Common" / "Front" / "Rear" / "Subwoofer"

#### When Speaker network is set to 3-way:

"Common" / "Tweeter" / "Middle" / "Woofer"

### 2 EQ points/curve

Displays the EQ point and the curve. Adjust the EQ points by touching.

**EQ point (red):** The EQ point currently being adjusted.

**EQ point (blue/yellow):** EQ points that are not currently being adjusted.

**Curve (orange):** EQ curve of the speaker currently being adjusted.

**Curve (blue):** Overall EQ curve.

### 3 Filter

Select the filter.

"High Pass" / "High Shelving" / "Peaking" / "Low Shelving" / "Low Pass"

### 4 Affects All Speakers \*

- ON:** Outputs sound from all speakers.
- OFF:** Outputs sound from the currently selected speaker only.

### 5 Initialize / Flat

- Initialize:** Initialize (flatten) the adjustment of all the speakers.
- Flat:** Initialize (flatten) the adjustment of the current speaker.

### 6 Frequency / Gain

Set the frequency and gain.

◀ and ▶ adjust the frequency.

▲ and ▼ adjust the gain.

#### NOTE

- Touch the EQ point to roughly determine the frequency and gain, then use this key to make fine adjustments.

### 7 Q / Slope \*

Set the Q factor and slope.

### 8 Point

Select the EQ point to adjust.

### 9 Preset

- User1** / **User2** / **User3**: Recalls the preset EQ.
- Memory**: Stores the current EQ settings.

\*1 Only when the speaker other than "Common" is selected.

\*2 When "Peaking" filter is selected, you can adjust the Q factor. When "High Pass" or "Low Pass" filter is selected, you can adjust the slope.

#### NOTE

- You can adjust the EQ points and curve based on a preset EQ. Recall the preset EQ and touch the preset key again to unselect it before adjustment.

**10** When you have finished adjustments, save the results as a preset, and check the effects by switching presets or turning the Parametric EQ **ON** and **OFF**.

**11** Use the Graphic Equalizer to make final adjustments. (P.76)

## Audio Setup memory

Audio Control settings can be memorized. The memorized settings can be recalled at any time.

**1** Press the **HOME** /  button.

**2** Touch .

**3** Touch **Audio**.

➤ Audio screen appears.

**4** Touch **Audio Memory**.

### ■ SETUP Memory

Lock or unlock the Audio SETUP Memory/Recall/Clear.

### ■ Audio SETUP Memory

Memorize the current audio settings.

- FAD / BAL / Zone, Speaker / X'over, Equalizer (User Preset, SW Level), Position / DTA, Sound Effect (P.74)

### ■ Audio SETUP Recall

Recall the memorized audio setting.

### ■ Audio SETUP Clear

Clear the Audio SETUP Memory and the currently memorized audio settings.

If the iDatalink (commercially available) is connected, the audio settings revert to the values set by the iDatalink.

# Remote control

This unit can be operated using the remote control KNA-RCDV331 (optional accessory).

## ▲ CAUTION

- Risk of fire or explosion if the battery is replaced by an incorrect type. Ensure to replace only with the same type.
- Risk of fire, explosion or the leakage of flammable liquid or gas if the battery is left in an extremely high temperature surrounding environment and/or subjected extremely low air pressure. The battery pack or batteries shall not be exposed to excessive heat such as sunshine, fire or the like.
- Risk of fire, explosion or the leakage of flammable liquid or gas if the battery is disposed into fire or a hot oven, recharged, shorted, mechanically crushed or cut of the battery.
- If spilled fluid comes in contact with your eyes or on clothing, immediately rinse with water and consult a physician.

## Battery Installation

If the remote control operates only over shorter distances or does not operate at all, it is possible that the batteries are depleted. In such instances, replace the both batteries with new ones.

- 1 Insert two "AAA"/"R03"-size batteries with the  $\oplus$  and  $\ominus$  poles aligned properly, following the illustration inside the case.

## Functions of the Remote control Buttons

### ■ Switch the operation mode

The functions operated from the remote control differ depending on the position of the mode switch.

#### ■ AUD mode

Switch to this mode when controlling a selected source or tuner source, etc.

#### ■ DVD mode

Not used.

#### ■ TV mode

Not used.

#### ■ NAV mode

Switch to this mode when controlling navigation function.

## NOTE

- When controlling a player that is not integrated in the unit, select "AUD" mode.

## ■ Direct search mode

Using the remote control, you can jump directly to the desired channel by entering the number corresponding to the content.

### NOTE

- This operation cannot be performed for the USB device and iPod.

### 1 Press the #BS button several times until the desired content appears.

The available contents are different depending on the source type.

#### ■ HD Radio tuner

Frequency value/Channel number

#### ■ SiriusXM

Channel number

### 2 Enter the number of the content you want to play using the numeric keypad.

### 3 Press the ▲ or ▼ button.

► The content corresponding to the number you entered is played.

## ■ Basic Operation

	Key Name	Mode switch	Function
1	SRC	AUD	Switches to the source to be played. (P.71) In Hands-Free mode, hangs up the phone.
2	NAV	—	Switches between the navigation and the source screens.
3	MENU	NAV	Displays Main menu.
4	OUT, IN	NAV	Zooms in or out the navigation map.
	POSITION	AUD	Pauses the track or file, and resumes playing by pressing twice. For the HD Radio source, switches the seek mode.
5		NAV	Displays the current position.
6	Cursor Key	NAV	Moves the cursor or scrolls the map.
7	ENTER	NAV	Performs the selected function.
8	ROUTE M	AUD	Screen mode changes each time you press this key during video playback.
		NAV	Displays Where To menu.
9	VOICE	AUD	Displays the control screen of current source. (USB, SD)
		NAV	Speaks the voice guidance.
10	VIEW	AUD	Switches the AV source to be output.
		NAV	Switches between 2D and 3D map displays.
11	MAP DIR	NAV	Switches between the heading up navigation and north up navigation map displays.
12	▲/▼	AUD	Selects the folder to be played. For the HD Radio source, selects FM/AM band to be received. For the SiriusXM source, selects the band to be received.

	<b>Key Name</b>	<b>Mode switch</b>	<b>Function</b>
<b>13</b>	◀/▶	AUD	Selects the track or file to be played. For the HD Radio and SiriusXM sources, switches to broadcast stations received by the unit.
<b>14</b>	Numeric Keypad	AUD	Allows you to enter the number to search in the direct search mode. For details on the direct search mode, see <b>Direct search mode (P.87)</b> . For the HD Radio and SiriusXM sources, allows you to enter the preset number. <ul style="list-style-type: none"><li>• If the preset number is one digit, press the number.</li><li>• If the preset number is two digits, press continuously the numbers within 3 seconds.</li><li>• Pressing <b>◀/▶</b> within 3 seconds allows you to determine the preset number of one digit.</li></ul>
<b>15</b>	* +	—	Not used.
<b>16</b>	# BS	AUD	Switches to the direct search mode. For details on the direct search mode, see <b>Direct search mode (P.87)</b> .
<b>17</b>	AUDIO	—	Not used.
<b>18</b>	CANCEL	NAV	Cancels the operations.
<b>19</b>	SUBTITLE	—	Not used.
<b>20</b>	📞	—	When a call comes in, answers the call.
<b>21</b>	ANGLE	—	Not used.
<b>22</b>	Vol ▲▼	—	Adjusts the volume.
<b>23</b>	ZOOM	—	Not used.
<b>24</b>	2 ZONE	AUD	Switches the Dual Zone function on and off.
<b>25</b>	R.VOL ▲▼	—	Adjusts volume at rear when the Dual Zone function is on.
<b>26</b>	ATT	—	Lowers the volume when pressed once. Restores the previous volume when pressed twice.

# Connection/Installation

This section is for the professional installer. For safety's sake, leave wiring and mounting to professionals. Consult the car audio dealer.

## Before Installation

Before installation of this unit, please note the following precautions.

### ⚠️ WARNINGS

- If you connect the ignition wire (red) and the battery wire (yellow) to the car chassis (ground), you may cause a short circuit, that in turn may start a fire. Always connect those wires to the power source running through the fuse box.
- Do not cut out the fuse from the ignition wire (red) and the battery wire (yellow). The power supply must be connected to the wires via the fuse.

### ⚠️ CAUTION

- Install this unit in the console of your vehicle. Do not touch the metal part of this unit during and shortly after the use of the unit. Metal part such as the heat sink and enclosure become hot.

### NOTE

- Mounting and wiring this product requires skills and experience. For best safety, leave the mounting and wiring work to professionals.
- Do not install the unit if it becomes an obstacle to driver performance.
- Adjust the panel position not to become an obstacle to driver performance.
- Adjust the panel position so that the panel can be moved to an angle that allows an SD card to be inserted and removed.
- Make sure to ground the unit to a negative 12V DC power supply.
- Do not install the unit in a spot exposed to direct sunlight or excessive heat or humidity. Also avoid places with too much dust or the possibility of water splashing.
- Do not use your own screws. Use only the screws provided. If you use the wrong screws, you could damage the unit.

• If the power is not turned ON ("There is an error in the speaker wiring. Please check the connections." is displayed), the speaker wire may have a short-circuit or touched the chassis of the vehicle and the protection function may have been activated. Therefore, the speaker wire should be checked.

- If your car's ignition does not have an ACC position, connect the ignition wires to a power source that can be turned on and off with the ignition key. If you connect the ignition wire to a power source with a constant voltage supply, such as with battery wires, the battery may be drained.
- If the console has a lid, the lid will not be closed even when the unit is installed correctly.
- If the fuse blows, first make sure the wires are not touching to cause a short circuit, then replace the old fuse with one with the same rating.
- Insulate unconnected wires with vinyl tape or other similar material. To prevent a short circuit, do not remove the caps on the ends of the unconnected wires or the terminals.
- Connect the speaker wires correctly to the terminals to which they correspond. The unit may be damaged or fail to work if you share the  $\ominus$  wires or ground them to any metal part in the car.
- When only two speakers are being connected to the system, connect the connectors either to both the front output terminals or to both the rear output terminals (do not mix front and rear). For example, if you connect the  $\oplus$  connector of the left speaker to a front output terminal, do not connect the  $\ominus$  connector to a rear output terminal.
- After the unit is installed, check whether the brake lamps, blinkers, wipers, etc. on the car are working properly.
- Mount the unit so that the mounting angle is 30° or less.
- This unit has the cooling fan to decrease the internal temperature. Do not mount the unit in a place where the cooling fan of the unit is blocked. Blocking these openings will inhibit the cooling of the internal temperature and result in malfunction.

Cooling fan

- Do not press hard on the panel surface when installing the unit to the vehicle. Otherwise scars, damage, or failure may result.
- Reception may drop if there are metal objects near the Bluetooth/Wi-Fi antenna.

Bluetooth/Wi-Fi antenna unit

● **Forward and Lateral Fields of Vision**

- To determine driver's forward and lateral fields of vision under normal conditions, place a pole (directly visible from the front or visible through the car rear-view mirror) as shown.

○ : Pole (height: 1m, diameter: 0.3m)

■ : Field of vision from steering position

■ : Exempted area (pole size is subject to regulation)

- For right hand drive vehicles, standards are reversed.

\*1 The pole must be visible from the driver's position as direct forward field of vision.

\*2 The pole must be directly visible or indirectly visible through the mirror, etc. from the driver's position.

■ **Supplied accessories for installation**

①		x1
②		x1
③		x1
④		x6
⑤		x6
⑥		x1
⑦		x1
⑧		x1
⑨		x2
⑩		x1
⑪		x6

## ■ Installation procedure

- 1) To prevent a short circuit, remove the key from the ignition and disconnect the  $\ominus$  terminal of the battery.
- 2) Remove the vehicle parts for installing the unit and connecting wires to terminal.
- 3) Make the proper input and output wire connections for each unit.
- 4) Connect the speaker wires of the wiring harness.
- 5) Connect the wiring harness wires in the following order; ground, battery, ignition.
- 6) Determine the height of the display unit and position of the slider. See ***Distance between the display unit and the main unit (P.92)***.
- 7) Connect the wiring harness connector to the unit.
- 8) Install the main unit to the vehicle.
- 9) Reinstall the vehicle parts.
- 10) Install the display unit.
- 11) Reconnect the  $\ominus$  terminal of the battery.
- 12) Perform the Initial Setup.  
See ***Initial SETUP (P.9)***.

## Installing the unit

### ■ Confirm the installing position of the display unit

#### ● Vehicles cannot be installed

It may be possible to install if it can avoid the following by adjustment for slider position and display height.

Lever operations are interfered such as shift lever, wiper lever, winker lever when install the unit.	A hazard switch is hidden from a driver seat.	The display unit hits a panel on the vehicle.

#### ● Distance between the display unit and the main unit

Adjust slider position and display height so that it does not interfere with display movement.

Slider position	Display angle			Display height				
	-10°	0°	45°					
Back position				-10°	a b c d	10 50.9 63.8 76.5		
				0°	a b c	26.7 47.7 60.7	73.7	
				45°	d	55.4 46.3 37.1	27.8	
				-10°	a b c d	30.1 50.9 63.8 76.5		
				0°	a b c	46.7 60.7 73.7		
				45°				53.3

Unit: mm

#### Examples

Cluster panel on the vehicle

Slider in back position

Slider in forward position

- C'=50mm;  
Slider position: Forward position  
Display height: Set only "4"

- C'=30mm;  
Slider position: Back position  
Display height: Set only "4"

- Slider position: Forward position  
Display height: Set "2"~"4"

## Positioning the slider in forward

1 Remove the four screws from the bottom of the main unit.

2 Remove the two cover for back position, and then remove the two hexagon head screws from the bracket for back position.

3 Pull the slider block forward and remove the two hexagon head screws to remove the bracket for back position.

4 Install the bracket for forward position (accessory ⑩) each side so that its projections are aligned with the slots on the main unit.

5 Fix the bracket for forward position to the slider block with the two hexagon head screws. Push the slider block until it stops and then fix the bracket for forward position to the main unit with the two hexagon head screws.

6 Reinstall the four screws to the bottom of the main unit.

7 Install the cover for forward position (accessory ⑨) to two locations, as shown.

## ■ Adjusting the display height

**1 Remove the four flat head screws from both sides.**

**2 Adjust the display height according to the screw hole position.  
Default is "1".**

**3 Reinstall the four flat head screws on both sides and fix the display.**

### NOTE

- Fix with flat head screws correctly. After installing the display unit (accessory ⑧) to the main unit, tilt the display forward until it stops and confirm that the display unit (accessory ⑧) does not hit vehicle parts. If the display unit hits vehicle parts, adjust the display height again.

## ■ GPS antenna

GPS antenna is installed inside of the car. It should be installed as horizontally as possible to allow easy reception of the GPS satellite signals.

To mount the GPS antenna inside your vehicle:

- 1) Clean your dashboard or other surface.
- 2) Remove the separator of the metal plate (accessory ⑦).
- 3) Press the metal plate (accessory ⑦) down firmly on your dashboard or other mounting surface. You can bend the metal plate (accessory ⑦) to conform to a curved surface, if necessary.
- 4) Remove the separator of the GPS antenna (accessory ⑥), and stick the antenna to the metal plate (accessory ⑦).

### NOTE

- Use the supplied GPS antenna. Using the GPS antenna other than the supplied one may cause a drop in positioning accuracy.
- Depending on the type of car, reception of the GPS satellite signals might not be possible with an inside installation.
- Please install this GPS antenna in an area away from any antennas that are used with CB radios or satellite televisions.
- The GPS antenna should be installed at a position that is spaced at least 12 inch (30 cm) from smartphone/cell-phone or other transmitting antennas. Signals from the GPS satellite may be interfered with by these types of communication.
- Painting the GPS antenna with (metallic) paint may cause a drop in performance.

## Microphone unit

- Check the installation position of the microphone (accessory ③).
- Clean the installation surface.
- Remove the separator of the microphone (accessory ③), and stick the microphone to the place shown below.
- Wire the microphone cable up to the unit with it secured at several positions using tape or other desired method.
- Adjust the direction of the microphone (accessory ③) to the driver.

Fix a cable with a commercial item of tape.

## Installing the main unit

### NOTE

- Determine the slider position before installing the main unit. **(P.93)** The slider position cannot be changed after installing to the vehicle.
- Make sure that the unit is installed securely in place. If the unit is unstable, it may malfunction (eg, the sound may skip).

- Remove parts that interfere with installing such as a panel on the vehicle.

- Install the car bracket to the main unit.

- Connect the wiring harness wires and peripheral equipment.

- Install the main unit to the vehicle.

- Reinstall the removed parts such as a panel on the vehicle.

- Install the display unit (accessory ⑧) to the main unit.

### NOTE

- If the display unit hits a panel on the vehicle, adjust the display height by referring to **Adjusting the display height (P.94)**.

- Fix the display unit with six hexagon head screws (accessory ⑪).

**8** Attach the protective cover (accessory ⑫) to coupling part, and then fix it with two binding head screws (accessory ⑬).

**NOTE**

- If the protective cover (accessory ⑫) is not attached, this unit will not turn on. Even if the unit is turned on, the power may be turned off halfway.  
Be sure to attach the protective cover (accessory ⑫).

**9** Raise the display manually.

## Connecting wires to terminals

## 3-way speaker system setup

### NOTE

- For speaker system setup, see **3-way speaker system setup (P.74)**.
- For speaker setup and crossover setup, see **Speaker / X'over setup (P.75)**.
- For how to connect speaker wires to terminals other than speaker terminals and Preout terminals, see **Connecting the system and external components (P.98)** and **Connecting wires to terminals (P.97)**.

## Connecting the system and external components

**1** Accessory ③: Bluetooth Microphone

**2** FM/AM antenna input

**3** AV Audio output (ø3.5 mini jack)

**4** When connecting to an external amplifier, connect its ground wire to the car's chassis to avoid damaging the unit.

Rear Audio Preout  
(Left: White, Right: Red)

Front Audio Preout  
(Left: White, Right: Red)

Subwoofer Preout  
(Left: White, Right: Red)

**5** SiriusXM Connect Vehicle Tuner connector  
For more information on how to install the SiriusXM Connect Vehicle tuner, consult the installation guide included with the tuner.

[6]	HDMI input Use HDMI cable KCA-HD100 (optional accessory). When you connect the cable to HDMI terminal, remove the fixture. After connecting the cable, put the fixture again.
[7]	iDatalink connector
[8]	Dashboard camera interface Connect a Dashboard Camera DRV-N520 (optional accessory). (P.101)
[9]	AV Audio input ( $\varnothing$ 3.5 mini jack)
[10]	Accessory ⑥: GPS Antenna Use the supplied GPS antenna. Using the GPS antenna other than the supplied one may cause a drop in positioning accuracy.
[11]	3rd view camera input (Yellow). See <b>To set up the camera assignment settings (P.64)</b> .
[12]	Rear view camera input (Yellow)*1
[13]	Front view camera/Dashboard camera input (Yellow)*2 See <b>To set up the camera assignment settings (P.64)</b> .
[14]	Video output (Yellow)
[15]	Video input (Yellow)

\*1 Connect an HD camera to Rear view camera input terminal to use HD video.

\*2 Connect an HD camera to Front view camera/Dashboard camera input terminal to use HD video.

## ■ Connecting a USB device

[1] USB maximum power supply current :  
DC 5 V = 1.5 A

[2] Sold separately

[3] See **Securing the USB extension cable (P.100)**.

## ■ Securing the USB extension cable

Secure the USB extension cable with insulating tape or the like so that its connectors are not disconnected.

## ■ Connecting an iPod/iPhone

[1] USB maximum power supply current :  
DC 5 V = 1.5 A

[2] Sold separately

[3] Optional accessory

[4] See **Securing the USB extension cable**  
(P.100).

## ■ Connecting an Android smartphone

Android smartphone [2]

[1] USB maximum power supply current :  
DC 5 V = 1.5 A

[2] Sold separately

[3] See **Securing the USB extension cable**  
(P.100).

## Connecting the camera

[1] Optional accessory

[2] Sold separately

[3] Up to 3 cameras of Dashboard camera, Front view camera, Left side view camera and Right side view camera can be connected. For more information, see **To set up the camera assignment settings (P.64)**.

