DIN Assembly

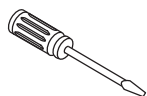

Shaft receiver assembly instructions are on the next page.

1. Remove **DIN sleeve** and trim ring from receiver.
2. Slide DIN sleeve into **receiver mounting bracket** and secure by bending **securing tabs** (Inset).
3. Slide receiver fully into sleeve and install trim ring.
4. If not installing an equalizer, snap **EQ cover plate** into lower opening.
5. Install assembly following instructions in the *MasterSheet* for your particular vehicle.

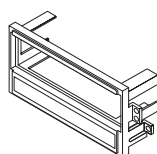

Tools Required