[4] CMOS-3xx series (optional accessory) or commercially available camera.

[5] For HD video, an HD camera is also used as Rear view camera.

[6] For HD video, an HD camera is also used as Front view camera.

# Troubleshooting

## Problems and Solutions

If any trouble occurs, first check the following table for possible problems.

### NOTE

- Some functions of this unit may be disabled by some settings made on this unit.
- What might seem to be a malfunction in your unit may just be the result of slight misoperation or miswiring.

## Others

### The Touch Sensor Tone doesn't sound.

The preout jack is being used.

- The Touch Sensor Tone cannot be output from the preout jack.

### Android smartphone operation is slow.

This occurs when multiple applications are started on the Android smartphone.

- For details, see ***Caution for Smartphone Users (P.4)***.

## About settings

- **Cannot set up the subwoofer.**
- **Cannot set up subwoofer phase.**
- **No output from the subwoofer.**
- **Cannot set up the low pass filter.**
- **Cannot set up the high pass filter.**

Subwoofer is not set to on.

- Set the subwoofer to on. See ***Speaker / X'over setup (P.75)***.

The dual zone function is enabled.

- Set the dual zone function to off. See ***Zone Control (P.80)***.

- **Cannot select the output destination of the subsource in the dual zone.**
- **Cannot adjust the volume of the rear speakers.**

The dual zone function is disabled.

- Set the dual zone function to on. See ***Zone Control (P.80)***.

- **Cannot set up the equalizer.**
- **Cannot set up the crossover network.**

The dual zone function is enabled.

- Set the dual zone function to off. See ***Zone Control (P.80)***.

## About audio operations

### Radio reception is poor.

The car antenna is not extended.

- Pull out the antenna all the way.

The antenna control wire is not connected.

- Connect the wire correctly. See ***Connecting the system and external components (P.98)***.

### Cannot select a folder.

The random play function is enabled.

- Turn off the random function.

### The unit does not respond when you try to perform a operation during USB mirroring.

- Unplug the smartphone from the USB terminal, then reattach the smartphone again.

## Error Messages

When you fail to operate the unit correctly, the cause of the failure appears as the message on the screen.

### **There is an error in the speaker wiring. Please check the connections.**

Protective circuit has been activated because a speaker cord has shorted or it has come in contact with the car chassis.

- Wire or insulate the speaker cord as appropriate and turn the power off and on again.

### **Hot Error**

When the internal temperature of this unit rises to 60°C or more, the protection circuit is activated and you may not be able to operate the unit.

- Use the unit again after reducing the temperature of the unit.

### **Error 07-67**

The unit is not operating correctly due to some reason or other.

- Turn the power off and on again. If the "Error 07-67" message does not disappear, contact your nearest KENWOOD dealer.

### **No Device (USB device)**

The USB device is selected as a source although no USB device is connected.

- Change the source to any source other than USB/iPod. Connect a USB device, and change the source to USB again.

### **Disconnected (iPod, Bluetooth audio player)**

The iPod/Bluetooth audio player is selected as a source although no iPod/Bluetooth audio player is connected.

- Change the source to any source other than iPod/Bluetooth. Connect an iPod/Bluetooth audio player, and change the source to iPod/Bluetooth again.

### **No Media file**

The connected USB device contains no playable audio file. Media was played that does not have data recorded that the unit can play.

- See **Playable Media and Files (P.105)** and try another USB device.

### **USB device over current status detected.**

The connected USB device is rated a current capacity higher than the allowable limit.

- Check the USB device. Some trouble may have occurred to the connected USB device.
- Change the source to any source other than USB. Remove the USB device.

### **Navigation Error. Please turn on power again later.**

The communication error has occurred due to severely cold temperature.

- Turn on power again after warming your car interior.

### **The speed sense wire is not connected. Please check the connection.**

The speed pulse disconnection is detected. By default, it is treated as connected.

- To improve precision of a vehicle position recognition, check the connection of the speed pulse.

### **Starting tuner failed.**

The tuner unit is not operating correctly due to some reason or other.

- Turn the power off and on again. If the "Starting tuner failed." message does not disappear, contact your nearest KENWOOD dealer.

## **SiriusXM**

### **Check Tuner**

A SiriusXM tuner is not connected to this unit.

- Verify that the SiriusXM Connect Vehicle Tuner cable is securely connected to the radio.

### **Subscription Updated - Press Return To Continue**

The SiriusXM subscription has been renewed.

- Touching **Return** on the popup screen will clear the message.

### **SXM Chan Unavailable**

The currently selected channel is unavailable.

- Visit [www.siriusxm.com](http://www.siriusxm.com) for more information about the SiriusXM channel lineup.

### **SXM Ch Unsubscribed**

The currently selected channel is not subscribed to.

- In the U.S.A., visit [www.siriusxm.com](http://www.siriusxm.com) or call 1-866-635-2349 if you have questions about your subscription package or would like to subscribe to this channel.
- In Canada, visit [www.siriusxm.ca](http://www.siriusxm.ca) or call 1-877-438-9677.

### **SXM Check Antenna**

No antenna is connected to the SiriusXM tuner.

- Check that an antenna is connected to the SiriusXM tuner. Check antenna for damages.

### **SXM No Signal**

No SiriusXM radio signal is received.

- Verify that your vehicle is outdoors with a clear view of the sky.

### **Channel Locked**

The selected channel has been locked by the parental controls.

- Enter the unlock code when you are asked. See **Parental Control (P.46)**.

### **Incorrect Pass Code entered**

The selected channel is a mature or parental lock channel, and locked by the parental lock or user lock code.

- Enter the correct lock code.

## **Apple CarPlay**

---

**The GPS antenna must be connected to use Apple CarPlay wirelessly. Please verify the proper connections or plug in by USB to use Apple CarPlay.**

The GPS antenna is not connected when the Apple CarPlay is started by connecting wirelessly or when the iPhone compatible with wireless Apple CarPlay is registered in **Device List**.

- Check the connection of the GPS antenna or plug in over USB to use Apple CarPlay.

# Appendix

## Playable Media and Files

You can play various kinds of media and files on this unit.

### ■ About files

The following audio and video files are supported.

#### ■ Playable Audio files

	Format	Bit rate	Sampling frequency	Bit count
AAC-LC (.m4a)	MPEG-2/MPEG-4 AAC LC HE-AAC(V1,V2)	8 – 320kbps, VBR	16 – 48 kHz	16 bit
MP3 (.mp3)	MPEG-1/MPEG-2 Audio Layer 3	8 – 320kbps, VBR	16 – 48 kHz	16 bit
WMA (.wma)	Windows Media Audio Standard L3 profile (Version 7,8,9)	8 – 320kbps	16 – 48 kHz	16 bit
Linear PCM (WAVE) (.wav)	RIFF waveform Audio Format	–	16 – 192 kHz (USB/SD)	16 bit/24 bit
FLAC (.flac)	flac	–	16 – 192 kHz (USB/SD)	16 bit/24 bit
Vorbis (.ogg)	vorbis	–	16 – 48 kHz	16 bit
DSD (.dsf, .dff)	DSF, DSDIFF	–	2.8 MHz, 5.6 MHz, 11.2 MHz	1 bit

- WMA and AAC files with DRM cannot be played.
- DSD sound is converted to PCM sound before playback.
- The EmChinks tag of DSDIFF is not supported.
- Although the audio files complies with the standards listed above, they may not be played depending on the types or conditions of media or device.
- This unit supports playback of High-Resolution Audio files.

It is recommended that a car audio system should be configured with all High-Resolution Audio compatible products from player to speaker to enjoy its high quality sound.

#### ■ Acceptable Video files

	Profile	Max. Picture size	Max. bit rate	Audio format
MPEG-1 (.mpg, .mpeg)	–	352 × 240, 352 × 288	1.5 Mbps	MPEG Audio Layer 2
MPEG-2 (.mpg, .mpeg)	MP@ML	720 × 480, 720 × 576	8 Mbps	MPEG Audio Layer 2
H.264/MPEG-4 AVC (.mp4, .m4v, .avi, .flv, .f4v)	Baseline Profile, Main Profile	1920 × 1080 (30 fps)	8 Mbps	MP3, AAC
MPEG-4 (.mp4, .avi)	Advanced Simple Profile	1920 × 1080 (30 fps)	8 Mbps	MP3, AAC
WMV (.wmv)	Main Profile	1920 × 1080 (30 fps)	8 Mbps	WMA
MKV (.mkv)	Video format follows H.264/MPEG-4 AVC, MPEG-4, WMV			MP3, AAC, WMA, Vorbis, FLAC

- This unit can only play back files which are smaller than 4 GB.

**■ Limitation on structure of file and folder**

	<b>USB device/SD</b>
Maximum number of folder layers	8
Maximum number of files (per folder)	999
Maximum number of folders (per folder)	9999
Maximum number of folders (per device)	Unlimited

- You can enter a folder name and file name with 255 or fewer single-byte characters.
- Files in the folder whose folder name begins with a dot (.) cannot be played.

## Specifications

### ■ Monitor section

#### Picture Size

: 10.1 inches (diagonal) wide  
: 223.7 mm (W) × 125.8 mm (H)  
8-13/16 × 4-15/16 inch

#### Display System

: AAS LCD panel

#### Drive System

: TFT active matrix system

#### Number of Pixels

: 2,764,800 (1280H × 720V × RGB)

#### Effective Pixels

: 99.99 %

#### Pixel Arrangement

: RGB striped arrangement

#### Back Lighting

: LED

### ■ USB interface section

#### USB Standard

: USB 2.0 High Speed

#### File System

: FAT 16, FAT 32, exFAT, NTFS

#### Maximum Power Supply Current

: DC 5 V ... 1.5 A

#### D/A Converter

: 24 bit/32 bit

#### Audio Decoder

: MP3 / WMA / AAC / WAV / FLAC / DSD / Vorbis

#### Video Decoder

: MPEG-1 / MPEG-2 / MPEG-4 / WMV / H.264 / MKV

#### Frequency Response

- 192 kHz: 20 – 88,000 Hz
- 96 kHz: 20 – 44,000 Hz
- 48 kHz: 20 – 22,000 Hz
- 44.1 kHz: 20 – 20,000 Hz

#### Total Harmonic Distortion

: 0.010 % (1 kHz)

#### S/N Ratio (dB)

: 98.5 dB

#### Dynamic Range

: 89 dB

### ■ SD section

#### SD Standard

: SD / SDHC / SDXC

#### Compatible File System

: FAT 16, FAT 32, exFAT, NTFS

#### Capacity

: Maximum 2T Byte

#### Data Transfer Rate

: Maximum 25 MB/sec

### Audio Decoder

: MP3 / WMA / AAC / WAV / FLAC / DSD / Vorbis

### Video Decoder

: MPEG-1 / MPEG-2 / MPEG-4 / WMV / H.264 / MKV

### ■ Wireless Mirroring Section

#### Mode

: Sink

#### Copyright protection

: HDCP2.2

#### Touch Control

: UIBC

### ■ Wi-Fi section

#### IEEE Standard

: 802.11 a/b/g/n/ac

#### Frequency Range

: Dual Band (2.4GHz/5GHz)

#### Channels

: Auto(1-11ch)/Auto(149,153,157,161ch)

#### Transfer rates (MAX)

: 11a: 54 Mbps / 11b: 11 Mbps / 11g: 54 Mbps /  
11n: 300 Mbps / 11ac: 867 Mbps

#### Output Power

##### 2.4 GHz/SISO

: 11b: 12 dBm ± 2 dB / 11g: 4 dBm ± 2 dB /  
11n (20MHz): 2 dBm ± 2 dB

##### 5 GHz/SISO

: 11a: 6 dBm ± 2 dB /  
11n (20 MHz)/11ac (20 MHz): 6 dBm ± 2 dB /  
11n (40 MHz)/11ac (40 MHz): 5 dBm ± 2 dB /  
11ac (80 MHz): 5 dBm ± 2 dB

##### 5 GHz/MIMO

: 11n (20 MHz)/11ac (20 MHz): 9 dBm ± 2 dB /  
11n (40 MHz)/11ac (40 MHz): 8 dBm ± 2 dB /  
11ac (80 MHz): 8 dBm ± 2 dB

### ■ Bluetooth section

#### Technology

: Bluetooth Ver.5.0

#### Frequency

: 2.402 – 2.480 GHz

#### RF Output Power (E.I.R.P.)

: +4 dBm (MAX), Power Class 2

#### Maximum Communication range

: Line of sight approx. 10m (32.8 ft)

#### Audio Codec

: SBC/AAC/LDAC

#### Profile (Multi Profile support)

- HFP (V1.7) (Hands Free Profile)
- SPP (Serial Port Profile)
- A2DP (Advanced Audio Distribution Profile)
- AVRCP (V1.6) (Audio/Video Remote Control Profile)
- PBAP (Phonebook Access Profile)

### ■ HDMI section

#### HDMI

: Type-A

#### Input Resolution

- VGA (640x480p @59.94Hz/60Hz)
- 480p (720x480p @59.94Hz/60Hz)
- 720p (1280x720p @59.94Hz/60Hz)

#### Input Audio Type

: 32K/44.1K/48K/88.2K/96K/176.2K/192K Hz  
16 bit/20 bit/24 bit Linear PCM

### ■ DSP section

#### Graphics equalizer

Band: 13 Band

Frequency (BAND1 – 13)

: 62.5/100/160/250/400/630/1k/1.6k/2.5k/4k/6.3k/  
10k/16k Hz

#### Gain

: -9/-8/-7/-6/-5/-4/-3/-2/-1/0/1/2/3/4/5/6/7/8/9 dB

#### 2-way X'Over

##### High pass filter

Frequency: Through, 30/40/50/60/70/80/90/100/  
120/150/180/220/250 Hz

Slope: -6/-12/-18/-24 dB/Oct.

##### Low pass filter

Frequency: 30/40/50/60/70/80/90/100/120/150/  
180/220/250 Hz, Through

Slope: -6/-12/-18/-24 dB/Oct.

#### 3-way X'Over

##### High pass filter

Frequency: 250/300/1k/1.6k/2.5k/4k/5k/6.3k/8k/  
10k/12.5k Hz

Slope: -12/-18/-24 dB/Oct.

##### Band pass filter

Frequency: Through, 50/60/70/80/90/100/120/150/  
180/220/250/300 Hz  
250/300/1k/1.6k/2.5k/4k/5k/6.3k/8k Hz,  
Through

Slope: -12/-18/-24 dB/Oct.

##### Low pass filter

Frequency: 30/40/50/60/70/80/90/100/120/150 Hz,  
Through

Slope: -12/-18/-24 dB/Oct.

#### Position

##### Front/Rear/Subwoofer Delay

: 0 – 20.01 ft (0.03 or 0.04 ft Step)

##### Gain

: -8 – 0 dB

#### Subwoofer level

: -50 – +10 dB

### ■ Digital FM tuner section

#### Frequency Range (step)

: 87.9 MHz – 107.9 MHz (200 kHz)

#### Frequency Response (± 3.0 dB)

: 20 Hz – 20 kHz

#### S/N Ratio

: 80 dB (STEREO)

### ■ Digital AM tuner section

#### Frequency Range (step)

: 530 kHz – 1700 kHz (10 kHz)

#### Frequency Response (± 3.0 dB)

: 40 Hz – 15 kHz

#### S/N Ratio (dB)

: 80 dB (STEREO)

### ■ FM tuner section

#### Frequency Range (step)

: 87.9 MHz – 107.9 MHz (200 kHz)

#### Usable Sensitivity (S/N : 30 dB)

: 7.3 dBf (0.7  $\mu$ V/75  $\Omega$ )

#### Frequency Response

: 30 Hz – 15 kHz

#### S/N Ratio (dB)

: 70 dB (MONO)

#### Selectivity (± 400 kHz)

: 80 dB

#### Stereo Separation

: 45 dB (1 kHz)

### ■ AM tuner section

#### Frequency Range (step)

: 530 kHz – 1700 kHz (10 kHz)

#### Usable Sensitivity

: 30 dB $\mu$  (31  $\mu$ V)

### ■ Video section

#### Color System of External Video Input

: NTSC/PAL

#### External Audio Max Input Level (mini jack)

: 2 V/25 k $\Omega$

#### Video Input Level (RCA jacks)

: 1 Vp-p/75  $\Omega$

#### Video Output Level (RCA jacks)

: 1 Vp-p/75  $\Omega$

#### Audio Output Level (mini jack)

: 0.9 V/10 k $\Omega$

## ■ Audio section

### Maximum Power Output (Front & Rear)

: 50 W × 4

### Typical Power Output (Front & Rear)

Full Bandwidth Power (at less than 1% THD)  
: 22 W × 4

### Output frequency band

: 20 – 88,000 Hz

### Preout Level (V)

: 5 V/ 10 kΩ

### Preout Impedance

:  $\leq$  300 Ω

### Speaker Impedance

: 4 – 8 Ω

## ■ Navigation section

### Receiver

: High-sensitivity GNSS receiver

### Reception Frequency

GPS: 1575.42 MHz (C/A code)  
GLONASS: 1598.0625 - 1605.375 MHz (C/A code)

### Acquisition Times

Cold: 26 seconds(typ)  
(All satellites at -130 dBm Without aiding)

### Update Rate

: 1/second, continuous

### Accuracy

Position: < 2.0 meters, CEP, at -130 dBm

Velocity: 0.05 meter/sec

### Position Method

: GPS/GLONASS

### Antenna

: External GNSS Antenna

## ■ General

### Operating Voltage

: 12V DC car battery

### Installation Dimensions (W × H × D)

: 178 × 100 × 155 mm  
7 × 3-15/16 × 6-1/8 inch

### Weight

: 3.25 kg (7.28 lbs)

### NOTE

- Although the effective pixels for the liquid crystal panel is given as 99.99% or more, 0.01% of pixels may not light or may light incorrectly.

**Specifications are subject to change  
without prior notice.**

## About this Unit

### **Important Notice on Software**

#### **Software License on This Product**

The software embedded in this product comprises a number of independent software components, each of which is copyrighted by JVCKENWOOD Corporation or by a third party.

This product uses software components that are based on an End-User License Agreement (hereinafter called "EULA") stipulated by JVCKENWOOD Corporation and by third parties.

The EULA dictates the availability of the source codes of free-software components as a prerequisite to distributing them in executable form under the terms of the GNU General Public License or the Lesser General Public License (hereinafter called "GPL/LGPL"). To get information about the software components that are subject to the terms of the GPL/LGPL, please visit the following Website:

Website URL <https://www2.jvckenwood.com/gpl/>  
Queries concerning the contents of the source code or the like will not be accepted.

Please note that software components based on a EULA that is not subject to the terms of the GPL/LGPL or those that have been developed or created by JVCKENWOOD Corporation will be excluded from the scope of source code disclosure.

Because licenses to use software components distributed under the GPL/LGPL are offered to the customers for free of charge, no warranty is granted to the customers, whether explicitly or implicitly, to the extent of the applicable laws.

Unless otherwise stipulated by the applicable laws or agreed upon in writing, the copyright holders or those who are entitled to modify and redistribute the software components are not held responsible for any and all damages resulting from their use or from inability to use them. For more information about the terms of use of the software components, required items of compliance and so on, please refer to the GPL/LGPL.

Customers wishing themselves to use a software component that is subject to the GPL/LGPL embedded in this product are encouraged to read the terms of the corresponding license before use. Because each individual license is prescribed by a third party other than JVCKENWOOD Corporation, the original (English) of the license is presented.

### **EULA**

#### **Software License Agreement**

JVCKENWOOD Corporation (hereinafter called "Licensor") holds either the copyright to the embedded software or the right to sublicense it. This agreement establishes the conditions under which the customer uses this "Licensed Software."

The customer shall agree to the terms of this license agreement before proceeding to use Licensed Software.

This agreement is deemed to have taken effect when the customer (hereinafter called "User") has used a product implementation of Licensed Software.

The Licensed Software may contain software Licensor has been licensed to use by third parties directly or indirectly. Some third parties may have terms of use prescribed for their customers, apart from this Software License Agreement. This agreement does not apply to such software. Be sure to consult "Important Notice on Software" as presented separately.

#### **Article 1 (General)**

Licensor grants to User a non-exclusive, non-assignable right of use Licensed Software within the country where the User purchases the Product (hereinafter the "Country") (except for the exception provided for in Paragraph 1, Article 3).

#### **Article 2 (Right of Use)**

1. The right of use granted under this agreement is the right to use Licensed Software in this product.
2. User may not duplicate, copy, modify, add to, translate or otherwise alter, or loan licensed Software and the associated literature in whole or in part.
3. Use of Licensed Software is limited to a private extent, and Licensed Software may not be distributed, licensed or sublicensed for any purposes whatsoever, including commercial use.
4. User shall use Licensed Software as per the instruction manual or instructions given in the help file and may not use or duplicate data in violations of the regulations of the Copyright Law or other governing laws by using Licensed Software in whole or in part.

#### **Article 3 (Terms of License)**

1. In assigning this product, User may not retain the original copy of the embedded Licensed Software (including associated literature, updates and upgrades) and any duplicates and associated literature with regard to the license to use Licensed Software. User may transfer Licensed Software only to the condition of binding the assignee to abide by the terms of this Software License Agreement.
2. User may not reverse-engineer, disassemble, decompile or otherwise analyze the source code of Licensed Software.

**Article 4 (Rights to Licensed Software)**

All rights to Licensed Software and the associated literature, including copyrights, shall reside with Licensor or the original right holder who has granted the Right of Use and right to sublicense to Licensor (hereinafter referred to as "Original Right Holder"), and User does not have any rights other than Right of Use granted hereunder with regard to Licensed Software and the associated literature.

**Article 5 (Exemption Granted to Licensor)**

1. Licensor and Original Right Holder do not assume any responsibility for damages caused to User or third parties resulting from the exercise by User of the license granted hereunder, unless otherwise provided by any law to the contrary.
2. Licensor does not warrant Licensed Software to be merchantable, compatible and fit for specific purposes.

**Article 6 (Responsibility for Third Parties)**

If disputes over the infringement of third parties' intellectual property rights, such as copyrights and patent rights, arise out of the use of Licensed Software by User, User shall resolve these disputes at User's own expenses while keep Licensor and Original Right Holder harmless.

**Article 7 (Secrecy Obligation)**

User shall keep confidential Licensed Software provided hereunder, information contained in the associated literature or the like and those provisions of this agreement not yet in public knowledge and may not disclose or leak these to third parties without prior written consent from Licensor.

**Article 8 (Cancellation of the Agreement)**

Licensor reserves the right to cancel this agreement forthwith and claim compensation from User for the damages caused by such cancellation when User:

- (1) Breaches any of the provisions of this agreement, or
- (2) Has received a petition for seizure, provisional seizure, provisional disposition or any other kind of compulsory execution.

**Article 9 (Destruction of Licensed Software)**

If this agreement is terminated under the provision of the foregoing paragraph, User shall destroy Licensed Software, along with all associated literature and its duplicates, within two (2) weeks from the date of termination.

**Article 10 (Copyright Protection)**

1. Copyrights and all other intellectual property rights relating to Licensed Software shall reside with Licensor and Original Right Holder and in no circumstances with User.
2. User shall abide by the laws relating to copyrights and intellectual property rights in using Licensed Software.

**Article 11 (Export Control)**

1. Licensed Software and the associated literature or the like may not be exported to places outside the Country (including transmission outside the Country over the Internet or the like).
2. User agrees that Licensed Software is subject to export controls imposed by the Country and the United States of America.
3. User agrees to comply with all the international and domestic laws that apply to this software (U.S. Export Administration Regulations and regulations established by the U.S., the Country and their governmental agencies regarding usage by end users and export destinations).

**Article 12 (Miscellaneous)**

1. Even if this agreement is invalidated in part by law, all other provisions shall remain in effect.
2. Licensor and User shall consult each other in good faith to resolve any matters not provided for in this agreement or questions arising from the interpretation of this agreement.
3. Licensor and User agree that this agreement is governed by the law of Japan and that all disputes involving claims and obligations that may arise out of this agreement will be settled by arbitration at the Tokyo District Court as the court of first instance.

### ■ FCC CAUTION

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

#### NOTE

- This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.
- This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
  - Reorient or relocate the receiving antenna.
  - Increase the separation between the equipment and receiver.
  - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
  - Consult the dealer or an experienced radio/TV technician for help.

This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.

### ■ ISED CAUTION

This device contains licence-exempt transmitter(s)/ receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s).

Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

### ▲ CAUTION

This equipment complies with FCC/ISED radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines and RSS-102 of the ISED radio frequency (RF) Exposure rules. This equipment should be installed and operated keeping the radiator at least 20cm or more away from person's body.

#### Supplier's Declaration of Conformity

Trade Name: KENWOOD  
Products: GPS NAVIGATION SYSTEM  
Model Name: DNR1007XR  
Responsible Party: JVCKENWOOD USA  
CORPORATION  
2201 East Dominguez Street,  
Long Beach, CA 90810, U.S.A.  
PHONE: 310 639-9000

THIS DEVICE COMPLIES WITH PART 15 OF THE FCC RULES. OPERATION IS SUBJECT TO THE FOLLOWING TWO CONDITIONS:

- (1) THIS DEVICE MAY NOT CAUSE HARMFUL INTERFERENCE, AND
- (2) THIS DEVICE MUST ACCEPT ANY INTERFERENCE RECEIVED, INCLUDING INTERFERENCE THAT MAY CAUSE UNDESIRABLE OPERATION.

■ **Información acerca de la eliminación de equipos eléctricos y electrónicos al final de la vida útil (aplicable a los países que hayan adoptado sistemas independientes de recogida de residuos)**

Los productos con el símbolo de un contenedor con ruedas tachado no podrán ser desechados como residuos domésticos.

Los equipos eléctricos y electrónicos al final de la vida útil, deberán ser reciclados en instalaciones que puedan dar el tratamiento adecuado a estos productos y a sus subproductos residuales correspondientes. Póngase en contacto con su administración local para obtener información sobre el punto de recogida más cercano. Un tratamiento correcto del reciclaje y la eliminación de residuos ayuda a conservar los recursos y evita al mismo tiempo efectos perjudiciales en la salud y el medio ambiente.

■ **Informação sobre a eliminação de pilhas**

Este produto não deve ser eliminado como lixo doméstico geral. Devolva a pilha usada ao revendedor ou entidade autorizada para que a mesma seja devolvida ao fabricante ou importador.

A reciclagem e a eliminação de lixo de maneira apropriada ajudarão a conservar os recursos naturais ao mesmo tempo que prevenirão os efeitos prejudiciais à nossa saúde e ao meio ambiente.

■ **Para cumplimiento de la IFT:**

“La operación de este equipo esta sujeta a las siguientes dos condiciones:

- (1) es posible que este equipo o dispositivo no cause interferencia perjudicial y
- (2) este equipo o dispositivo debe aceptar cualquier interferencia,

incluyendo la que pueda causar su operación no deseada.”

GPS NAVIGATION SYSTEM  
**INSTRUCTION MANUAL**

JVCKENWOOD Corporation

All rights reserved. Under the copyright laws, this manual may not be copied, in whole or in part, without the written consent of Garmin. Garmin reserves the right to change or improve its products and to make changes in the content of this manual without obligation to notify any person or organization of such changes or improvements. Go to [www.garmin.com](http://www.garmin.com) for current updates and supplemental information concerning the use of this product.

## Software License Agreement

BY USING THE DNR1007XR, YOU AGREE TO BE BOUND BY THE TERMS AND CONDITIONS OF THE FOLLOWING SOFTWARE LICENSE AGREEMENT. PLEASE READ THIS AGREEMENT CAREFULLY.

Garmin Ltd. and its subsidiaries ("Garmin") grant you a limited license to use the software embedded in this device (the "Software") in binary executable form in the normal operation of the product. Title, ownership rights, and intellectual property rights in and to the Software remain in Garmin and/or its third-party providers.

You acknowledge that the Software is the property of Garmin and/or its third-party providers and is protected under the United States of America copyright laws and international copyright treaties. You further acknowledge that the structure, organization, and code of the Software, for which source code is not provided, are valuable trade secrets of Garmin and/or its third-party providers and that the Software in source code form remains a valuable trade secret of Garmin and/or its third-party providers. You agree not to decompile, disassemble, modify, reverse assemble, reverse engineer, or reduce to human readable form the Software or any part thereof or create any derivative works based on the Software. You agree not to export or re-export the Software to any country in violation of the export control laws of the United States of America or the export control laws of any other applicable country.

## End User License Agreement

The infotainment system you have purchased for your vehicle may contain a navigation solution ("Navigation Solution"). The software embedded in the Navigation Solution (the "Software") is owned by the navigation solution provider or its subsidiaries (collectively, "Navigation Provider"). The map data that may be embedded in your Navigation Solution or downloaded separately (the "Map Data") is either owned by the Navigation Provider, or by HERE North America LLC, HERE Global B.V. and/or its affiliates ("HERE"), or another third party and licensed to the Navigation Provider. The Navigation Provider also owns, or licenses from third party providers, information, traffic data, text, images, graphics, photographs, audio, video, images and other applications and data that may be embedded in the Navigation Solution, or downloaded separately ("Other Content"). The Map Data and Other Content are collectively the "Content". The Software and Content (collectively, the "Navigation Provider Products") are protected under copyright laws and international copyright treaties. The Navigation Provider Products are licensed, not sold. The structure, organization and code of the Software are valuable trade secrets of the Navigation Provider and/or its third-party providers. The Navigation Provider Products are each provided under this License Agreement and are subject to the following terms and conditions which are agreed to by End User ("you" or "your"), on the one hand, and the Navigation Provider and its licensors and affiliated companies of the Navigation Provider and its licensors, on the other hand. The

Navigation Provider's licensors, including the licensors, service providers, channel partners, suppliers and affiliated companies of the Navigation Provider and its licensors, are each a direct and intended third party beneficiary of this Agreement and may enforce their rights directly against you in the event of your breach of this Agreement.

**IMPORTANT: CAREFULLY READ THIS ENTIRE LICENSE AGREEMENT BEFORE PURCHASING OR USING YOUR NAVIGATION SOLUTION OR CONTENT. PURCHASING, INSTALLING, COPYING, OR OTHERWISE USING YOUR NAVIGATION SOLUTION OR CONTENT CONSTITUTES YOUR ACKNOWLEDGMENT THAT YOU HAVE READ THIS LICENSE AGREEMENT AND AGREE TO ITS TERMS AND CONDITIONS.**

### License Terms and Conditions

The Navigation Provider grants you a limited, non-exclusive license to use the applicable Navigation Provider Product in accordance with the terms of this Agreement. You agree to use the applicable Navigation Provider Product for solely personal use, or if applicable, for use in your business' internal operations, and not for service bureau, time-sharing, resale or other similar purposes. You agree not to otherwise reproduce, archive, copy, modify, decompile, disassemble, reverse engineer or create derivative works of any portion of the Navigation Solution, and may not transfer or distribute it in any form, for any purpose, except to the extent permitted by mandatory laws. The Navigation Provider also reserves the right to discontinue offering any Content supplied by any third party supplier if such supplier ceases to supply such content or the Navigation Provider's contract with such supplier terminates for any reason.

**Restrictions.** Except where you have been specifically licensed to do so by Navigation Provider, and without limiting the preceding paragraphs, you may not use the Navigation Provider Products with any products, systems, or applications installed or otherwise connected to or in communication with vehicles, and which are capable of dispatch, fleet management or similar applications where the Content is used by a central control center in dispatching a fleet of vehicles. In addition, you are prohibited from renting or leasing the Navigation Provider Products to any other person or third party.

You agree to be fully responsible for your own conduct and content while using the Software and for any consequences thereof. You agree to use the Software only for purposes that are legal, proper and in accordance with this Agreement and any applicable policies or guidelines. By way of example, and not as a limitation, you agree that when using the Software, You will not:

- upload, post, email or transmit or otherwise make available content that infringes any patent, trademark, copyright, trade secret or other proprietary right of any party, unless you are the owner of the rights or have the permission of the owner to post such Content;
- use the Software or other content for any illegal or unauthorized purpose; or
- transmit any viruses, worms, defects, Trojan horses, or any items of a destructive nature.

In the event that you are located outside of the United States, you agree to comply with any laws, rules or regulations in your locale or in the location of your web server regarding online conduct and acceptable content, including laws regulating the export of data to the United States or your country of residence.

**No Warranty.** The Navigation Provider Products are provided to you "as is," and you agree to use them at your own risk. The Navigation Provider and its licensors including the licensors, service providers, channel partners and suppliers, and affiliated companies of Navigation Provider and its licensors, make no guarantees, representations or warranties of any kind, express or implied, arising by law or otherwise, including but not limited to, content, quality, accuracy, completeness, effectiveness, reliability, merchantability, fitness for a particular purpose, usefulness, use or results to be obtained from the Navigation Provider Products, or that the Content or server will be uninterrupted or error-free. The Navigation Provider Products are intended to be used only as supplementary travel aids and must not be used for any purpose requiring precise measurement of direction, distance, location or topography. **THE NAVIGATION PROVIDER MAKES NO WARRANTY AS TO THE ACCURACY OR COMPLETENESS OF THE MAP DATA OR OTHER CONTENT.**

**Disclaimer of Warranty.** THE NAVIGATION PROVIDER AND ITS LICENSORS, INCLUDING THE LICENSORS, SERVICE PROVIDERS, CHANNEL PARTNERS, SUPPLIERS AND AFFILIATED COMPANIES OF THE NAVIGATION PROVIDER AND ITS LICENSORS, DISCLAIM ANY WARRANTIES, EXPRESS OR IMPLIED, OF QUALITY, PERFORMANCE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT OF THE NAVIGATION PROVIDER PRODUCTS. NO ORAL OR WRITTEN ADVICE OR INFORMATION PROVIDED BY THE NAVIGATION PROVIDER OR ITS SUPPLIERS AND LICENSORS SHALL CREATE A WARRANTY, AND YOU ARE NOT ENTITLED TO RELY ON ANY SUCH ADVICE OR INFORMATION. THIS DISCLAIMER OF WARRANTIES IS AN ESSENTIAL CONDITION OF THIS AGREEMENT. Some States, Territories and Countries do not allow certain warranty exclusions, so to that extent the above exclusion may not apply to you.

**Disclaimer of Liability.** THE NAVIGATION PROVIDER AND ITS LICENSORS, INCLUDING THE LICENSORS, SERVICE PROVIDERS, CHANNEL PARTNERS, SUPPLIERS AND AFFILIATED COMPANIES OF THE NAVIGATION PROVIDER AND ITS LICENSORS, SHALL NOT BE LIABLE TO YOU: IN RESPECT OF ANY CLAIM, DEMAND OR ACTION, IRRESPECTIVE OF THE NATURE OF THE CAUSE OF THE CLAIM, DEMAND OR ACTION ALLEGING ANY LOSS, INJURY OR DAMAGES, DIRECT OR INDIRECT, WHICH MAY RESULT FROM THE USE OR POSSESSION OF THE NAVIGATION PROVIDER PRODUCTS; OR FOR ANY LOSS OF PROFIT, REVENUE, CONTRACTS OR SAVINGS, OR ANY OTHER DIRECT, INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF YOUR USE OF OR INABILITY TO USE THE NAVIGATION PROVIDER PRODUCTS, ANY DEFECT IN THE CONTENT OR INFORMATION, OR THE BREACH OF THESE TERMS OR CONDITIONS, WHETHER IN AN ACTION IN CONTRACT OR TORT OR BASED ON A WARRANTY AND WHETHER RESULTING FROM THE USE, MISUSE, OR INABILITY TO USE THE NAVIGATION PROVIDER PRODUCTS OR FROM DEFECTS OR ERRORS IN THE APPLICATION, EVEN IF GARMIN OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE NAVIGATION PROVIDER'S AND ITS LICENSORS' TOTAL AGGREGATE LIABILITY WITH RESPECT TO ITS OBLIGATIONS UNDER THIS LICENSE AGREEMENT OR OTHERWISE WITH RESPECT TO THE APPLICATION OR THE CONTENT SHALL

NOT EXCEED \$1.00. Some States, Territories and Countries do not allow certain liability exclusions or damages limitations, so to that extent the above may not apply to you.

ANY CONTENT OR MATERIAL DOWNLOADED OR UPLOADED OR OTHERWISE OBTAINED THROUGH THE SOFTWARE IS DONE AT YOUR OWN DISCRETION AND RISK. YOU WILL BE SOLELY RESPONSIBLE FOR ANY DAMAGE TO YOUR ELECTRONIC COMMUNICATION DEVICE OR ANY LOSS OF DATA THAT MAY RESULT FROM THE DOWNLOAD OR UPLOAD OF ANY SUCH CONTENT OR MATERIAL OR THE USE OF THE SOFTWARE.

**Predictive Routing.** Your Navigation Solution may have a "predictive routing" feature called myTrends that identifies your driving routines. If it does have this feature, when your device predicts a route, it will display your estimated time to destination and relevant traffic information regarding the predicted route. Information related to your driving routines would be accessible to any other person who uses your device. If you do not want your device to predict your routes or display information related to predicted routes, you may turn off myTrends by accessing your navigation system's Settings menu.

**Disclaimer of Endorsement; Change of Content Providers.** Reference to any products, services, processes, hypertext links to third parties or other Content by trade name, trademark, manufacturer, supplier or otherwise does not necessarily constitute or imply its endorsement, sponsorship or recommendation by the Navigation Provider or its licensors. Product and service information are the sole responsibility of each individual vendor. The HERE and H logos are trademarks or registered trademarks of HERE Global B.V. and may not be used in any commercial manner without the prior written consent of HERE. Content providers may be changed by the Navigation Provider during the term of this Agreement, and your experience with the Content provided by a new provider may not duplicate your experience with the previous Content supplier.

**Export Control.** You agree not to export from anywhere any part of the Content or any direct product thereof except in compliance with and with all licenses and approvals required under, applicable export laws, rules and regulations. You understand and acknowledge that this product, application or software may not be transferred directly or indirectly to Crimea, Crimean individuals, or Crimean entities.

**Legal Compliance.** You represent and warrant that (i) you are not located in a country that is subject to a U.S. Government embargo, or has been designated by the U.S. Government as a "terrorist supporting" country, and (ii) you are not listed on any U.S. Government list of prohibited or restricted parties.

**Indemnity.** You agree to indemnify, defend and hold the Navigation provider and its licensors, including the respective licensors, service providers, channel partners, suppliers, assignees, subsidiaries, affiliated companies, and the respective officers, directors, employees, shareholders, agents and representatives of the Navigation Provider and its licensors, free and harmless from and against any liability, loss, injury (including injuries resulting in death), demand, action, cost, expense, or claim of any kind or character, including but not limited to attorney's fees, arising out of or in connection with any use or possession by you of the Navigation Provider Products.

**Map Data.** Use of the Map Data is subject to certain restrictions and/or requirements imposed by third party suppliers and/or governmental or regulatory authorities, and in the case of HERE

Data, as further set forth at <https://legal.here.com/en-gb/terms/general-content-supplier-terms-and-notices>.

**Term.** This Agreement is effective until such time as (i) if applicable, your subscription term is either terminated (by you or by the Navigation Provider) or expires, or (ii) Navigation Provider terminates this Agreement for any reason, including, but not limited to, if the Navigation Provider finds that you have violated any of the terms of this Agreement. In addition, this Agreement shall terminate immediately upon the termination of an agreement between the Navigation Provider and any third party from whom the Navigation Provider (a) obtains services or distribution necessary to support the Navigation Provider Products, or (b) licenses Content. You agree, upon termination, to destroy all copies of the Content. The Disclaimers of Warranty and Liability set out above shall continue in force even after any termination.

**Entire Agreement.** These terms and conditions constitute the entire agreement between the Navigation Provider and its licensors, including the licensors, service providers, channel partners, suppliers and affiliated companies of the Navigation Provider and its licensors, and you pertaining to the subject matter hereof, and supersedes in their entirety any and all written or oral agreements previously existing between us with respect to such subject matter.

**Governing Law.**

(a) For European Union HERE Data

The above terms and conditions shall be governed by the laws of the Netherlands, without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. You agree to submit to the jurisdiction of the Netherlands for any and all disputes, claims and actions arising from or in connection with the HERE Data provided to you hereunder.

(b) For North American HERE Data and other non-European Union HERE Data

The above terms and conditions shall be governed by the laws of Illinois, without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. You agree to submit to the jurisdiction of Illinois for any and all disputes, claims and actions arising from or in connection with the HERE Data provided to you hereunder.

(c) For disputes, claims and actions not related to the HERE Data

The above terms and conditions shall be governed by the laws of Kansas, without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. You agree to submit to the jurisdiction of Kansas for any and all disputes, claims and actions arising from or in connection with the Application or Content. Any translation of this Agreement from English is provided as a convenience only. If this Agreement is translated into a language other than English and there is a conflict of terms between the English version and the other language version, the English version will control.

**Map Data Government End Users.**

If End User is an agency, department, or other entity of the United States Government, or funded in whole or in part by the U.S. Government, then use, duplication, reproduction, release, modification, disclosure or transfer of the Map Data is subject to restrictions as set forth in DFARS 252.227-7014(a)(1) (JUN 1995) (DOD commercial computer software definition), DFARS

27.7202-1 (DOD policy on commercial computer software), FAR 52.227-19 (JUN 1987) (commercial computer software clause for civilian agencies), DFARS 252.227-7015 (NOV 1995) (DOD technical data - commercial items clause); FAR 52.227-14 Alternates I, II, and III (JUN 1987) (civilian agency technical data and noncommercial computer software clause); and/or FAR 12.211 and FAR 12.212 (commercial item acquisitions), as applicable. In case of conflict between any of the FAR and DFARS provisions listed herein and this License Agreement, the construction that provides greater limitations on the Government's rights shall control. The contractor/manufacturer is HERE North America LLC, 425 West Randolph Street, Chicago, Illinois 60606 USA.

# Getting Started

## ⚠ WARNING

See the *Safety Precautions and Important Information* in the KENWOOD system instruction manual for product warnings and other important information.

**NOTE:** The screenshots shown in this manual may not exactly match the screens on your navigation system. The images used in this manual are intended for reference only.

## Navigation System

For complete audio system information, see the KENWOOD system instruction manual.

① Opens the navigation system when selected.

## Status Bar Icons

The status bar is at the top of the main menu. The status bar icons display information about features on the device. You can select some icons to change settings or view additional information.

■■■	GNSS signal status
9:10▲	Current time
＊	INRIX Traffic Service status

## Using the On-Screen Buttons

- Select to return to the previous menu screen.
- Hold to quickly return to the main menu.
- Select or to see more choices.
- Hold or to scroll faster.
- Select to see a menu of options for the current screen.

## Removing a Shortcut

- 1 Select **Where To? > > Remove Shortcut(s).**
- 2 Select a shortcut to remove.
- 3 Select the shortcut again to confirm.
- 4 Select **Save.**

## Adding a Shortcut

You can add shortcuts to the **Where To?** menu. A shortcut can point to a location, a category, or a search tool.

The **Where To?** menu can contain up to 36 shortcut icons.

- 1 Select **Where To? > Add Shortcut.**
- 2 Select an item.

## Using Multi-touch Controls

You can use multi-touch controls to change the map view while using the navigation map.

**NOTE:** This feature is not available on all models.

- Pinch two fingers together on the screen to zoom out.
- Spread two fingers on the screen to zoom in.

## Updating the Software

Before you can update the navigation system software, you must have a USB mass storage device and an internet connection.

- 1 Go to <http://www.kenwood.com/cs/ce/firmware/>.
- 2 Enter the model name for your device.

## Updating Map Data

You can purchase updated map data from Garmin®.

- 1 Go to [www.garmin.com/kenwood](http://www.garmin.com/kenwood).
- 2 From the **Map Updates** section, select **Update**.
- 3 Follow the on-screen instructions.

After you update map data for the first time, you can use an SD card and the Garmin Express™ application to perform future map updates.

# Finding Locations

## About Locations

The detailed maps loaded in your device contain locations, such as restaurants, hotels, and auto services. You can use categories to browse for nearby businesses and attractions.

## Finding a Location by Category

- 1 Select **Where To?**.
- 2 Select a category, or select **Categories**.
- 3 If necessary, select a subcategory.
- 4 Select a location.

## Searching Within a Category

To narrow your search results, you can search within some categories.

- 1 Select **Where To?**.
- 2 Select a category, or select **Categories**.
- 3 If necessary, select a subcategory.
- 4 If necessary, enter all or part of the name in the search bar.

## Calling a Location

Before you can use this feature, you must connect your compatible mobile phone using Bluetooth® wireless technology.

- 1 Select **Where To? > Categories**.
- 2 Select a location.
- 3 Select **1**.
- 4 Select **Call**.

## Finding a Location Using the Search Bar

You can use the search bar to search for locations by entering a category, brand name, address, or city name.

- 1 Select **Where To?**.
- 2 Select **Enter Search** in the search bar.
- 3 Enter all or part of the search term.  
Suggested search terms appear below the search bar.
- 4 Select an option:
  - To search for a type of business, enter a category name (for example, "movie theaters").
  - To search for a business name, enter all or part of the name.

- To search for an address near you, enter the house number and street name.
- To search for an address in another city, enter the house number, street name, city, and state.
- To search for a city, enter the city and state.
- To search for coordinates, enter latitude and longitude coordinates.

## 5 Select an option:

- To search using a suggested search term, select the term.
- To search using the text you entered, select **Q**.

## 6 If necessary, select a location.

## Changing the Search Area

- 1 From the main menu, select **Where To?**.
- 2 Select **Searching near:**.
- 3 Select an option.

## Search Tools

Search tools allow you to search for specific types of locations by responding to on-screen prompts.

## Finding an Address

**NOTE:** The order of the steps may change depending on the map data loaded on your device.

- 1 Select **Where To? > Address**.
- 2 If necessary, select **State or Country** to change the search area.
- 3 Select an option:
  - To narrow your search to a city in the search area, select **Spell City**.
  - To narrow your search to a postal code in the search area, select **Enter Postal Code**.
  - To search for an address in all cities and postal codes in the search area, select **Search All**.
- 4 Follow the on-screen instructions to enter address information.
- 5 Select the address.

## Finding an Intersection

You can search for an intersection or junction between two streets, highways, or other roads.

- 1 Select **Where To? > Categories > Intersections.**
- 2 Follow the on-screen instructions to enter street information.
- 3 Select the intersection.

## Finding a City

- 1 Select **Where To? > Categories > Cities.**
- 2 Select an option:
  - Select a city from the list of nearby cities.
  - To search near another location, select **Searching near:** ([Changing the Search Area](#)).
  - To search for a city by name, select **Enter Search**, enter a city name, and select **Q.**

## Finding a Location Using Coordinates

You can find a location using latitude and longitude coordinates.

- 1 Select **Where To? > Categories > Coordinates.**
- 2 If necessary, select **≡ > Format**, select the correct coordinate format for the type of map you are using, and select **Save.**
- 3 Select the latitude coordinate.
- 4 Enter the new coordinate, and select **Done.**
- 5 Select the longitude coordinate.
- 6 Enter the new coordinate, and select **Done.**
- 7 Select **View on Map.**

## Starting a Route by Using the Map

You can start route by selecting a location from the map.

- 1 Select **View Map.**
- 2 Drag and zoom the map to display the area to search.
- 3 If necessary, select **Q** to filter the displayed points of interest by category.

Location markers (■ or a blue dot) appear on the map.

- 4 Select an option:
  - Select a location marker.
  - Select a point, such as a street, intersection, or address location.
- 5 Select **Go!.**

## Finding a Location Using Quick Search

After you have performed a search for a point of interest, certain categories may display a Quick Search list that displays the last four destinations you selected.

- 1 Select **Where To?.**
- 2 Select a category, or select **Categories.**
- 3 If applicable, select a destination from the Quick Search list.
- 4 If necessary, select the appropriate destination.

## Saving a Home Location

You can set your home location for the location you return to most often.

- 1 Select **Where To? > ≡ > Set Home Location.**
- 2 Select **Enter My Address, Use Current Location, or Recently Found.**

The location is saved as "Home" in the Saved menu.

## Going Home

Select **Where To? > Go Home.**

## Editing Your Home Location Information

- 1 Select **Where To? > Saved > Home.**
- 2 Select **①.**
- 3 Select **≡ > Edit.**
- 4 Enter your changes.
- 5 Select **Done.**

## Finding Recently Found Places

Your device stores the last 50 locations you have found.

- 1 Select **Where To? > Recent.**
- 2 Select a location.

## Clearing the List of Recently Found Places

Select **Where To?** > **Recent** >  > **Clear** > **Yes**.

## Finding Parking

1 Select **Where To?** > **Categories** > **Parking**.

2 Select a parking location.

## Setting a Simulated Location

If you are indoors or not receiving satellite signals, you can use the GPS to set a simulated location.

1 Select **Settings** > **Navigation** > **GPS Simulator**.

2 From the main menu, select **View Map**.

3 Tap the map twice to select an area.

The address of the location appears at the bottom of the screen.

4 Select the location description.

5 Select **Set Location**.

## Saving Locations

### Saving a Location

1 Search for a location ([Finding a Location by Category](#)).

2 From the search results, select a location.

3 Select .

4 Select  > **Save**.

### Saving Your Current Location

1 From the map, select the vehicle icon.

2 Select **Save**.

3 Enter a name, and select **Done**.

4 Select **OK**.

### Starting a Route to a Saved Location

1 Select **Where To?** > **Saved**.

2 If necessary, select a category, or select **All Saved Places**.

3 Select a location.

4 Select **Go!**.

### Editing a Saved Location

1 Select **Where To?** > **Saved**.

2 If necessary, select a category.

3 Select a location.

4 Select .

5 Select  > **Edit**.

6 Select an option:

- Select **Name**.

- Select **Phone Number**.

- Select **Categories** to assign categories to the saved location.

- Select **Change Map Symbol** to change the symbol used to mark the saved location on a map.

7 Edit the information.

8 Select **Done**.

## Assigning Categories to a Saved Location

You can add custom categories to organize your saved locations.

**NOTE:** Categories appear in the saved locations menu after you have saved at least 12 locations.

1 Select **Where To?** > **Saved**.

2 Select a location.

3 Select .

4 Select  > **Edit** > **Categories**.

5 Enter one or more category names, separated by commas.

6 If necessary, select a suggested category.

7 Select **Done**.

## Navigation

### Starting a Route

1 Search for a location ([About Locations](#)).

2 Select a location.

3 Select **Go!**.

4 If necessary, select a route.

### Previewing Multiple Routes

1 Search for a location ([Finding a Location by Category](#)).

2 From the search results, select a location.

3 Select **Routes**.

- 4 Select a route.
- 5 Select **Go!**.

## Your Route on the Map

### NOTICE

The speed limit feature is for information only and does not replace your responsibility to abide by all posted speed limit signs and to use safe driving judgment at all times. Garmin and JVCKENWOOD will not be responsible for any traffic fines or citations you receive for failing to follow all applicable traffic laws and signs.

The route is marked with a magenta line. A checkered flag marks your destination.

As you travel, the device guides you to the destination with voice prompts, arrows on the map, and directions at the top of the map. If you depart from the original route, the device recalculates the route and provides new directions.

### Using the Map

- 1 From the main menu, select **View Map**.
- 2 If the zoom controls are hidden, select the map to display the zoom controls.
- 3 Select the map.
- 4 Select an option:
  - To zoom in or out, select  or .
  - To rotate the map view, select .
  - To switch between North Up and 3-D views, select .
  - To add or remove map layers, select .
  - To view specific categories, select .
  - To center the map on your current location, select .
  - To view shortcuts for map and navigation features, select .

### Adding a Point to a Route

Before you can add a point, you must be navigating a route.

- 1 From the map, select  > **Where To?**.
- 2 Search for a location.
- 3 Select a location.
- 4 Select **Go!**.
- 5 Select **Add to Active Route**.

### Taking a Detour

While navigating a route, you can use detours to avoid obstacles ahead of you, such as construction zones.

While navigating, select  > **Detour**.

### Stopping the Route

From the map, select  > **Stop**.

### Using Suggested Routes

Before you can use this feature, you must save at least one location and enable the travel history feature ([Device and Privacy Settings](#)).

Using the myTrends™ feature, your device predicts your destination based on your travel history, the day of the week, and the time of day. After you have driven to a saved location several times, the location may appear in the navigation bar on the map, along with the estimated time of travel, and traffic information.

Select the navigation bar to view a suggested route to the location.

### School Zone Alerts

#### CAUTION

Driver alerts are for information only and do not replace your responsibility to abide by all posted speed limit signs and use safe driving judgement at all times. Garmin and JVCKENWOOD are not responsible for traffic fines or citations you receive for failing to follow all applicable traffic laws and signs.

The device displays a notification for an upcoming school or school zone. You can select the notification bar to display more information about the school zone.

**NOTE:** This feature is not available in all areas.

### About Exit Services

**NOTE:** You must be on a major highway or road to view exit services.

While navigating a route, you can find businesses and services near upcoming exits. Services are listed by category.

	Gas
	Food

	Lodging
	Restrooms

## Finding Exit Services

- 1 From the map, select  > **Exit Services**.
- 2 Use the arrows to select an upcoming exit.
- 3 Select an exit service tab.
- 4 Select a point of interest.

## Navigating to an Exit

- 1 From the map, select  > **Exit Services** > .
- 2 Select **Go!**.

## Avoiding Road Features

- 1 Select **Settings > Navigation > Avoidances**.
- 2 Select the road features to avoid on your routes, and select **Save**.

**NOTE:** When highway avoidances are enabled, long-distance routes may still include highways.

## About Custom Avoidances

Custom avoidances allow you to avoid specific areas and sections of road. You can enable and disable custom avoidances as needed.

### Avoiding an Area

- 1 Select **Settings > Navigation > Custom Avoidances**.
- 2 If necessary, select **Add Avoidance**.
- 3 Select **Add Avoid Area**.
- 4 Select the upper-left corner of the area to avoid, and select **Next**.
- 5 Select the lower-right corner of the area to avoid, and select **Next**.

The selected area is shaded on the map.

- 6 Select **Done**.

### Avoiding a Road

- 1 Select **Settings > Navigation > Custom Avoidances**.
- 2 Select **Add Avoid Road**.
- 3 Select the starting point of the section of road to avoid, and select **Next**.

- 4 Select the ending point of the road section, and select **Next**.

- 5 Select **Done**.

## Disabling a Custom Avoidance

You can disable a custom avoidance without deleting it.

- 1 Select **Settings > Navigation > Custom Avoidances**.
- 2 Select an avoidance.
- 3 Select  > **Disable**.

## Deleting Custom Avoidances

- 1 Select **Settings > Navigation > Custom Avoidances**.
- 2 Select an option:
  - To delete all custom avoidances, select .
  - To delete one custom avoidance, select the avoidance, and select  > **Delete**.

## Enabling Advanced Detours

Select **Settings > Navigation > Advanced Detours**.

### Taking a Detour

Before you can take a detour, you must be navigating a route.

You can take a detour for a specified distance along your route or detour around specific roads. This is useful if you encounter construction zones, closed roads, or poor road conditions.

- 1 From the map, select  > **Detour**.
- 2 Select an option.
  - To detour your route for a specific distance, select a distance.
  - To detour around a specific road on the route, select **Detour by Road(s) on Route**, and select a road around which to detour.

## Custom Points of Interest

Custom POIs are customized points on the map. They can contain alerts that let you know if you are near a designated point or if you are traveling faster than a specified speed.

## Installing POI Loader Application

You can create or download custom POI lists on your computer and prepare them for installation using the POI Loader application. You must use a USB mass storage device to load POIs.

- 1 Go to [www.garmin.com/poiloader](http://www.garmin.com/poiloader).
- 2 Click **POI Loader**.
- 3 Download and install the POI Loader application onto your computer.

## Installing Custom Points of Interest

Before you can install custom points of interest, you must prepare POI lists for installation using the POI Loader application.

- 1 Connect a USB mass storage device to your computer.
- 2 On the USB mass storage device, create a new folder named Garmin.
- 3 Copy the custom POI files to the Garmin folder on the USB mass storage device.
- 4 On the KENWOOD system, open the navigation system.
- 5 Connect the USB mass storage device to your KENWOOD system.
- 6 On the KENWOOD system screen, select **Yes**.
- 7 Select **Custom POIs**.
- 8 Select **Install**.

The KENWOOD system imports the custom points of interest into the system storage.

## Using the POI Loader Help Files

For more information on the POI loader, refer to the Help file.

With the POI loader open, click **Help**.

## Finding Extras

- 1 Select **Where To? > Categories > Custom POIs**.
- 2 Select a category.

## Map Pages

### Customizing the Map

#### Customizing the Map Layers

You can customize which data appear on the map, such as icons for points of interest and road conditions.

- 1 From the map, select .
- 2 Select **Map Layers**.
- 3 Select which layers you want to include on the map, and select **Save**.

#### Viewing the Trip Log

Your device keeps a trip log, which is a record of the path you have traveled.

- 1 Select **Settings > Map & Vehicle > Map Layers**.
- 2 Select the **Trip Log** check box.
- 3 Select **Save**.

#### Changing the Map Data Field

- 1 From the map, select the data field in the lower left-hand corner.
- 2 Select a type of data to display.
- 3 Select **Save**.

#### Customizing Map Buttons

You can include up to three icons on the right side of the main map.

- 1 Select **Settings > Map & Vehicle > Map Buttons**.
- 2 Select an icon, and select **OK**.
- 3 Select .
- 4 Select a different icon.
- 5 Select **Save**.

#### Removing Buttons from the Map

You can remove all buttons from the right side of the map.

- 1 Select **Settings > Map & Vehicle > Map Buttons**.
- 2 Select an icon, and select **OK**.
- 3 Select **Save**.

#### Changing the Map Perspective

- 1 Select **Settings > Map & Vehicle > Driving Map View**.

## 2 Select an option:

- Select **Track Up** to display the map in two dimensions (2-D), with your direction of travel at the top.
- Select **North Up** to display the map in 2-D with north at the top.
- Select **3-D** to display the map in three dimensions.

## 3 Select **Save**.

# Viewing Route Activity

## Viewing a List of Turns

While navigating a route, you can view all of the turns and maneuvers for your entire route and the distance between turns.

### 1 While navigating a route, select the text bar on the top of the map.

### 2 Select a turn.

The details for the turn appear. If available, an image of the junction appears for junctions on major roadways.

## Viewing the Entire Route on the Map

### 1 While navigating a route, select the navigation bar at the top of the map.

### 2 Select **Map**.

## Viewing the Next Turn

While navigating a route, a preview of the next turn, lane change, or other maneuver appears in the upper-left corner of the map.

The preview includes the distance to the turn or maneuver and the lane in which you should be traveling, if available.

From the map, select  to view the next turn on the map.

## Viewing Traffic Alerts

While navigating a route, a traffic alert may appear in the navigation bar.

Select the alert to view more information.

## Viewing Junctions

While navigating a route, you can view the junctions on major roadways. When you approach a junction in a route, the image of that junction appears briefly, if available.

**NOTE:** This feature is not available on all models.

From the map, select  to view the junction, if available.

## Viewing the Trip Information Page

The trip information page displays your speed and provides statistics about your trip.

**NOTE:** If you make frequent stops, leave the device turned on, so it can accurately measure elapsed time during the trip.

From the map, select **Speed**.

## Resetting Trip Information

### 1 From the map, select **Speed**.

### 2 Select > **Reset All**.

### 3 Select an option:

- When not navigating a route, select **Select All** to reset every data field except the speedometer, on the first page.
- Select **Reset Trip Data** to reset the information on the trip computer.
- Select **Reset Trip B** to reset the odometer.
- Select **Reset Max. Speed** to reset the maximum speed.

### 4 Select **Reset**.

# Getting Directions to Your Current Location

If you need to tell another person how to get to your current location, your device can give you a list of directions.

### 1 From the map, select the vehicle.

### 2 Select > **Directions to Me**.

## Viewing Current Location Information

You can use the Where Am I? page to view information about your current location. This feature is helpful if you need to tell emergency personnel your location.

From the map, select  > **Where Am I?**.

## Finding Nearby Services

You can use the Where Am I? page to find nearby services, such as hospitals or police stations.

### 1 From the map, select > **Where Am I?**.

### 2 Select a category.

# Using the Apps

## Searching Help Topics

Select Apps > Help > Q.

## About ecoRoute

The ecoRoute™ feature calculates the fuel economy and the fuel price of navigating to a destination, and offers tools for improving fuel efficiency.

The data provided by the ecoRoute feature is an estimate only.

To receive more-accurate fuel reports for your specific vehicle and driving habits, calibrate the fuel economy ([Calibrating the Fuel Economy](#)).

## Setting Up the Vehicle

The first time you use the ecoRoute features, you must enter vehicle information.

- 1 Select Apps > ecoRoute™.
- 2 Follow the on-screen instructions.

## Calibrating the Fuel Economy

You can calibrate the fuel economy to receive more-accurate fuel reports for your specific vehicle and driving habits. You should calibrate when you fill up your fuel tank.

- 1 Select Apps > ecoRoute™ > At the Pump.
- 2 Enter the current fuel price.
- 3 Enter the amount of fuel the vehicle has used since the last time the fuel tank was filled.
- 4 Enter the distance you have traveled since the last time the fuel tank was filled.
- 5 Select **Next**.  
The device calculates the average vehicle fuel economy.
- 6 Select **Save**.

## Changing the Fuel Price

- 1 Select Apps > ecoRoute™ > At the Pump.
- 2 Enter the current price of fuel, and select **Next**.
- 3 Select **Yes**.

## About ecoChallenge

ecoChallenge helps you maximize the vehicle fuel economy by scoring your driving habits. The higher your ecoChallenge scores, the more fuel you have saved. ecoChallenge collects data and calculates a score whenever your vehicle is moving.

## Viewing ecoChallenge Scores

Select Apps > ecoRoute™ > ecoChallenge.

## About the ecoChallenge Score

The leaf color on the ecoChallenge icon changes depending on your performance in the challenge.

**Overall:** Displays an average of the speed, acceleration, and braking score.

**Speed:** Displays your score for driving your vehicle at the optimal speed for conserving fuel.

**Acceleration:** Displays your score for smooth and gradual acceleration. You lose points for rapid acceleration.

**Braking:** Displays your score for smooth and gradual braking. You lose points for hard braking.

## Resetting the ecoChallenge Scores

- 1 Select Apps > ecoRoute™ > ecoChallenge.
- 2 Select  > Reset.
- 3 Select **Yes**.

## Viewing Fuel Economy Information

- 1 Select Apps > ecoRoute™ > Fuel Economy.
- 2 Select a section of the graph to zoom in.

## Mileage Reports

Mileage reports provide the distance, the time, the average fuel economy, and the fuel cost of navigating to a destination.

A mileage report is created for every route that you drive. If you stop a route on your device, a mileage report is created for the distance you traveled.

## Exporting a Mileage Report

- 1 Connect a USB mass storage device to your KENWOOD unit.
- 2 Select Apps > ecoRoute™ > Mileage Report.

- 3 Select **Export** to export and save a report to the USB mass storage device.

## Resetting ecoRoute Information

- 1 Select **Apps > ecoRoute™ > Vehicle Profile**.
- 2 Select **Reset**.
- 3 Select **Yes**.

## Planning a Trip

You can use the trip planner to create and save a trip with multiple destinations.

- 1 Select **Apps > Trip Planner**.
- 2 Select **New Trip**.
- 3 Select **Select Start Location**.
- 4 Search for a location ([Finding a Location by Category](#)).
- 5 Select **Select**.
- 6 To add additional locations, select **+**.
- 7 Search for a location.
- 8 Select **Select**.
- 9 Select **Next**.
- 10 Enter a name, and select **Done**.

## Scheduling a Trip

You can add scheduling information to each location in your trip, including the desired arrival time and layover duration at each location. This can help you plan your departure to reach locations in your trip on time.

- 1 Select **Apps > Trip Planner**.
- 2 Select a trip.
- 3 Select a location.
- 4 Select **Departure Time or Arrival Time**.
- 5 Select a date and time, and select **Save**.
- 6 Select **Duration**.
- 7 Select the amount of time you intend to spend at the location, and select **Save**.
- 8 If necessary, repeat steps 3 through 7 for each location.

## Navigating to a Saved Trip

- 1 Select **Apps > Trip Planner**.
- 2 Select a saved trip.
- 3 Select **Go!**.
- 4 Select your next destination.

- 5 If prompted, select a route.

## Editing a Saved Trip

- 1 Select **Apps > Trip Planner**.
- 2 Select a saved trip.
- 3 Select **≡**.
- 4 Select an option:
  - Select **Edit Destinations** to add and delete a location, or to change the order of locations.
  - Select **Delete Trip**.
  - Select **Rename Trip**.
  - Select **Optimize Order** to arrange the stops on your trip in the most-efficient order.
  - Select **Route Preference** to change the route calculation mode for your trip.

## Saving Trip Logs

Trip logs are recorded while you navigate a route.

**NOTE:** Trip log data is saved as a .gpx file.

- 1 Connect a USB mass storage device to your KENWOOD unit.
- 2 Select **Apps > My Data > Manage Trip Log**.
- 3 Select a trip log segment, or select **View All Segments**.
- 4 Select **Share** to export to the USB mass storage device.

## Viewing Previous Routes and Destinations

Before you can use this feature, you must enable the travel history feature ([Device and Privacy Settings](#)).

You can view your previous routes and places you have stopped on the map.

Select **Apps > Where I've Been**.

## Viewing the Weather Forecast

Before you can use this feature, your device must be connected using Bluetooth to access connected services. This feature is not available in all areas.

- 1 Select **Apps > Weather**.
- 2 Select a day.

The detailed forecast for that day appears.

## Viewing Weather Near a Different City

- 1 Select **Apps > Weather > Current Location**.
- 2 Select an option:
  - To view weather for a favorite city, select a city in the list.
  - To add a favorite city, select **Add City**, and enter a city name.

## Viewing Road Weather

Before you can use this feature, your device must be connected using Bluetooth wireless technology to access connected services. This feature is not available in all areas.

- 1 Select **Apps > Road Weather**. Weather events that affect road conditions appear on the map.
- 2 Select a weather event to view details about the event.

## Finding Fuel Stations and Prices

Before you can use this feature, your device must be connected using Bluetooth to access connected services.

You can find nearby fuel stations and compare fuel prices.

- 1 Select **Apps > Fuel Prices**.
- 2 If necessary, select  > **Fuel Type**, select a fuel type, and select **Save**.
- 3 Select a fuel station.

## Dynamic Parking

Before you can use this feature, your device must be connected using Bluetooth to access connected services. This feature is not available in all areas.

You can find detailed parking information, including parking availability in nearby garages and pricing information.

- 1 Select **Apps > Dynamic Parking**.
- 2 Select a parking location.

# About Traffic

## NOTICE

Garmin and JVCKENWOOD are not responsible for the accuracy or timeliness of traffic information.

Your navigation system can receive traffic information with a subscription to INRIX® Traffic Service. The traffic receiver must be in data range of a station transmitting traffic data to receive traffic information. The traffic subscription activates automatically after your navigation system acquires satellite signals while receiving traffic signals from the service provider.

**NOTE:** INRIX Traffic Service is not available on all models or in all areas.

## Traffic Data Using INRIX Traffic Service

You can purchase a traffic subscription to receive traffic data using INRIX traffic service. When your navigation system is connected to INRIX and within a traffic coverage area, your system begins displaying traffic information. Traffic data is not available in all areas or regions.

See the KENWOOD Traffic Powered By INRIX™ application for INRIX traffic subscription information.

## About the Traffic Icon

When you are receiving traffic information, a traffic icon appears on the map. The traffic icon changes color to indicate the severity of traffic conditions.

**Green:** Traffic is flowing freely.

**Yellow:** Traffic is moving, but there is a delay. There is moderate traffic congestion.

**Red:** Traffic is not moving or moving very slowly. There is a severe delay.

**Gray:** Traffic information is not available.

## Traffic on Your Route

### Viewing Traffic on Your Route

- 1 While navigating a route, select .
- 2 Select **Traffic On Route**.

A list of traffic events appears, organized by their location on the route.

### 3 Select an event.

## Manually Avoiding Traffic on Your Route

- 1 From the map, select .
- 2 Select **Traffic On Route**.
- 3 If necessary, use the arrows to view other traffic delays on your route.
- 4 Select  > **Avoid**.

## Taking an Alternate Route

- 1 While navigating an automobile route, select .
- 2 Select **Alternate Route**.
- 3 Select a route.

## Viewing Traffic on the Map

The traffic map shows color-coded traffic flow and delays on nearby roads.

- 1 From the map, select .
- 2 Select **Traffic Conditions**.

## Traffic in Your Area

### Searching for Traffic Delays

- 1 From the map page, select .
- 2 Select **Traffic Conditions** > .
- 3 Select an item in the list.
- 4 If there is more than one delay, use the arrows to view additional delays.

## Viewing a Traffic Incident on the Map

- 1 From the map, select .
- 2 Select **Traffic Conditions**.
- 3 Select a traffic icon.

## Understanding Traffic Data

The traffic legend explains the icons and colors used on the traffic map.

- 1 From the map, select  > **Traffic**.
- 2 Select **Traffic Legend**.

# Customizing the Device

## Map and Vehicle Settings

To open the Map and Vehicle settings, from the main menu, select **Settings** > **Map & Vehicle**.

**Vehicle**: Sets the icon that represents your position on the map.

**Driving Map View**: Sets the perspective on the map.

**Map Detail**: Sets the level of detail on the map. More detail may cause the map to draw slower.

**Map Theme**: Changes the color of the map data.

**Map Buttons**: Sets which icons are included on the map. Up to three icons can be included on the map.

**Map Layers**: Sets the data that appears on the map page ([Customizing the Map Layers](#)).

**Dashboards**: Sets the map dashboard layout.

**Auto Zoom**: Automatically selects the zoom level for optimal use of your map. When disabled, you must zoom in or out manually.

**Audible Speed Alerts**: Alerts you when your vehicle is exceeding the speed limit.

**NOTE**: This feature is not available in all areas.

**myMaps**: Sets which installed maps the device uses.

## Enabling Maps

You can enable map products installed on your device.

- 1 Select **Settings** > **Map & Vehicle** > **myMaps**.
- 2 Select a map.

## Navigation Settings

To open the Navigation settings page, from the main menu, select **Settings** > **Navigation**.

**Calculation Mode**: Sets the route calculation method.

**Avoidances**: Sets road features to avoid on a route.

**Custom Avoidances:** Allows you to avoid specific roads or areas.

**Advanced Detours:** Sets the length of a detour.

**Safe Mode:** Disables all functions that require significant operator attention and could become a distraction while driving.

**Voice Prompts:** Enables voice prompts.

**GPS Simulator:** Stops the device from receiving GNSS signals.

## Changing the Route Calculation Mode

**1** Select **Settings > Navigation > Calculation Mode.**

**2** Select an option:

- Select **Faster Time** to calculate routes that are faster to drive but can be longer in distance.
- Select **Shorter Distance** to calculate routes that are shorter in distance but can take more time to drive.
- Select **Less Fuel** to calculate routes that are more fuel-efficient.

**3** Select **Save.**

## Display Settings

Select **Settings > Display.**

**Color Mode:** Allows the device to display day or night colors.

## Changing the Color Mode

**1** Select **Settings > Display > Color Mode.**

**2** Select an option:

- To use a light background, select **Day**.
- To use a dark background, select **Night**.
- To allow the device to display day or night colors automatically, based on the time of day, select **Auto**.

## Traffic Settings

From the main menu, select **Settings > Traffic.**

**Traffic:** Enables traffic.

**trafficTrends™:** Enables the trafficTrends™ feature (**trafficTrends**).

**Traffic Voice Prompts:** Enables voice prompts for traffic events.

## trafficTrends

When the trafficTrends feature is enabled, your device uses historic traffic data to calculate more-efficient routes.

**NOTE:** Different routes may be calculated based on traffic trends for the day of the week or the time of day.

## Disabling trafficTrends

To prevent your device from recording traffic data, you must disable trafficTrends.

Select **Settings > Traffic > trafficTrends™.**

## Units and Time Settings

To open the Units and Time settings page, from the main menu, select **Settings > Units & Time.**

**Current:** Sets the device time.

**Time Format:** Allows you to select a 12-hour, 24-hour, or UTC display time.

**Units:** Sets the unit of measure used for distances.

## Language and Keyboard Settings

To open the Language and Keyboard settings, from the main menu, select **Settings > Language & Keyboard.**

**NOTE:** To change the text language settings, see the KENWOOD system instruction manual.

**Voice Language:** Sets the language for voice prompts.

**Keyboard Language:** Sets the language for your keyboard.

**Keyboard Layout:** Sets the keyboard layout.

## Device and Privacy Settings

To open the Device settings page, from the main menu, select **Settings > Device.**

**About:** Displays the software version number, the unit ID number, and information on several other software features.

**Travel History:** Allows the device to record information for the myTrends ([Using Suggested Routes](#)), Where I've Been ([Viewing Previous Routes and Destinations](#)), and Trip Log ([Viewing the Trip Log](#)) features.

**Clear Travel History:** Clears your travel history from the navigation system.

**Update Maps:** Exports data from the navigation unit for updates ([Updating Map Data](#)).

## Proximity Alerts Settings

**NOTE:** You must have custom points of interest (POIs) loaded for proximity points alerts to display.

**NOTE:** This feature is not available in all areas.

Select **Settings > Proximity Alerts**.

**Audio:** Sets the style of alert that plays when you approach proximity points.

**Alerts:** Sets the type of proximity points for which alerts are played.

## Restoring Settings

You can restore a category of settings or all settings to the factory default values.

- 1 Select **Settings**.
- 2 If necessary, select a settings category.
- 3 Select  > **Restore**.
- 4 Select **Yes**.

To download free navigation software updates and purchase updated maps for your product, go to [www.garmin.com/kenwood](http://www.garmin.com/kenwood).

## Important Notice on Software

### ■ Software License on This Product

The software embedded in this product comprises a number of independent software components, each of which is copyrighted by JVCKENWOOD Corporation or by a third party. This product uses software components that are based on an End-User License Agreement (hereinafter called "EULA") stipulated by JVCKENWOOD Corporation and by third parties. The EULA dictates the availability of the source codes of free-software components as a prerequisite to distributing them in executable form under the terms of the GNU General Public License or the Lesser General Public License (hereinafter called "GPL/LGPL"). To get information about the software components that are subject to the terms of the GPL/LGPL, please visit the following Website:

Website URL <https://www2.jvckenwood.com/gpl/>

Queries concerning the contents of the source code or the like will not be accepted.

Please note that software components based on a EULA that is not subject to the terms of the GPL/LGPL or those that have been developed or created by JVCKENWOOD Corporation will be excluded from the scope of source code disclosure.

Because licenses to use software components distributed under the GPL/LGPL are offered to the customers for free of charge, no warranty is granted to the customers, whether explicitly or implicitly, to the extent of the applicable laws. Unless otherwise stipulated by the applicable laws or agreed upon in writing, the copyright holders or those who are entitled to modify and redistribute the software components are not held responsible for any and all damages resulting from their use or from inability to use them. For more information about the terms of use of the software components, required items of compliance and so on, please refer to the GPL/LGPL.

Customers wishing themselves to use a software component that is subject to the GPL/LGPL embedded in this product are encouraged to read the terms of the corresponding license before use. Because each individual license is prescribed by a third party other than

JVCKENWOOD Corporation, the original (English) of the license is presented.

## EULA

### ■ Software License Agreement

JVCKENWOOD Corporation (hereinafter called "Licensor") holds either the copyright to the embedded software or the right to sublicense it. This agreement establishes the conditions under which the customer uses this "Licensed Software."

The customer shall agree to the terms of this license agreement before proceeding to use Licensed Software.

This agreement is deemed to have taken effect when the customer (hereinafter called "User") has used a product implementation of Licensed Software.

The Licensed Software may contain software Licensor has been licensed to use by third parties directly or indirectly. Some third parties may have terms of use prescribed for their customers, apart from this Software License Agreement. This agreement does not apply to such software. Be sure to consult "Important Notice on Software" as presented separately.

#### Article 1 (General)

Licensor grants to User a non-exclusive, non-assignable right of use Licensed Software within the country where the User purchases the Product (hereinafter the "Country") (except for the exception provided for in Paragraph 1, Article 3).

#### Article 2 (Right of Use)

1. The rise of use granted under this agreement is the right to use Licensed Software in this product.
2. User may not duplicate, copy, modify, add to, translate or otherwise alter, or loan licensed Software and the associated literature in whole or in part.
3. Use of Licensed Software is limited to a private extent, and Licensed Software may not be distributed, licensed or sublicensed for any purposes whatsoever, including commercial use.
4. User shall use Licensed Software as per the instruction manual or instructions given in the help file and may not use or duplicate data in violations of the regulations of the Copyright Law or other governing laws by using Licensed Software in whole or in part.

### **Article 3 (Terms of License)**

1. In assigning this product, User may not retain the original copy of the embedded Licensed Software (including associated literature, updates and upgrades) and any duplicates and associated literature with regard to the license to use Licensed Software. User may transfer Licensed Software only to the condition of binding the assignee to abide by the terms of this Software License Agreement.
2. User may not reverse-engineer, disassemble, decompile or otherwise analyze the source code of Licensed Software.

### **Article 4 (Rights to Licensed Software)**

All rights to Licensed Software and the associated literature, including copyrights, shall reside with Lessor or the original right holder who has granted the Right of Use and right to sublicense to Lessor (hereinafter referred to as "Original Right Holder"), and User does not have any rights other than Right of Use granted hereunder with regard to Licensed Software and the associated literature.

### **Article 5 (Exemption Granted to Lessor)**

1. Lessor and Original Right Holder do not assume any responsibility for damages caused to User or third parties resulting from the exercise by User of the license granted hereunder, unless otherwise provided by any law to the contrary.
2. Lessor does not warrant Licensed Software to be merchantable, compatible and fit for specific purposes.

### **Article 6 (Responsibility for Third Parties)**

If disputes over the infringement of third parties' intellectual property rights, such as copyrights and patent rights, arise out of the use of Licensed Software by User, User shall resolve these disputes at User's own expenses while keep Lessor and Original Right Holder harmless.

### **Article 7 (Secrecy Obligation)**

User shall keep confidential Licensed Software provided hereunder, information contained in the associated literature or the like and those provisions of this agreement not yet in public knowledge and may not disclose or leak these to third parties without prior written consent from Lessor.

### **Article 8 (Cancellation of the Agreement)**

Lessor reserves the right to cancel this agreement forthwith and claim compensation

from User for the damages caused by such cancellation when User:

- (1) Breaches any of the provisions of this agreement, or
- (2) Has received a petition for seizure, provisional seizure, provisional disposition or any other kind of compulsory execution.

### **Article 9 (Destruction of Licensed Software)**

If this agreement is terminated under the provision of the foregoing paragraph, User shall destroy Licensed Software, along with all associated literature and its duplicates, within two (2) weeks from the date of termination.

### **Article 10 (Copyright Protection)**

1. Copyrights and all other intellectual property rights relating to Licensed Software shall reside with Lessor and Original Right Holder and in no circumstances with User.
2. User shall abide by the laws relating to copyrights and intellectual property rights in using Licensed Software.

### **Article 11 (Export Control)**

1. Licensed Software and the associated literature or the like may not be exported to places outside the Country (including transmission outside the Country over the Internet or the like).
2. User agrees that Licensed Software is subject to export controls imposed by the Country and the United States of America.
3. User agrees to comply with all the international and domestic laws that apply to this software (U.S. Export Administration Regulations and regulations established by the U.S., the Country and their governmental agencies regarding usage by end users and export destinations).

### **Article 12 (Miscellaneous)**

1. Even if this agreement is invalidated in part by law, all other provisions shall remain in effect.
2. Lessor and User shall consult each other in good faith to resolve any matters not provided for in this agreement or questions arising from the interpretation of this agreement.
3. Lessor and User agree that this agreement is governed by the law of Japan and that all disputes involving claims and obligations that may arise out of this agreement will be settled by arbitration at the Tokyo District Court as the court of first instance.

## Before Use

### About the Quick start guide

- This Quick Start Guide describes basic functions of this unit. For functions not described in this Guide, refer to the Instruction Manual on the following website:  
<https://manual.kenwood.com/edition/im403/>

- The Instruction manual is subject to change for modification of specifications and so forth. Be sure to download the latest edition of the Instruction manual for reference.

### How to read this manual

- The screens and panels shown in this manual are examples used to provide a clear explanation of operations. For this reason, they may be different from the actual screens or panels, or some display patterns may be different from the actual ones.
- **Display language:** English is used for the purpose of explanation. You can select a display language from the **SETUP** menu. See **System Setup (P.72)** in the Instruction Manual.

### Precautions

#### ▲ WARNINGS

##### ■ To prevent injury or fire, take the following precautions:

- To prevent a short circuit, never put or leave any metallic objects (such as coins or metallic tools) inside the unit.
- Do not watch or fix your eyes on the unit's display when you are driving for any extended period.
- If you experience problems during installation, consult your KENWOOD dealer.

##### ■ Precautions on using this unit

- When you purchase optional accessories, check with your KENWOOD dealer to make sure that they work with your model and in your area.

- You can select a language to display menus, audio file tags, etc. See **System Setup (P.72)** in the Instruction Manual.
- The Radio Broadcast Data System feature won't work in areas where the service is not supported by any broadcasting station.

## ■ Protecting the monitor

- To protect the monitor from damage, do not operate the monitor using a ball point pen or similar tool with a sharp tip.

## ■ Cleaning the unit

- If the faceplate of this unit is stained, wipe it with a dry soft cloth such as a silicon cloth. If the faceplate is stained badly, wipe it with a cloth moistened with neutral cleaner, then wipe it again with a clean soft dry cloth.

### NOTE

- Applying spray cleaner directly to the unit may damage its mechanical parts. Wiping the faceplate with a hard cloth or using a volatile liquid such as thinner or alcohol may scratch the surface or erase the screened print.

## ■ Acquiring GPS signal

The first time you turn on this unit, you must wait while the system acquires satellite signals for the first time. This process could take up to several minutes. Make sure your vehicle is outdoors in an open area away from tall buildings and trees for fastest acquisition. After the system acquires satellites for the first time, it will acquire satellites quickly each time thereafter.

## ■ About GLONASS

This unit uses Global Navigation Satellite System (GLONASS) in addition to GPS.

Combining GPS and GLONASS can refine positioning accuracy than using GPS only.

## ■ Caution for Smartphone Users

Simultaneously running multiple applications on your smartphone while screen sharing places heavy demand on the microprocessor of the phone, potentially affecting communication and performance.

For best results while pairing with your KENWOOD receiver, please be sure to close any unused applications.

## Safety Precautions and Important Information

Read this information carefully before starting to operate the KENWOOD Car Navigation System and follow the instructions in this manual.

Neither KENWOOD nor Garmin shall be liable for problems or accidents resulting from failure to observe the instructions in this manual.

### ⚠ WARNING

Failure to avoid the following potentially hazardous situations could result in an accident or collision resulting in death or serious injury.

When navigating, carefully compare information displayed on the navigation system to all available navigation sources, including information from street signs, visual sightings, and maps. For safety, always resolve any discrepancies or questions before continuing navigation.

Always operate the vehicle in a safe manner.

Do not become distracted by the navigation system while driving, and always be fully aware of all driving conditions. Minimize the amount of time spent viewing the screen of the navigation system while driving, and use voice prompts when possible.

Do not enter destinations, change settings, or access any functions requiring prolonged use of the navigation system controls while driving. Stop your vehicle in a safe and legal manner before attempting such operations.

Keep the system volume at a low enough level to be able to hear outside noises while driving. If you can no longer hear outside noises, you may be unable to react adequately to the traffic situation. This may cause accidents.

The navigation system will not display the correct current position of the vehicle the first time it is used after purchase, or if the vehicle battery is disconnected. GPS satellite signals will soon be received, however, and the correct position will be displayed.

Be careful of the ambient temperature. Using the navigation system at extreme temperatures can lead to malfunction or damage. Also note that the unit can be damaged by strong vibration, by metal objects, or by water getting inside the unit.

## **▲ CAUTION**

Failure to avoid the following potentially hazardous situations may result in injury or property damage.

The navigation system is designed to provide you with route suggestions. It does not reflect road closures or road conditions, weather conditions, or other factors that may affect safety or timing while driving.

Use the navigation system only as a navigational aid. Do not attempt to use the navigation system for any purpose requiring precise measurement of direction, distance, location, or topography.

The Global Positioning System (GPS) is operated by the United States government, which is solely responsible for its accuracy and maintenance.

The government system is subject to changes that could affect the accuracy and performance of all GPS equipment, including the navigation system. Although the navigation system is a precision navigation device, any navigation device can be misused or misinterpreted and, therefore, become unsafe.

## **■ IMPORTANT INFORMATION**

### ***Vehicle Battery Preservation***

This navigation system can be used when the ignition key is turned to ON or ACC. To preserve the battery, however, it should be used with the engine running whenever possible. Using the navigation system for a long time with the engine switched off can cause the battery to run down.

### ***Map Data Information***

One of the goals of Garmin is to provide customers with the most complete and accurate cartography that is available to us at a reasonable cost. We use a combination of governmental and private data sources, which we identify in product literature and copyright messages displayed to the consumer. Virtually all data sources contain some inaccurate or incomplete data. In some countries, complete and accurate map information is either not available or is prohibitively expensive.

# Basic Operations

## Functions of the Buttons on the Front Panel

Number	Name	Motion
1	Remote Sensor	<ul style="list-style-type: none"> <li>• Receives the remote control signal.</li> </ul>
2	HOME/∅	<ul style="list-style-type: none"> <li>• Displays the HOME screen (<b>P.11</b>).</li> <li>• Pressing for 1 second turns the power off.</li> <li>• When the power is off, turns the power on.</li> </ul>
3	NAV/CAMERA	<ul style="list-style-type: none"> <li>• Displays the navigation screen.</li> <li>• While a navigation application is active on the device being used as the Apple CarPlay or Android Auto source, displays the Apple CarPlay or Android Auto source screen.</li> <li>• Pressing and holding switches view camera display on/off. The camera whose view is displayed first changes according to the Camera Assignment Settings (<b>P.37</b>) and the shift lever position in the shift gate. The camera whose view was displayed last is kept and the same camera view will be displayed the next time. If its assignment setting is changed, the rear camera view is displayed.</li> </ul>
4	MENU/ATT	<ul style="list-style-type: none"> <li>• Displays the popup menu screen.</li> <li>• Pressing for 1 second switches attenuation of the volume on/off.</li> </ul>
5	Volume knob	<ul style="list-style-type: none"> <li>• Adjusts the volume.</li> </ul>
6	≡	<ul style="list-style-type: none"> <li>• Displays the APP (Apple CarPlay/Android Auto/Wireless Mirroring) screen.</li> <li>• While the APP screen is displayed, switches to the control screen of current source.</li> </ul>
7	VOICE	<ul style="list-style-type: none"> <li>• Switches the voice recognition function on/off.</li> <li>• When neither Apple CarPlay, Android Auto, nor a Bluetooth Hands-Free phone is connected, pressing and holding displays Bluetooth pairing waiting dialog.</li> </ul>

Number	Name	Motion
8	SD card slot	<ul style="list-style-type: none"><li>• A slot to insert an SD card.</li><li>• You can play audio/visual files in the card. *1</li><li>• An SD card slot for upgrading the map. For how to upgrade the map, refer to the instruction manual of the navigation system. *2</li></ul> <p>*1 If the map update file remains in the SD card, you cannot play audio/visual files. *2 The system of the unit is rebooted after inserting/removing the MAP SD.</p>

## Turning on the Unit

**1** Press the **HOME/○** button.

► The unit is turned on.

● **To turn off the unit:**

**1** Press the **HOME/○** button for 1 second.

### NOTE

- If it is your first time to turn the unit on after installation, it will be necessary to perform Initial SETUP (P.9).

## Initial Settings

### Initial SETUP

Perform this setup when you use this unit first time.

#### 1 Set each item as follows.

#### ■ Locale

Select the country for the navigation system. The language, the distance unit, and the gasoline unit are set.

##### ① Touch **Locale**.

② Select the desired country.

#### ■ Language

Select the language used for the control screen and setting items. Default is "American English(en)".

##### ① Touch **Language**.

##### ② Touch **Language Select**.

③ Select the desired language.

##### ④ Touch .

For details, see **System Setup (P.72)** in the Instruction Manual.

#### ■ Display & Button

Set the button illumination color.

##### ① Touch **Display & Button**.

##### ② Touch **Button Illumination Color**.

③ Select the desired color.

##### ④ Touch .

For details, see **Display & Button Setup (P.70)** in the Instruction Manual.

#### ■ Camera

Set the parameters for the camera.

##### ① Touch **Camera**.

##### ② Set each item and touch .

For details, see **Camera Setup (P.63)** in the Instruction Manual.

#### ■ OEM SETUP

This function requires a commercial adaptor. Consult your KENWOOD dealer for details.

#### ■ DEMO

Set the demonstration mode. Default is "ON".

#### 2 Touch **Finish**.

#### NOTE

- These settings can be made from the SETUP menu. See **Setup (P.68)** in the Instruction Manual.

### Calendar/clock settings

**1** Press the **HOME**/**>Main** button.

**2** Touch .

**3** Touch **SETUP**.

► **SETUP** Menu screen appears.

**4** Touch **System**.

► System setting menu appears.

**5** Set each item as follows.

Scroll the page to show hidden items.

#### ■ Time Format

Select the time display format.

**12-Hour** (Default)/ **24-Hour**

#### ■ Clock

**NAV-SYNC** (Default): Synchronizes the clock time with navigation GPS data.

**Manual**: Set the clock manually.

#### ■ Time Zone

If you have selected **Manual** for Clock, select the time zone.

#### ■ Clock Adjust

If you select **Manual** for Clock, adjust the date and time manually.

#### NOTE

- Please set the date and time. If they are not set, some functions may not work.

### Touch screen operations

To perform operations on the screen, you need to touch, touch and hold, flick or swipe to select an item, display a setting menu screen or change pages.

#### ● Touch

Touch the screen gently to select an item on the screen.

#### ● Touch and hold

Touch the screen and keep your finger in place until the display changes or a message is displayed.

#### ● Flick

Slide your finger quickly to the left or right on the screen to change the page. You can scroll a list screen by flicking up/down on the screen.

#### ● Swipe

Slide your finger up or down on the screen to scroll the screen.

## HOME screen descriptions

Most functions can be performed from the HOME screen.

- 1** • Widget
- 2** • Displays the source selection screen. (P.12)
- 3** • Displays the SETUP Menu screen.
- 4** • Short-cut playback source icons (P.13)

### NOTE

- The speed limit feature is for information only and does not replace your responsibility to abide by all posted speed limit signs and to use safe driving judgment at all times.
- Garmin and JVCKENWOOD Corporation will not be responsible for any traffic fines or citations you receive for failing to follow all applicable traffic laws and signs.

## Display the HOME screen

- 1** Press the **HOME/⌚** button.

► HOME screen appears.

## Widget

- 1** Press the **HOME/⌚** button.

► HOME screen appears.

- 2** You can change the widget or customize the widget area.

For details, see **Widget (P.20)** in the Instruction Manual.

### Popup menu

#### 1 Press the **MENU/ATT** button.

► Popup menu appears.

#### 2 Touch to display the popup menu.

The contents of the menu are as follows.

	• Displays the Screen Adjustment screen.
	• Turns the display off. To turn on the screen: Touch the display.
	• Displays the view camera screen.
	• Displays the SETUP Menu screen.
	• Displays the Audio screen. <b>(P.24)</b>
	• Displays the control screen of current source. Icon feature differs depending on the source. This icon is for USB source.
	• Close the popup menu.
	• Displays the Device List screen.
<b>1</b> 	• Short-cut source icons: The source changes to the one you have set with a short-cut. For the short-cut setting, refer to <b>Customize Short-cut source icons (P.13)</b> .

### Source selection screen description

You can display icons of all playback sources and options on the source selection screen.

**1** • Changes playback sources.  
For playback sources, see **Select the playback source (P.12)**.

**2** • Changes pages. (Touch / )  
You can also change pages by flicking left or right on the screen.

**3** • Returns to the previous screen.

**4** • Displays the SETUP Menu screen.

### Select the playback source

#### 1 Press the **HOME/⌚** button.

► HOME screen appears.

#### 2 Touch .

From the screen, you can select the following sources and functions.

	• Displays the navigation screen. <b>(P.15)</b>
	• Switches to the Apple CarPlay screen from the connected iPhone.
	• Switches to the Android Auto screen from the connected Android smartphone.
	• Displays the Hands-Free screen. <b>(P.22)</b> When neither Apple CarPlay, Android Auto, nor a Bluetooth Hands-Free phone is connected, displays Bluetooth pairing waiting dialog.*1

	<ul style="list-style-type: none"> <li>Switches to the Wireless Mirroring screen from the connected Android smartphone.</li> </ul>
	<ul style="list-style-type: none"> <li>Switches to the HD Radio broadcast. <b>(P.19)</b></li> </ul>
	<ul style="list-style-type: none"> <li>Switches to the SiriusXM® satellite radio broadcast.</li> </ul>
	<ul style="list-style-type: none"> <li>Plays a Bluetooth audio player.</li> </ul>
	<ul style="list-style-type: none"> <li>Plays an iPod/iPhone. <b>(P.18)</b></li> </ul>
	<ul style="list-style-type: none"> <li>Plays files on a USB device. <b>(P.17)</b></li> </ul>
	<ul style="list-style-type: none"> <li>Plays files on an SD card. <b>(P.17)</b></li> </ul>
	<ul style="list-style-type: none"> <li>Plays a device connected to the HDMI input terminal.</li> </ul>
	<ul style="list-style-type: none"> <li>Switches to an external component connected to the AV Audio input and the Video input terminal. *2 *3</li> </ul>
	<ul style="list-style-type: none"> <li>Puts the unit in standby. <b>(P.13)</b></li> </ul>

\*1 When connecting as Apple CarPlay or Android Auto, it works as a phone provided in Apple CarPlay or Android Auto. If Apple CarPlay or Android Auto are connected during talking by the Bluetooth device or iDatalink phone, the current call will be continued.

\*2 You can use the **AV-IN** source when a cable from a visual source except a camera is connected to the Video input terminal, and a cable is connected to the AV Audio input terminal. **(P.34)**

\*3 Set "VIDEO IN" to "None" in Camera Assignment Settings. **(P.37)**

## Put the unit in standby

**1** Press the **HOME/⌚** button.

► HOME screen appears.

**2** Touch

**3** Touch **STANDBY**.

## Customize Short-cut source icons

You can arrange the positions of the source icons as you like.

The 4 items placed in bottom line will appear on the bottom bar in various screens, as the short-cut playback source icons.

**1** Press the **HOME/⌚** button.

► HOME screen appears.

**2** Touch

**3** Touch and hold the icon which you want to move in the customizing mode.

**4** Drag the icon to the desired position.

### Source control screen descriptions

There are some functions which can be performed from most screens.

Displays the source selection screen. (P.12)

Displays the SETUP Menu screen.

#### 3 Short-cut source icons

The source changes to the one you have set with a short-cut. For the short-cut setting, refer to **Customize Short-cut source icons (P.13)**.

Connected Bluetooth device information.

#### 5 Indicator items

Displays the current source condition and so on.

### List screen

There are some common function keys in the list screens of most sources.

#### Display the list screen

##### 1 Touch Q.

► The list screen appears.

##### 1 < Text scroll

Scrolls the displayed text.

##### 2 ► Play etc.

Keys with various functions are displayed here.

- ► **Play** : Plays all tracks in the folder containing the current track.
- **Q A-Z** : Jumps to the letter you entered (alphabetical search).
- **Top** **Up** : Moves to the upper hierarchy level.

##### 3 ▲ / ▼ / ⌂ / ⌂ Page scroll

You can change pages to display more items by touching ▲ / ▼.

- ⌂ / ⌂ : Displays the top or bottom page.

##### 4 ← Return

Returns to the previous screen.

## Navigation Operation

For details on the navigation function, please refer to the Navigation Instruction Manual.

### Display the navigation screen

**1** Press the **NAV / CAMERA** button.

► The navigation screen appears.

**2** Touch .

► Main Menu screen appears.

### How to Use the Navigation System

**1** Operate the desired function from the Main Menu screen.

<b>1</b>	GNSS signal status.
<b>2</b>	Finds a destination.
<b>3</b>	Views the map.
<b>4</b>	Uses the Apps such as ecoRoute™ and Help.
<b>5</b>	Adjusts the settings.

#### NOTE

- You can get additional information about using the navigation system from Help. To display Help, touch **Apps** and then touch **Help**.

- For more information about your navigation system, download the latest version of the Owner's Manual from <https://manual.kenwood.com/edition/im403/>

**2** Enter your destination and start the guidance.

Finding points of interest

- ① Touch **Where To?**.
- ② Select a category and a subcategory.
- ③ Select a destination.
- ④ Touch **Go!**.

#### NOTE

- To enter letters contained in the name, touch the Search bar and enter the letters.

**3** Follow your route to the destination.

#### NOTE

- The speed limit icon feature is for information only and does not replace the driver's responsibility to abide by all posted speed limit signs and to use safe driving judgment at all times. Garmin and JVCKENWOOD Corporation will not be responsible for any traffic fines or citations that you may receive for failing to follow all applicable traffic laws and signs.

Your route is marked with a magenta line. As you travel, your navigation system guides you to your destination with voice prompts, arrows on the map, and directions at the top of the map. If you depart from the original route, your navigation system recalculates the route.

1	Views the Next Turn page or the junction view page, when available.
2	Views the Turn List page.
3	Views the Where Am I? page.
4	Stops the current route.
5	Displays traffic information on the route.
6	Returns to the Main menu.
7	Data field. Touch to display a different data field.
8	Vehicle speed. Touch to display a trip information.
9	Displays more options.

### NOTE

- Touch and drag the map to view a different area of the map.
- A speed limit icon could appear as you travel on major roadways.

### ● Adding a stop

- ① While navigating a route, touch and then touch **Where To?**.
- ② Search for the extra stop.
- ③ Touch **Go!**.
- ④ Touch **Add to Active Route** to add this stop before your final destination.

### ● Taking a detour

- ① While navigating a route, touch .
- ② Touch .

### ■ Manually avoiding traffic on your route

- ① From the map, touch .
- ② Touch **Traffic On Route**.
- ③ If necessary, touch the arrows to view other traffic delays on your route.
- ④ Touch > **Avoid**.

### ■ Viewing the traffic map

The traffic map shows color-coded traffic flow and delays on nearby.

- ① From the map, touch .
- ② Touch **Traffic Conditions**.

### ■ About traffic

- Traffic service is not available in some areas or countries.
- Garmin and JVCKENWOOD Corporation are not responsible for the accuracy or timeliness of the traffic information.
- You can receive INRIX traffic information and weather forecast by connecting your iPhone or Android smartphone in which the "KENWOOD Traffic Powered By INRIX" application is installed.  
For details, see "KENWOOD Traffic Powered By INRIX" application.

### ■ Updating maps

You can purchase updated map data from Garmin.

- ① Go to <https://kenwood.garmin.com/kenwood/site>
- ② From the Map Updates section, select Update
- ③ Follow the on-screen instructions.

### NOTE

- After you update map data for the first time, you can use an SD card and the Garmin Express™ application to perform future map updates.

# USB/SD/iPod

## Connecting a USB device

1 Connect the USB device with the USB cable. (P.35)

2 Press the **HOME/** button.

3 Touch .

4 Touch **USB**. (P.12)

### ■ Disconnect the USB device

1 Press the **HOME/** button.

2 Touch a source other than **USB**.

3 Detach the USB device.

### ■ Usable USB device

You can use a mass-storage-class USB device with this unit.

The word "USB device" appearing in this manual indicates a flash memory device.

## Inserting the SD

1 Tilt the panel toward you manually.

2 Insert the SD card into the slot until it clicks.

3 Close the panel.

4 Press the **HOME/** button.

5 Touch .

6 Touch **SD**. (P.12)

### ■ Remove the SD card

1 Press the **HOME/** button.

2 Touch a source other than **SD**.

3 Tilt the panel toward you manually.

4 Push the SD card until it clicks and then remove your finger from the card. The card pops up so that you can pull it out with your fingers.

5 Close the panel.

## Connect iPod/iPhone

### Preparation

- With an iPhone compatible with Apple CarPlay, turn off Apple CarPlay by operating the iPhone at functional setup before connecting iPhone. For details of the setup method, contact the manufacturer of the terminal.
- Only one iPod/iPhone can be connected.

### Wired connection

#### Preparation

- Connect an iPod/iPhone with the KCA-iP103 (optional accessory) while Apple CarPlay is not connected.

### 1 Connect the iPod/iPhone using the KCA-iP103. (P.36)

### ● To disconnect the iPod/iPhone connected with the cable:

#### 1 Detach the iPod/iPhone.

### Bluetooth connection

Pair the iPhone through Bluetooth.

#### Preparation

- To connect an iPhone via Bluetooth, register it as a Bluetooth device and do the profile setting for the connection beforehand. See **Switch the connected device (P.53)** in the Instruction Manual and **Register the Bluetooth device (P.21)**.
- Connect an iPhone via Bluetooth while Apple CarPlay and an iPod/iPhone are not connected via USB.

## ■ Connectable iPod/iPhone

The following models can be connected to this unit.

Made for

• iPhone XS Max	• iPhone 8	• iPhone 6s
• iPhone XS	• iPhone 7 Plus	• iPod
• iPhone XR	• iPhone 7	touch (6th
• iPhone X	• iPhone SE	generation)
• iPhone 8 Plus	• iPhone 6s Plus	

## USB/SD/iPod Basic Operation

### 1 Press the **HOME/□** button.

### 2 Touch .

### 3 Touch **USB, SD, or iPod**. (P.12)

#### Control screen

### 1 CODEC

When a high-resolution source is played, its format information is displayed.

### 2 Operation keys

-  : Searches track/file.
-  : Searches the previous/next track/file.  
Touch and hold to fast forward or fast backward. (It will be cancelled automatically after about 50 seconds.)
-  : Plays or pauses.
-  : Displays the Graphic Equalizer screen. (P.24)
-  : Repeats the current track/folder.
-  : Randomly plays all tracks in the current folder.

### 3 Content list

- Touch the left side of the screen to display the Content list. Touch again to close the list.
- Displays the playing list. When you touch a track/file name on the list, playback will start.

# HD Radio™ Tuner

## HD Radio Tuner Basic Operation

To listen to the HD Radio source, touch **HD Radio** icon on the source selection screen. (P.12)

### NOTE

- HD Radio broadcasting is for North American sales area only.

### Control screen

### 1 Operation keys

- ◀◀ ▶▶** : Tunes in a station. The method of switching frequencies can be changed (see **3 Seek mode/Band keys**).
- CH▼ CH▲** : Selects a channel.
- Q** : Display the Channel List screen.
- ≡** : Display a list of registered bookmarks.
- EQ** : Displays the Graphic Equalizer screen. (P.24)

### 2 Function panel

Touch the right side of the screen to display the function panel. Touch again to close the panel.

- 10key Direct** : Display the direct station/channel search screen.
- AME** : Presets stations automatically. (P.20)
- RCV** : Change the HD Radio reception mode.
  - Auto** : Switch between digital and analog audio automatically.
  - Digital** : Select this to tune to digital audio only.
  - Analog** : Select this to tune to analog audio only.
- PTY** (FM only) : Searches for a program by program type.

- INFO** : Stores the information about the song being received.

- Emergency Alerts** : Turn on or off the alert message.

- Alert Message Log** : Displays the alert message received.

### 3 Seek mode/Band keys

- Touch to switch seek mode in the following sequence: **AUTO1**, **AUTO2**, **MANUAL**.
  - AUTO1** : Tunes in a station with good reception automatically.
  - AUTO2** : Tunes in the memorized stations one after another.
  - MANUAL** : Switches to the next frequency manually.
- Switches bands (between FM and AM).

### 4 Information display

Displays the information on the current station: Frequency and Channel

Touching **Q** allows you to switch between Content A, Content B and Content C.

Content A: Station name, Song Title, Artist Name

Content B: Station Message, Radio Text

Content C: PTY Genre, Album Name

### 5 Preset list

- Touching **Q / □** allows you to change the display size.
- Recalls the memorized station or channel.
- When touched for 2 seconds, stores the currently being received station or channel in the memory.

### 6 Indicator display

While receiving an HD Radio station, it lights with orange when the audio is digital and lights with gray when it is analog. While receiving an analog station, it is off.

## Memory Operation

### ■ Auto memory

You can store stations with good reception in the memory automatically.

- 1** Touch desired band key.
- 2** Touch  on the right side of the screen.  
Touch **AME**.
- 3** Touch **Yes**.  
► Auto memory starts.

### ■ Manual memory

You can store the currently being received station or channel in the memory.

- 1** Select the station or channel you wish to store in the memory.
- 2** Touch **FM# (#:1-15)** or **AM# (#:1-5)** in which you want to store the station or channel for 2 seconds until a beep sounds.

### ■ Preset select

- 1** Touch  on the left side of the screen.  
Select a station or channel from the list.

# Bluetooth Control

## Register the Bluetooth device

It is necessary to register the Bluetooth audio player or smartphone/cell-phone in this unit before using the Bluetooth function.

1 Press the **HOME/** button.

2 Touch .

3 Touch **SETUP**.

► SETUP Menu screen appears.

4 Touch **Connections & AV**.

5 Touch **Device List**.

6 Select a device type.

### ■ Bluetooth

To connect as Bluetooth audio source.

### ■ Apple CarPlay

To connect as Apple CarPlay source.

### ■ Android Auto

To connect as Android Auto source.

7 Touch .

► Bluetooth pairing waiting dialog appears.

8 Search for the unit ("DNR1007XR") from your smartphone/cell-phone.

Complete steps 8 to 10 within 30 seconds.

9 Operate your smartphone/cell-phone according to the displayed messages.

● Confirm the request both on the smartphone/cell-phone.

● Input the PIN Code in your smartphone/cell-phone.

PIN Code is set to "0000" as the default.

10 Touch **Yes**.

When data transmission and connection have completed, the Bluetooth connection icon appears on the screen.

### NOTE

- When registering the iPhone that is available for Apple CarPlay wirelessly, a confirmation message appears. Touch **Yes** to display the Apple CarPlay screen for wireless connection.

## Using the Hands-Free Unit

You can use the telephone function by connecting the Bluetooth telephone to this unit.

### NOTE

- While Apple CarPlay or Android Auto is connected, the Bluetooth Hands-Free function and two Bluetooth devices connections cannot be used. Only the Apple CarPlay or Android Auto Hands-Free function can be used.

### ■ Make a call

1 Press the **HOME/** button.

2 Touch .

3 Touch **TEL**.

► Hands-Free screen appears.

### NOTE

- If your smartphone/cell-phone supports PBAP, you can display the phonebook and call lists onto the touch panel screen when the smartphone/cell-phone is connected.
  - Phonebook: up to 1000 entries
  - Up to 50 entries including dialed calls, received calls, and missed calls

### 4 Select a dialing method.

-  Call using call records
-  Call using the phonebook

-  Call using the preset number
-  Call by entering a phone number

### ● Select the smartphone/cell-phone to use

When you connect two smartphones/cell-phones

1) Touch   to select the phone you want to use.

### Call using call records

1 Touch .

2 Select the phone number from the list.

### Call using the phonebook

1 Touch .

2 Touch  .

3 Select the initial.

- Characters with no corresponding name will not appear.
- A first character with an accent character such as "ü" can be searched for with a non-accent character "u". A character with an accent character in a sentence cannot be searched for.

4 Select the person you want to call from the list.

5 Select the phone number from the list.

**NOTE**

- You can sort the phone numbers in the list by last name or first name. For details, see **Hands-Free Setup (P.62)** in the Instruction Manual.
- When Russian or Hebrew is selected in "Language select", you can switch between English keyboard and the selected language keyboard. For details, see **System Setup (P.72)** in the Instruction Manual.
- You can search with 3 initial letters on the English keyboard and 1 initial letter on the Russian / Hebrew keyboard.

**Call using the preset number**

1 Touch .

2 Touch the name or phone number.

**Call by entering a phone number**

1 Touch .

2 Enter a phone number with number keys.

3 Touch .

**Receive a call**

1 Touch  to answer a phone call or  to reject an incoming call.

**NOTE**

- When shifting the gear to the reverse (R) position and monitoring the picture from the rear view camera, this screen does not appear even if a call comes in.
- The portrait registered in the phonebook is displayed while making/receiving calls and during a call.
- If you edit the phonebook on the connected device side after downloading the phonebook, the portrait may not be displayed depending on the edited content. It is recommended that you download the phonebook whenever you edit it.
- The image quality of a displayed portrait may depends on a connected device.

**To end call**

1 While talking, touch .

**Operations during a call****● Adjust the volume of your voice**

- 1 Touch **Speech Quality**.
- 2 Touch **◀** or **▶** for **Microphone Level**.

**● Adjust the receiver volume**

Turn the volume knob clockwise to increase, and counter-clockwise to decrease.

**● Mute your voice**

Touch  to mute or not to mute your voice.

**● Output the dial tone**

Touch **DTMF** to display the tone input screen. You can send tones by touching desired keys on the screen.

**● Switching between speaking voice output destinations**

Touching  /  each time switches speaking voice output destinations between the smartphone/cell-phone and the speaker.

**● Switching between the Hands Free screen and the navigation screen**

Press the **NAV / CAMERA** button to switch between the Hands Free screen and the navigation screen.

# Controlling Audio

You can adjust various settings such as audio balance or subwoofer level.

1 Press the **HOME**/**□** button.

2 Touch .

3 Touch **Audio**.

## Controlling General Audio

1 Touch **FAD / BAL / Zone**.

2 Set each parameter as follows.

 and  adjust the left and right volume balance.

 and  adjust the front and rear volume balance.

### Center

Clear the adjustment.

## Equalizer Control

You can adjust equalizer by selecting the optimized setting for each category.

1 Touch **EQ / SW Level**.

2 Touch the screen and set the Graphic Equalizer as desired.

### Gain level (area in dotted frame)

Adjust the gain level by touching each frequency bar.

You can select a frequency bar and adjust its level by  ,  .

### ALL SRC

Apply the adjusted equalizer curve to all sources. Touch **ALL SRC** and then touch **OK** on the confirmation screen.

### Memory

Saves the adjusted equalizer curve as "User1" to "User4".

### Initialize

Initialize (flatten) the current EQ curve.

### Bass EXT (Bass Extend Settings)

When turned on, the frequencies lower than 62.5 Hz is set to the same gain level (62.5 Hz).

### SW Level

Adjust the subwoofer volume.

### Pops / Easy / Top40 / Jazz / Powerful / Rock / Flat / Bass Boost / User1 / User2 / User3 / User4

Recall the preset EQ curve.

# Connection/Installation

This section is for the professional installer. For safety's sake, leave wiring and mounting to professionals. Consult the car audio dealer.

## Before Installation

Before installation of this unit, please note the following precautions.

### ⚠️ WARNINGS

- If you connect the ignition wire (red) and the battery wire (yellow) to the car chassis (ground), you may cause a short circuit, that in turn may start a fire. Always connect those wires to the power source running through the fuse box.
- Do not cut out the fuse from the ignition wire (red) and the battery wire (yellow). The power supply must be connected to the wires via the fuse.

### ⚠️ CAUTION

- Install this unit in the console of your vehicle. Do not touch the metal part of this unit during and shortly after the use of the unit. Metal part such as the heat sink and enclosure become hot.

### NOTE

- Mounting and wiring this product requires skills and experience. For best safety, leave the mounting and wiring work to professionals.
- Do not install the unit if it becomes an obstacle to driver performance.
- Adjust the panel position not to become an obstacle to driver performance.
- Adjust the panel position so that the panel can be moved to an angle that allows an SD card to be inserted and removed.
- Make sure to ground the unit to a negative 12V DC power supply.
- Do not install the unit in a spot exposed to direct sunlight or excessive heat or humidity. Also avoid places with too much dust or the possibility of water splashing.
- Do not use your own screws. Use only the screws provided. If you use the wrong screws, you could damage the unit.

• If the power is not turned ON ("There is an error in the speaker wiring. Please check the connections." is displayed), the speaker wire may have a short-circuit or touched the chassis of the vehicle and the protection function may have been activated. Therefore, the speaker wire should be checked.

- If your car's ignition does not have an ACC position, connect the ignition wires to a power source that can be turned on and off with the ignition key. If you connect the ignition wire to a power source with a constant voltage supply, such as with battery wires, the battery may be drained.
- If the console has a lid, the lid will not be closed even when the unit is installed correctly.
- If the fuse blows, first make sure the wires are not touching to cause a short circuit, then replace the old fuse with one with the same rating.
- Insulate unconnected wires with vinyl tape or other similar material. To prevent a short circuit, do not remove the caps on the ends of the unconnected wires or the terminals.
- Connect the speaker wires correctly to the terminals to which they correspond. The unit may be damaged or fail to work if you share the  $\ominus$  wires or ground them to any metal part in the car.
- When only two speakers are being connected to the system, connect the connectors either to both the front output terminals or to both the rear output terminals (do not mix front and rear). For example, if you connect the  $\oplus$  connector of the left speaker to a front output terminal, do not connect the  $\ominus$  connector to a rear output terminal.
- After the unit is installed, check whether the brake lamps, blinkers, wipers, etc. on the car are working properly.
- Mount the unit so that the mounting angle is 30° or less.
- This unit has the cooling fan to decrease the internal temperature. Do not mount the unit in a place where the cooling fan of the unit is blocked. Blocking these openings will inhibit the cooling of the internal temperature and result in malfunction.

Cooling fan

- Do not press hard on the panel surface when installing the unit to the vehicle. Otherwise scars, damage, or failure may result.
- Reception may drop if there are metal objects near the Bluetooth/Wi-Fi antenna.

Bluetooth/Wi-Fi antenna unit

**● Forward and Lateral Fields of Vision**

- To determine driver's forward and lateral fields of vision under normal conditions, place a pole (directly visible from the front or visible through the car rear-view mirror) as shown.

○ : Pole (height: 1m, diameter: 0.3m)

■ : Field of vision from steering position

■ : Exempted area (pole size is subject to regulation)

- For right hand drive vehicles, standards are reversed.

\*1 The pole must be visible from the driver's position as direct forward field of vision.

\*2 The pole must be directly visible or indirectly visible through the mirror, etc. from the driver's position.

**■ Supplied accessories for installation**

⑩		x1
⑪		x6

## ■ Installation procedure

- 1) To prevent a short circuit, remove the key from the ignition and disconnect the  $\ominus$  terminal of the battery.
- 2) Remove the vehicle parts for installing the unit and connecting wires to terminal.
- 3) Make the proper input and output wire connections for each unit.
- 4) Connect the speaker wires of the wiring harness.
- 5) Connect wiring harness wires in the following order; ground, battery, ignition.
- 6) Determine the height of the display unit and position of the slider. See **Distance between the display unit and the main unit (P.28)**.
- 7) Connect the wiring harness connector to the unit.
- 8) Install the main unit to the vehicle.
- 9) Reinstall the vehicle parts.
- 10) Install the display unit.
- 11) Reconnect the  $\ominus$  terminal of the battery.
- 12) Perform the Initial Setup.  
See **Initial SETUP (P.9)**.

## Installing the unit

### ■ Confirm the installing position of the display unit

#### ● Vehicles cannot be installed

It may be possible to install if it can avoid the following by adjustment for slider position and display height.

Lever operations are interfered such as shift lever, wiper lever, winker lever when install the unit.	A hazard switch is hidden from a driver seat.	The display unit hits a panel on the vehicle.

#### ● Distance between the display unit and the main unit

Adjust slider position and display height so that it does not interfere with display movement.

Slider position	Display angle			Display height					
	-10°	0°	45°						
Back position				-10°	a b c d	10 38.1 26.7 55.4	50.9 47.7 14.4 46.3	63.8 60.7 24.1 37.1	76.5 73.7 33.4 27.8
				0°	a b c d	30.1 38.1 46.7 25.7	50.9 47.7 60.7 34.9	63.8 73.7 44.1 53.3	76.5 53.3 27.8
				45°	a b c d	30.1 38.1 46.7 25.7	50.9 47.7 60.7 34.9	63.8 73.7 44.1 53.3	76.5 53.3 27.8
				-10°	a b c d	30.1 38.1 46.7 25.7	50.9 47.7 60.7 34.9	63.8 73.7 44.1 53.3	76.5 53.3 27.8

				45°	a b c d	30.1 38.1 46.7 25.7	50.9 47.7 60.7 34.9	63.8 73.7 44.1 53.3	76.5 53.3 27.8

Unit: mm

#### Examples

Cluster panel on the vehicle

Slider in back position

Slider in forward position

- C'=50mm;  
Slider position: Forward position  
Display height: Set only "4"

- C'=30mm;  
Slider position: Back position  
Display height: Set only "4"

- Slider position: Forward position  
Display height: Set "2"~"4"

## Positioning the slider in forward

1 Remove the four screws from the bottom of the main unit.

2 Remove the two cover for back position, and then remove the two hexagon head screws from the bracket for back position.

3 Pull the slider block forward and remove the two hexagon head screws to remove the bracket for back position.

4 Install the bracket for forward position (accessory ⑩) each side so that its projections are aligned with the slots on the main unit.

5 Fix the bracket for forward position to the slider block with the two hexagon head screws. Push the slider block until it stops and then fix the bracket for forward position to the main unit with the two hexagon head screws.

6 Reinstall the four screws to the bottom of the main unit.

7 Install the cover for forward position (accessory ⑨) to two locations, as shown.

## ■ **Adjusting the display height**

### 1 Remove the four flat head screws from both sides.

### 2 Adjust the display height according to the screw hole position.

Default is "1".

### 3 Reinstall the four flat head screws on both sides and fix the display.

#### **NOTE**

- Fix with flat head screws correctly. After installing the display unit (accessory ⑧) to the main unit, tilt the display forward until it stops and confirm that the display unit (accessory ⑧) does not hit vehicle parts. If the display unit hits vehicle parts, adjust the display height again.

## ■ **GPS antenna**

GPS antenna is installed inside of the car. It should be installed as horizontally as possible to allow easy reception of the GPS satellite signals.

To mount the GPS antenna inside your vehicle:

- 1 Clean your dashboard or other surface.
- 2 Remove the separator of the metal plate (accessory ⑦).
- 3 Press the metal plate (accessory ⑦) down firmly on your dashboard or other mounting surface. You can bend the metal plate (accessory ⑦) to conform to a curved surface, if necessary.
- 4 Remove the separator of the GPS antenna (accessory ⑥), and stick the antenna to the metal plate (accessory ⑦).

#### **NOTE**

- Use the supplied GPS antenna. Using the GPS antenna other than the supplied one may cause a drop in positioning accuracy.
- Depending on the type of car, reception of the GPS satellite signals might not be possible with an inside installation.
- Please install this GPS antenna in an area away from any antennas that are used with CB radios or satellite televisions.
- The GPS antenna should be installed at a position that is spaced at least 12 inch (30 cm) from smartphone/cell-phone or other transmitting antennas. Signals from the GPS satellite may be interfered with by these types of communication.
- Painting the GPS antenna with (metallic) paint may cause a drop in performance.

## ■ Microphone unit

- 1) Check the installation position of the microphone (accessory ③).
- 2) Clean the installation surface.
- 3) Remove the separator of the microphone (accessory ③), and stick the microphone to the place shown below.
- 4) Wire the microphone cable up to the unit with it secured at several positions using tape or other desired method.
- 5) Adjust the direction of the microphone (accessory ③) to the driver.

Fix a cable with a commercial item of tape.

## ■ Installing the main unit

### NOTE

- Determine the slider position before installing the main unit. (P.29) The slider position cannot be changed after installing to the vehicle.
- Make sure that the unit is installed securely in place. If the unit is unstable, it may malfunction (eg, the sound may skip).

- 1 Remove parts that interfere with installing such as a panel on the vehicle.

- 2 Install the car bracket to the main unit.

- 3 Connect the wiring harness wires and peripheral equipment.

- 4 Install the main unit to the vehicle.

- 5 Reinstall the removed parts such as a panel on the vehicle.

- 6 Install the display unit (accessory ⑧) to the main unit.

### NOTE

- If the display unit hits a panel on the vehicle, adjust the display height by referring to **Adjusting the display height (P.30)**.

- 7 Fix the display unit with six hexagon head screws (accessory ⑪).

**8** Attach the protective cover (accessory ⑫) to coupling part, and then fix it with two binding head screws (accessory ⑬).

**NOTE**

- If the protective cover (accessory ⑫) is not attached, this unit will not turn on. Even if the unit is turned on, the power may be turned off halfway.  
Be sure to attach the protective cover (accessory ⑫).

**9** Raise the display manually.

## ■ Connecting wires to terminals

## 3-way speaker system setup

### NOTE

- For speaker system setup, see **3-way speaker system setup (P.74)** in the Instruction Manual.
- For speaker setup and crossover setup, see **Speaker / X'over setup (P.75)** in the Instruction Manual.
- For how to connect speaker wires to terminals other than speaker terminals and Preout terminals, see **Connecting the system and external components (P.34)** and **Connecting wires to terminals (P.33)**.

## Connecting the system and external components

1 Accessory ③: Bluetooth Microphone

2 FM/AM antenna input

3 AV Audio output (ø3.5 mini jack)

4 When connecting to an external amplifier, connect its ground wire to the car's chassis to avoid damaging the unit.

Rear Audio Preout (Left; White, Right; Red)

Front Audio Preout (Left; White, Right; Red)

Subwoofer Preout (Left; White, Right; Red)

5 SiriusXM Connect Vehicle Tuner connector

For more information on how to install the SiriusXM Connect Vehicle tuner, consult the installation guide included with the tuner.

[6]	HDMI input Use HDMI cable KCA-HD100 (optional accessory). When you connect the cable to HDMI terminal, remove the fixture. After connecting the cable, put the fixture again.
	 Fixture HDMI connector
[7]	iDatalink connector
[8]	Dashboard camera interface Connect a Dashboard Camera DRV-N520 (optional accessory). (P.36)
[9]	AV Audio input ( $\varnothing$ 3.5 mm jack)
[10]	Accessory ⑥: GPS Antenna Use the supplied GPS antenna. Using the GPS antenna other than the supplied one may cause a drop in positioning accuracy.
	
[11]	3rd view camera input (Yellow). See <b>To set up the camera assignment settings (P.37)</b> .
[12]	Rear view camera input (Yellow)*1
[13]	Front view camera/Dashboard camera input (Yellow)*2 (P.37)
[14]	Video output (Yellow)
[15]	Video input (Yellow)

\*1 Connect an HD camera to Rear view camera input terminal to use HD video.

\*2 Connect an HD camera to Front view camera/ Dashboard camera input terminal to use HD video.

## ■ Connecting a USB device

[1] USB maximum power supply current :

DC 5 V = 1.5 A

[2] Sold separately

[3] See **Securing the USB extension cable (P.36)**.

## ■ Connecting an Android smartphone

[1] USB maximum power supply current :

DC 5 V = 1.5 A

[2] Sold separately

[3] See **Securing the USB extension cable (P.36)**.

## ■ Connecting an iPod/iPhone

[1] USB maximum power supply current : DC 5 V --- 1.5 A

[2] Sold separately

[3] Optional accessory

[4] See **Securing the USB extension cable (P.36)**.

## ■ Securing the USB extension cable

Secure the USB extension cable with insulating tape or the like so that its connectors are not disconnected.

## ■ Connecting the camera

[1] Optional accessory

[2] Sold separately

[3] Up to 3 cameras of Dashboard camera, Front view camera, Left side view camera and Right side view camera can be connected. (P.37)

[4] CMOS-3xx series (optional accessory) or commercially available camera.

[5] For HD video, an HD camera is also used as Rear view camera.

[6] For HD video, an HD camera is also used as Front view camera.

## ■ To set up the camera assignment settings

- 1 Press the **HOME** /  button.
- 2 Touch .
- 3 Touch **SETUP**.
  - **SETUP** Menu screen appears.
- 4 Touch **Camera**.
  - Camera setting menu appears.
- 5 Touch **Camera Assignment Settings**.
- 6 Select the item to set up.
  - REAR VIEW CAMERA**  
Set the camera assignment from view camera connected to Rear view camera input terminal.
  - FRONT VIEW CAMERA / DASH CAM**  
Set the camera assignment from view camera connected to Front view camera/ Dashboard camera input terminal.
  - 3rd VIEW CAMERA**  
Set the camera assignment from view camera connected to 3rd view camera input terminal.
  - VIDEO IN**  
Set the camera assignment from view camera connected to Video input terminal.
- 7 Select the view camera to set up.

**1** Picture from view camera

**2** Camera position

**3** Picture quality settings

- 8 Touch **Enter**.

# KENWOOD

## MILITARY

Units purchased through the U.S.A. military exchange service overseas may be serviced under warranty in the continental U.S.A., subject to the following conditions.  
1) The original warranty is in effect.  
2) Proof of purchase is provided to the servicer.

## WARRANTY FOR MILITARY MARKET

JVC KENWOOD corporation is proud of the quality and workmanship of its audio equipment. This unit has been properly designed, tested and inspected before it was shipped to you. If properly installed and operated in accordance with instructions furnished, it should give you an optimum reliable performance.

## WARRANTY PERIOD

This product is warranted for a period of (1) year from the date of the original purchase.

## SCOPE OF WARRANTY

Except as specified below, this warranty covers all defects in materials and workmanship of the Kenwood brand products.

During the warranty period, any authorized Kenwood Service Center in the military market listed in the back of this warranty card will provide you free-of-charge both parts and labor required to correct any defect in materials or workmanship.

The following are not covered by this warranty.

1. Voltage conversions.
2. Periodic check-ups which do not disclose any defect covered by the warranty.
3. Cabinets, grilles, other exterior finishes, belts, tape heads, and other non-durable parts and accessories.
4. Units on which the serial number has been effaced, modified or removed.
5. Installation and/or removal charges.
6. Damaged magnetic tapes.
7. House call charges for any repairs.
8. Shipping or delivery charges to or from an authorized Kenwood Service Center.
9. This warranty will not cover any failure that is due to any of the following conditions in accordance with the visual inspection of the authorized Kenwood Service Center:
  - Improper maintenance or repair, including the installation of parts or accessories that do not conform to the quality and specifications of the original parts.
  - Misuse, abuse, neglect, unauthorized product modification or failure to follow instructions contained in the Owner's Manual.
  - Accidental or intentional damages.
  - Repairs or attempted repairs by an unauthorized agency. (All repairs must be performed at an authorized Kenwood Service Center.)
  - Damages or deteriorations caused during shipment (Claims must be presented to the carrier).
  - Damages or deteriorations resulting from removal and/or replacement.

## PURCHASER'S RESPONSIBILITIES

As the purchaser of a new Kenwood brand product, you are requested to do the following in order to obtain Kenwood warranty service.

1. Retain your sales slip or other evidence of purchase for proving your eligibility for requesting Kenwood warranty service.
2. Make your unit available to an authorized Kenwood Service Center in the military market for inspection and approved warranty service, or ship your unit in its original carton box or equivalent, fully insured and shipping charges prepaid, to the authorized Kenwood Service Center.

Dear Customer,

Thank you for purchasing this kenwood product. As mentioned in the pages of this booklet, our warranty is only valid in the countries listed. If your country is not listed please contact your retailer for information on warranty procedure, or write to:

## JVC KENWOOD Customer Information Center

3-12, Moriyacho, Kanagawa-ku, Yokohama-shi, Kanagawa 221-0022, Japan

## LIMITATION OF IMPLIED WARRANTIES

Any and all implied warranties, including warranties of merchantability and fitness for a particular purpose, shall be limited in duration to the length of this warranty.

## EXCLUSION OF CERTAIN DAMAGES

KENWOOD's liability for any defective product is limited to the repair or replacement of said product, at our option, and shall not include damages of any kind, whether incidental, consequential or otherwise, except to the extent prohibited by applicable law.

Em caso de dano ou perda do painel frontal, este Certificado de Garantia e a Nota Fiscal de compra serão requisitados para a aquisição de um novo painel.

**U.S.A.**

This warranty will be honored only in the U.S.A.

**KENWOOD LIMITED WARRANTY FOR CAR STEREO COMPONENTS**

**HOW LONG IS THE WARRANTY**  
JVCKENWOOD USA Corporation ("Kenwood") warrants this product for a period of one (1) year from the date of original purchase.

**WHAT IS COVERED AND WHAT IS NOT COVERED**

Except as specified below, this warranty covers all defects in material and workmanship in Kenwood car stereo components. The following are not covered by the warranty:

1. Any product which is not distributed in the U.S.A. by Kenwood or which is not purchased in the U.S.A. from an authorized Kenwood car stereo dealer or an automobile dealer, unless the product is purchased through the U.S.A. Military Exchange Service.
2. Any product on which the serial number has been defaced, modified or removed.
3. Damage, deterioration or malfunction resulting from:
  - a. Any shipment of the product (claims must be presented to the carrier).
  - b. Installation or removal of the product.
  - c. Accident, acts of nature, misuse, abuse, neglect, unauthorized product modification or failure to follow instructions supplied with the product.
  - d. Repair or attempted repair by anyone not authorized by Kenwood.
  - e. Any other cause which does not relate to a product defect.

**JVCKENWOOD USA Corporation**
**WHO IS PROTECTED**

This warranty is enforceable only by the original purchaser.

**WHAT WE WILL PAY FOR**

We will pay for all labor and material expenses for covered items. Payment of shipping charges is discussed in the next section of this warranty.

**HOW TO OBTAIN WARRANTY SERVICE**

If your KENWOOD product ever needs service:

1. Take or ship it to any KENWOOD Authorized Service Center in the U.S.A. along with a complete description of the problem. (If you are uncertain as to whether a Service Center is authorized, please call 1-800-KENWOOD for the nearest Service Center. 1-800-536-9663).
2. Although you must pay any shipping charges if it is necessary to ship the product for warranty service, we will pay the return shipping charges if the repairs are covered by the warranty within the United States.
3. Whenever your units are taken or sent for warranty service, you must include a copy of the original dated sales receipt as proof of warranty coverage.

**LIMITATION OF IMPLIED WARRANTIES**

ALL IMPLIED WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED IN DURATION TO THE LENGTH OF THIS WARRANTY.

**EXCLUSION OF DAMAGES**

KENWOOD'S LIABILITY FOR ANY DEFECTIVE PRODUCT IS LIMITED TO THE REPAIR OR REPLACEMENT OF THE PRODUCT AT OUR OPTION. KENWOOD SHALL NOT BE LIABLE FOR: 1. INSTALLATION OR REMOVAL CHARGES, DAMAGE TO OTHER PROPERTY CAUSED BY ANY DEFECTS IN KENWOOD CAR STEREO COMPONENTS, DAMAGES BASED UPON INCONVENIENCE, LOSS OF USE OF THE PRODUCT; OR 2. ANY OTHER DAMAGES, WHETHER INCIDENTAL, CONSEQUENTIAL OR OTHERWISE. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS AND/OR DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS AND EXCLUSIONS MAY NOT APPLY TO YOU.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

If a problem develops during or after the Limited Warranty Period, or if you have any questions regarding the operation of the product, you should contact your KENWOOD Authorized Dealer or Authorized Service Center. If the problem or your question is not handled to your satisfaction, please contact our Customer Relations Department at the address listed below:

**JVCKENWOOD USA Corporation**

**CANADA**
**JVCKENWOOD Canada Inc.**
**KENWOOD WARRANTY**

JVCKENWOOD Canada Inc. (hereinafter called "KENWOOD"), gives the following written warranty to the original customer of each new Kenwood product distributed in Canada by KENWOOD and purchased from a dealer authorized by KENWOOD.

- (e) Defects resulting from disaster, accident, abuse, misuse, lightning, power surges, neglect or lack of periodic maintenance, unauthorized modification or failure to follow instructions in the owner's manual.
- (f) Defects or damage as a result of repairs performed by a person or party not authorized by KENWOOD.
- (g) Defects resulting from the use of parts or devices that do not conform to KENWOOD specifications.
- (h) Damage or deterioration occurring to any exterior finishes, cosmetic parts, tape heads, adaptors, antennas, cables, tapes, discs or faults or damage caused by defective or leaking batteries.
- (i) Defects or damage occurring during shipping (claims should be presented to the shipping company).
- (j) Product voltage and/or line frequency conversions.
- (k) Product installation or removal charges.

**WARRANTY PERIOD**

This Kenwood product is warranted for parts and labour for a period of one (1) year from the date of original purchase, lease or rental, except for products which are used in a professional or commercial application, which are warranted for a period of ninety (90) days for parts and labour and are subject to the terms and conditions of the warranty.

**WARRANTY EXCLUSIONS**

This warranty excludes:

- (a) Products purchased in a foreign country or purchased in Canada and taken to a foreign country.
- (b) Products purchased from a dealer not authorized by KENWOOD.
- (c) Products with the serial number defaced, altered or missing.
- (d) Periodic check-ups which do not disclose any defects covered by this warranty.

**GARANTIE KENWOOD**

JVCKENWOOD Canada Inc. (ci-après appelée "KENWOOD"), donne par écrit la garantie suivante à l'acheteur original de chaque nouveau produit Kenwood distribué au Canada par KENWOOD et acheté à un concessionnaire autorisé par KENWOOD.

KENWOOD garantit, sous réserve des termes et des conditions énoncés ci-dessous, que chaque nouveau produit Kenwood, dans des conditions d'emploi normales, est exempt de tous défauts. Si l'un de ces défauts se produit pendant la période de garantie, KENWOOD s'engage à assumer le coût des pièces défectueuses et de la main-d'œuvre nécessaires pour effectuer les réparations pourvu que ces défauts soient attribuables à des pièces défectueuses employées lors de la fabrication du produit Kenwood ou à la main-d'œuvre tel qu'établi par KENWOOD ou par l'un de ses centres de service autorisés. Appelez KENWOOD pour vérifier si un concessionnaire ou un centre de service est autorisé par KENWOOD.

**PÉRIODE DE GARANTIE**

Les pièces et la main-d'œuvre nécessaires pour la réparation des produits Kenwood sont garanties pendant la période d'un (1) an à compter de la date d'achat, de bail ou de location originale, sauf dans les cas où les produits Kenwood sont employés dans un but professionnel ou commercial, où la garantie des pièces et de la main-d'œuvre demeure en vigueur pendant une période de quatre-vingt-dix (90) jours sous réserve des termes et des conditions de la garantie.

**EXCLUSIONS DE GARANTIE**

Cette garantie ne couvre pas:

- (a) les défauts causés par les dégâts, les accidents, les abus, les emplois incorrects, les éclairs, les surtensions de courant, les manques de soins ou d'entretiens périodiques, les modifications non autorisées ou les manques de respect du mode d'emploi;
- (b) les défauts ou les dommages causés lors de réparations effectuées par une personne ou par une partie non autorisée par KENWOOD;
- (c) les défauts causés par l'emploi de pièces ou de dispositifs qui ne se conforment pas aux exigences de KENWOOD;
- (d) les défauts extérieurs, les pièces cosmétiques, les têtes de bandes, les adaptateurs, les antennes, les câbles, les bandes, les disques endommagés ou débris, ni les défauts ou dommages causés par des piles défectueuses ou qui fuient;
- (e) les défauts ou dommages qui se produisent pendant l'expédition des produits Kenwood (On devrait déposer de telles réclamations auprès des compagnies de transport);
- (f) les conversions de tension et/ou de fréquence du produit;
- (g) les frais d'installation ou d'enlèvement du produit.

**COMMENT OBTENIR DU SERVICE SOUS GARANTIE**

Au cas où un service sous garantie de votre produit Kenwood s'avère nécessaire, veuillez livrer le produit à l'importe quel centre de service KENWOOD et présenter la copie originale du contrat de vente et cette carte de garantie en tant que preuve de garantie ou veuillez faire parvenir votre produit assuré et port payé au centre de service KENWOOD autorisé le plus proche. Pour éviter toutes possibilités de dommages pendant le transport, veuillez bien emballer le produit. Veuillez inclure une copie du contrat de vente original et cette carte de garantie en tant que preuve de garantie aussi bien que votre nom, numéros de téléphone au poste de travail et/ou au domicile, votre adresse et une description détaillée des défauts. Les produits sous garantie réparés seront retournés port payé aux destinations à l'intérieur du Canada. Le consommateur sera responsable de tous frais de transport et d'autres frais qui s'y rapportent pour faire expédier les produits à destinations à l'extérieur du Canada.

**ENTIRE WARRANTY**

This warranty constitutes the entire written warranty given by KENWOOD. No person, party, dealer or service centre or their agents or employees are authorized to extend or enlarge this warranty on behalf of KENWOOD by any written or verbal statement or advertisement or promotion, including any extended warranty program or plan that may be offered by the dealer or service centre, unless approved in writing by KENWOOD.

**DISCLAIMER**

KENWOOD disclaims any responsibility for loss of time or use of the product or any other indirect, incidental or consequential damage to other products or goods, inconvenience or commercial loss.

**NOTICE TO CONSUMER**

The provisions contained in this written warranty are not intended to limit, modify, take away, disclaim or exclude any warranties or rights you may have which are set forth in any applicable provincial or federal laws or legislation.

**IMPORTANT**

This warranty card by itself is not considered by KENWOOD as a valid proof of purchase. When applying for warranty repairs, you must present the original copy of your bill of sale and this warranty card as proof of warranty, so we recommend that they be kept in a safe place, should they be required in the future.

**L'ENTIÈRE GARANTIE**

Cette garantie représente l'entièr garantie donnée par écrit par KENWOOD. KENWOOD ne se tient aucunement responsable de toutes extensions ni de toutes augmentations de cette garantie faites ou entreprises par toutes personnes, parties, concessionnaires ou centres de service ou par leurs agents ou employés au nom de KENWOOD au moyen d'affirmations verbales ou écrites, d'annonces ou de promotions, y compris les programmes ou plans de garantie étendue que puissent offrir les concessionnaires ou les centres de service, à moins que KENWOOD n'y ait consenti par écrit d'avance.

**RENONCIATION**

KENWOOD renonce à toutes responsabilités de perte de temps, d'emploi du produit, de tous dommages indirects ou accessoires causés à d'autres produits ou biens, de tous inconvenients ou de toutes pertes commerciales.

**AVIS AUX CONSOMMATEURS**

Les stipulations contenues dans la présente garantie écrite n'ont pas pour but de limiter, de modifier, de diminuer, de rejeter ou d'exclure d'autres garanties ni droits énoncés dans n'importe quelles lois ou législations provinciales ou fédérales.

**IMPORTANT**

KENWOOD ne considère pas cette garantie toute seule comme étant une preuve d'achat valide. Lorsqu'on demande du service sous garantie, il faudra présenter la copie originale du contrat de vente aussi bien que cette carte de garantie en tant que preuve de garantie. On recommande de les conserver dans un lieu sûr au cas où elles s'avèreraient nécessaires à l'avvenir.
